FOREWORD

Now in its 22nd year of publication, this special issue contains the names and addresses of 17,766 persons qualified to practice law in this state. Addresses were current through July 1; more recent changes may be obtained by calling The Florida Bar Records Department, (904) 222-5286.

This edition carries extensive changes in the Integration Rule, Bylaws Under the Integration Rule, and in the Code of Professional Conduct, providing for designation of law practice, use of credit cards to assist clients in payment of legal fees, prepaid legal services and facilitating the functioning of existing programs. As this edition went to press, the Supreme Court was considering still more changes in the Rule. These will be published in Florida Bar *News* as they are adopted by the court. Each member should read the entire Rule and Code carefully since he is held accountable by the Supreme Court for both the letter and spirit of their content.

Careful detail went into the compilation of each list in this special issue. Court personnel, local bar personnel and other individuals assisted in this effort. The *Journal* thanks them for their cooperation. Editorial staff members Catherine Setzer, Linda Phillips and Cheryle Dodd deserve special recognition for their untiring work, and production assistants Marsha Orr, Nancy McDaniel and Charlotte Bragdon labored over typesetting and artwork. Doris Andrews worked throughout the year maintaining accurate records for each Bar member; the roster sections of this volume reflect her work.

The businesses whose advertisements appear in the front of this volume and in the Lawyers Services Pages in the back are underwriting a large portion of the printing costs. We hope that you will respond to their messages of goodwill and call upon them whenever you need the services or products they provide.

PRESIDENT'S PAGE

Every year you, the members of The Florida Bar, receive one of the most useful publications of any Bar in the nation. This directory issue is the culmination of months of painstaking work by The Florida Bar *Journal* staff, and is a continuing reminder of the exceptional work done throughout the year by the departments of The Florida Bar.

The Florida Bar is growing at the rate of 2,000 new lawyers per year. The task of compiling accurate records for a Bar such as ours, having a membership in excess of 18,000, is a difficult one, but without the continuing help of our members in notifying the Tallahassee office of any change of address or telephone number, the task would become an impossible one.

This directory issue is one example of the need for communication between the Bar and its members. To be effective, such communication requires a continuous flow of information in both directions, demanding a continuing effort on the part of both the Bar and its membership. This directory issue can and should be used as a communication device. A lawyer can obtain a wealth of information about the many activities and programs of The Florida Bar simply by looking through the pages of this issue.

As you know, I have designated this to be "The Year of the Florida Lawyer." For this to become a reality, you, the Florida lawyer, must communicate your needs to The Florida Bar. Listed in this issue of the *Journal* are the names of your elected representatives on the Board of Governors, the men to whom you should voice your opinions and suggestions. Also included in this issue are the sections and committees of The Florida Bar, together with a membership roster of each committee. You will find that there is a specific committee or section to deal with virtually every area of concern of the Florida lawyer. They, too, need your help and suggestions.

Possibly the most important materials contained in this issue, though probably the most overlooked, are the Integration Rule and Bylaws and the Code of Professional Responsibility, which govern our organization and professional conduct. Recent publicity of ethical misjudgments made by a few in our ranks should serve to remind each one of us of the effect our individual actions have upon the entire profession. You are urged to again read these documents and to become very familiar with the precepts contained therein. We owe it to ourselves, our fellow lawyers, and the public, to periodically review these materials and be cognizant of amendments which are made thereto from time to time. It is a sad commentary that 60% of the grievance cases handled during the past year involved lawyers who were unaware that their actions violated the Code of Professional Responsibility. If an attorney, after a careful reading of the Code, is unsure of its application in a particular situation, he may write Norman A. Faulkner, staff counsel, % The Florida Bar, Tallahassee, for an advisory opinion.

Once again, I wish to express the thanks of the entire membership of The Florida Bar to our staff for making this directory issue possible. I hope that each of you will put it to good use, both as a source of information, and as an invaluable communication device.

INTEGRATION RULE OF THE FLORIDA BAR

Pursuant to the inherent powers of the Supreme Court of Florida, the Integration Rule of The Florida Bar is hereby amended to read as follows:*

PREAMBLE

To inculcate in its members the principles of duty and service to the public, to improve the administration of justice, and to advance the science of jurisprudence, the following principles are expressly adopted by this court:

(a) The Florida Bar, a body created by and existing under the authority of this court, is charged with the maintenance of the highest standards and obligations of the profession of law, and to that end is vested by this court, in the exercise of its inherent powers over The Florida Bar as an official arm of this court, with the necessary powers and authority.

(b) Attorneys admitted to practice law in Florida are a part of the judicial system of Florida and officers of its courts.

(c) Persons of integrity and good character only shall be permitted to practice law in Florida.

(d) This court has the inherent power and duty to prescribe the qualifications that shall be required for admission to practice law, to admit suitable persons to practice law, to prescribe standards of conduct for lawyers, to determine what constitutes grounds for discipline of lawyers, to discipline for cause attorneys admitted to practice law in Florida, and to revoke the license of every lawyer whose unfitness to practice law has been duly established.

(e) All of the members of The Florida Bar have taken an oath to support the constitution and the laws of this state and of the United States. As officers of the court, they are charged with obedience to these laws, both in and out of court, and with the duty to observe the high standards of the profession. A license to practice law is a proclamation by this court that the holder is one to whom the public may entrust professional matters. The lawyer must be true to that trust and to his professional relationship to his client, whether such client be a public body or a private individual.

* *All amendments ordered by the Supreme Court of Florida, prior to 21 July 1975 are incorporated herein. Original rule may be found in 40 So. 2d 902 (Fla. 1949). Other petitions for amendment of Integration Rule and Code of Professional Responsibility were pending at time of publication and will be published upon adoption.*

5. The annual dues of The Florida Bar shall not include the dues of local or regional voluntary bar associations, and shall not be shared with such associations. The Florida Bar may, however, as it sees fit, cooperate with and encourage local or regional voluntary bar associations.

6. Dues tendered to The Florida Bar shall not be accepted from any member who is delinquent in the payment of costs imposed against him in a disciplinary proceeding. Costs shall be deemed delinquent unless paid within 30 days after the disciplinary decision becomes final unless such time is extended by the Board of Governors for good cause.

Article IX
FISCAL CONTROL

1. *Budget Committee.* The president-elect, with the approval of the Board of Governors, shall appoint a Budget Committee consisting of not less than five members, whose responsibility shall be the budget for the fiscal year during which the president-elect shall serve as president. The term of office of such committee shall be for the two years in which the president-elect making the appointment shall serve as president-elect and as president.

2. *Notice of Budget Committee Hearing.* The executive director shall publish a notice in The Florida Bar *Journal* or The Florida Bar *News* not later than the March issue, giving notice of a meeting of the Budget Committee to receive suggestions from members of The Florida Bar for the preparation of the budget for the succeeding fiscal year. Such meeting shall be held not earlier than January 1st and not later than April 30th preceding the fiscal year for which the budget is to be prepared, but not earlier than the 15th day of the month succeeding the month in which the notice is published.

3. *Tentative Budget of Budget Committee.* At the meeting announced by such published notice, the Budget Committee shall hear and receive suggestions from members of The Florida Bar for the preparation of the budget for The Florida Bar for the succeeding fiscal year. The manner of filing and hearing such suggestions may be provided by the bylaws. After consideration of the suggestions received, the Budget Committee shall prepare a tentative budget for the succeeding fiscal year, which shall be filed with the executive director.

4. *Proposed Budget of Board of Gover-*

nors. The Board of Governors, after considering the tentative budget prepared by the Budget Committee, shall adopt a proposed budget for the succeeding fiscal year in time to allow publication thereof not later than the May issue of The Florida Bar *Journal* or The Florida Bar *News*.

5. *Notice of Board of Governors Hearing Upon Proposed Budget.* The executive director shall publish a notice in The Florida Bar *Journal* or The Florida Bar *News* not later than the May issue, giving notice of a meeting of the Board of Governors to be held no earlier than the 15th day of the month succeeding the month the notice is published. Such notice shall contain the proposed budget, and shall advise that the proposed budget shall become final unless written objections to any item or items therein shall be filed by members of The Florida Bar with the executive director on or before the tenth day of the month following the month of publication.

6. *Hearing and Adoption of Budget of Board of Governors.* If written objections to any item or items of the proposed budget are filed by members of The Florida Bar within the time provided, a hearing thereon shall be held by the Board of Governors at the time and place provided in such notice. After such hearing the Board of Governors shall consider the objections filed, and upon consideration thereof the Board may amend the proposed budget within the scope of the objections. The budget, approved by the Board of Governors after such hearing, or the proposed budget if no objections thereto are filed, shall become the budget of The Florida Bar for the succeeding fiscal year.

7. *Filing of Budget with the Court.* The budget adopted by the Board of Governors shall be filed with the Supreme Court on or before June 30.

8. *Amendment of the Budget.* The Board of Governors, in their discretion from time to time, may amend the budget in order to provide funds for needed expenditures; provided, however, that the total of increases made in the items of the budget, including new items created by such amendments, shall not exceed five per cent of the total income of The Florida Bar for the current fiscal year as anticipated at the time of the amendment. If a proposed amendment shall cause the total of increases in items of the budget made by amendment to exceed such limitation, a hearing upon objections to any item or items therein shall be held by the Board of Governors in like manner as that provided for the proposed budget. The executive director shall publish a notice in The Florida Bar *Journal* or The Florida Bar *News* giving notice of a Board of Governors meeting to be held no earlier than the 15th day of the month succeeding the month in which the notice is published. Such notice shall contain the proposed amendment and shall advise that the proposed amendment shall become final unless written objections to any item or items therein shall be filed by members of The Florida Bar with the executive director on or before the tenth day of the month following the month of publication. If the proposed amendment is adopted by the Board of Governors in whole or in part, the amendment of the budget shall be filed with the Supreme Court within the month following the month in which the amendment is adopted.

9. *Appropriations of the Budget.* Each item of the budget shall be deemed a fixed appropriation, subject only to amendment as provided. All uncommitted balances of appropriations shall revert at the end of each fiscal year to the funds from which appropriated. No uncommitted appropriations shall continue beyond the fiscal year for which the budget containing the appropriation is adopted.

10. *Disbursements.* The appropriations of the budget shall be disbursed by the executive director in his capacity as treasurer of The Florida Bar in accordance with the bylaws. He shall make such disbursements as are required to pay the obligations and expenses of The Florida Bar made within the provisions of the budget.

11. *Accounting and Audit.* The Board of Governors shall cause books and accounts to be kept in accordance with good accounting practices. Such records shall be audited annually by a certified public accountant authorized to practice in the State of Florida, and a copy of the audit shall be filed forthwith with the Supreme Court. Within a reasonable time after completion of the audit a condensed summary thereof shall be published in The Florida Bar *Journal* or The Florida Bar *News*, and a copy filed with the Supreme Court.

12. *Compensation and Expenses.* No member of the Board of Governors, and no member or officer of The Florida Bar, other than the executive director and the employees of The Florida Bar, and except as may be authorized pursuant to Article XI hereof, shall receive compensation, but any such person may, with the approval of the Board of Governors, be reimbursed for reasonable expenses incurred in the performance of services for The Florida Bar.

Article X
CODE OF PROFESSIONAL RESPONSIBILITY AND CANONS OF ETHICS FOR JUDGES

The Code of Professional Responsibility

promulgated by the order of the Supreme Court of Florida entered June 3, 1970, and the Canons of Ethics for Judges promulgated by the Supreme Court of Florida on January 27, 1941, as thereafter amended shall constitute a code of ethics applicable to the members of The Florida Bar, together with such amendments to the same as may hereafter be expressly adopted by the court.

Article XI
RULES OF DISCIPLINE

The exclusive jurisdiction of the Supreme Court over the discipline of persons admitted to the practice of law shall be administered in the following manner subject to the supervision and review of the court.

RULE 11.01: PRINCIPLES AND DEFINITIONS

(1) *Notice and knowledge of rules.* Every member of The Florida Bar and every attorney of another state who is admitted to practice for the purpose of a specific case before a court of record of this state under Section 2 of Article II of the Integration Rule is within the jurisdiction of this court and its agencies under this rule and is charged with notice and held to know the provisions of this rule and the standards of ethical and professional conduct prescribed by this court. Jurisdiction over an attorney of another state who is not a member of The Florida Bar shall be limited to his conduct as an attorney in relation to the business for which he was permitted to practice in this state, and his privilege in the future to practice law in the State of Florida.

(2) *Process.* Every member of The Florida Bar is charged with notice of the provisions of Section 6 of Article II relating to change of mailing address or military status and that mailing by registered or certified mail of papers or notices prescribed in these rules to the last mailing address of an attorney as shown by the official records in the office of the executive director of The Florida Bar shall be sufficient notice and service unless this court shall direct otherwise. Every attorney of another state who is permitted to practice for the purpose of a specific case before a court of record of this state may be served by registered or certified mail addressed to said attorney in care of the Florida attorney who was associated or appeared with him in the specific case for which the out-of-state attorney was permitted to practice, or addressed to said attorney at any address listed by him in the pleadings in such case.

(3) *Definitions.* Wherever used in these rules the following words or terms shall have the meaning herein set forth unless the use thereof shall clearly indicate a different meaning:

(a) The accused or accused attorney: a member of The Florida Bar who has been accused of misconduct or whose conduct is under investigation, but as to which conduct there has been no finding of either probable cause or no probable cause.

(b) Bar counsel: a member of The Florida Bar appointed to represent The Florida Bar in any proceeding under these rules.

(c) The Board, or the Board of Governors: the Board of Governors of The Florida Bar.

(d) Complainant or complaining witness: any person who has complained of the conduct of any member of The Florida Bar to any officer or agency of The Florida Bar.

(e) This court, or the court: the Supreme Court of the State of Florida.

(f) Court of this state: a state court authorized and established by the Constitution or laws of the State of Florida.

(g) Executive Committee: The Executive Committee of the Board of Governors of The Florida Bar.

(h) Executive director: the executive director of The Florida Bar.

(i) Probable cause: a finding by an authorized agency that there is cause to believe that a member of The Florida Bar is guilty of misconduct justifying disciplinary action.

(j) Referee: a member of The Florida Bar appointed to conduct proceedings as provided under these rules.

(k) Respondent: a member of The Florida Bar against whom there has been a finding of probable cause.

(l) Staff counsel: an employee of The Florida Bar elsewhere authorized. When used in this rule, the term shall include associate or assistant staff counsel.

(4) Placement on inactive list for incapacity not related to misconduct. Whenever an attorney who has not been adjudged incompetent is incapable of practicing law because of physical or mental illness, incapacity or other infirmity, he may be placed upon an inactive list and shall refrain from the practice of law for such reason even

though no misconduct on his part is alleged or proved. Proceedings with a view of placing an attorney on the inactive list under this section, shall be processed under Article XI in the same manner as proceedings involving acts of misconduct. A member who has been placed on such inactive list may be readmitted upon application to and approval by the Board of Governors. A rejection of such petition may be reviewed by petition to the Supreme Court.

RULE 11.02: BREACHES OF DISCIPLINE

The following principles, among others expressly adopted by this court, shall govern the conduct of members of The Florida Bar in their capacity as attorneys and shall govern all proceedings for discipline of such members: a license to practice law confers no vested right to the holder thereof, but is a conditional privilege revokable for cause. The primary purpose of discipline of attorneys is the protection of the public, and the administration of justice, as well as protection of the legal profession through the discipline of members of the Bar. It is the responsibility of this court to purge the Bar of those unworthy to practice law in this state and it is the obligation of The Florida Bar and the individual members thereof to give unlimited cooperation and assistance to this court in the discharge of this responsibility. The Florida Bar is expressly delegated the authority, power and duty to maintain high ethical standards and to take such proceedings as authorized in these rules to insure such standards in the Bar of Florida.

(1) *Oath.* Violation of the oath taken by an attorney to support the Constitutions of the United States and the State of Florida is ground for disciplinary action. Membership in, alliance with, or support of the Communist Party of any organization, group or party advocating or dedicated to the overthrow of the government by violence or by any means in violation of the Constitution of the United States or constitution of this state shall be a violation of the oath.

(2) *Code of ethics.* Violation of the Code of Professional Responsibility as adopted by Article X of the Integration Rule is a cause for discipline.

(3) *Moral conduct.*

(a) *Standards.* The standards of professional conduct to be observed by members of the Bar are not limited to the observance of rules and avoidance of prohibitive acts, and the enumeration herein of certain categories of misconduct as constituting grounds for discipline shall not be deemed to be all-inclusive nor shall the failure to specify any particular act of misconduct be construed as tolerance thereof. The commission by a lawyer of any act contrary to honesty, justice or good morals, whether the act is committed in the course of his relations as an attorney or otherwise, whether committed within or outside the State of Florida, and whether or not the act is a felony or misdemeanor, constitutes a cause for discipline.

(b) *Crime.* If the alleged misconduct constitutes a felony or misdemeanor, The Florida Bar may initiate disciplinary action whether or not the accused attorney has been tried, acquitted or convicted in a court for the alleged criminal offense; however, the Board of Governors may, in its discretion, withhold prosecution of disciplinary proceedings pending the outcome of criminal proceedings against an accused attorney if the Board believes that prosecution thereof might tend to prejudice the accused attorney in his defense or the state in the prosecution of the criminal proceedings.

(4) *Trust funds and fees.* Money or other property entrusted to an attorney for a specific purpose, including advances for costs and expenses, is held in trust and must be applied only to that purpose. Money and other property of clients coming into the hands of an attorney are not subject to counterclaim or setoff for attorney fees, and a refusal to account for and deliver over such property and money upon demand shall be deemed a conversion. This is not to preclude the retention of money or other property upon which the lawyer has a valid lien for his services or to preclude the payment of agreed fees from the proceeds of transactions or collections. Controversies as to the amount of fees are not grounds for disciplinary proceedings unless the amount demanded is clearly excessive, extortionate or the demand is fraudulent.

In a controversy alleging a clearly excessive, extortionate or fraudulent fee, announced willingness of an attorney to submit a dispute as to the amount of a fee to a competent tribunal for determination may be considered in any determination as to intent or in mitigation of discipline; provided such willingness shall not preclude admission of any other relevant admissible evidence relating to such controversy, including evidence as to the withholding of funds or property of the client, or to other injury to the client occasioned by such controversy.

(a) *Trust accounts required.* Any bank account maintained by a member of The Florida Bar to comply with Disciplinary Rule 9–102 of the Code of Professional Responsibility is and shall be clearly labeled and designated as a trust account. Any safe deposit box used in connection with the practice of law in Florida maintained by a member of The

Florida Bar to comply with said Disciplinary Rule 9–102 shall be located in this state (unless the client otherwise consents in writing) and the member of The Florida Bar shall advise any institution in which such deposit box is located that the contents of the same may include property of clients.

(b) *Trust accounts as official records.* A member of The Florida Bar shall preserve or cause to be preserved the records of all bank accounts or other records pertaining to the funds or property of a client maintained by him in compliance with Disciplinary Rule 9–102 for a period of not less than six years subsequent to the last transaction pertaining to the same or subsequent to the final conclusion of the representation of a client relative to such funds or property, whichever shall last occur. Such records shall include checkbooks, cancelled checks, check stubs, vouchers, ledgers and journals, closing statements, accountings or other statements of disbursements rendered to clients or other parties with regard to trust funds, or similar equivalent records clearly and expressly reflecting the date, amount, source and reason for all receipts, withdrawals, deliveries and disbursements of the funds or property of a client. All of such records shall be deemed to be kept pursuant to the Integration Rule of The Florida Bar, as a specific prerequisite to the right to receive, deliver and disburse funds or property of a client, and to have a public aspect relating to the protection of clients and to fitness of a member of The Florida Bar to practice law. In any instance of an alleged violation by a member of The Florida Bar of this Rule 11.02(4) or of any Disciplinary Rule of the Code of Professional Responsibility such records insofar as they may relate in any way to the transaction, occurrence or client in question shall be produced by the member of The Florida Bar for inspection, audit and copying by a designated representative of The Florida Bar upon the direction of this court or any judge of this state acting under Rule 11.14 or of a grievance committee or of the Board of Governors if acting pursuant to Rule 11.05(2) or of a referee. Such records or copies thereof shall be admissible in evidence in any proceeding under this rule; provided notice of such intended use shall be given to any client involved, if practicable, unless such client is already aware of such intended use, and upon good cause shown by such client the admission of the same shall be under such conditions as shall be reasonably calculated thereafter to protect the confidences of such client in the event that the proceedings otherwise become public records pursuant to Rule 11.12. Permissible means of protection shall not prejudice the respondent or accused attorney, and may include but are not limited to excision, in camera production, retention in sealed envelopes, or similar devices. Failure to maintain such records or to produce them upon such direction shall constitute grounds for disciplinary action under the Integration Rule without regard to any other matter. The cost of any audit or investigation necessitated by such failure may be taxed against a respondent.

(5) *Solicitation.* The solicitation of professional employment by advertisement, runners, solicitors, investigators, or in any other manner shall constitute grounds for disciplinary action. Payment of compensation shall not be a necessary element of proof of solicitation.

(6) *Discipline by foreign jurisdiction.* A final adjudication by a court or other authorized disciplinary agency of another jurisdiction, state or federal, in a disciplinary proceeding that an attorney licensed to practice in that jurisdiction is guilty of misconduct justifying disciplinary action shall be considered as conclusive proof of such misconduct in a disciplinary proceeding under this rule. In such cases the adjudication of misconduct shall be sufficient basis for the filing of a complaint by The Florida Bar and assignment for hearing before a referee without a finding of probable cause under these rules.

A member of The Florida Bar disbarred or suspended from the practice of law by a court or other authorized disciplinary agency of another state or by a federal court shall within 30 days after the effective date of the disbarment or suspension file with this court a copy of the order or judgment effecting such disbarment or suspension.

RULE 11.03: DISCIPLINARY AGENCIES

The jurisdiction of the Supreme Court shall be administered in the manner hereinafter stated. The following entities are hereby designated as agencies of the Supreme Court for this purpose and with the following responsibilities, jurisdiction and powers:

(1) *The Board of Governors of The Florida Bar.* The Board of Governors of The Florida Bar is assigned the responsibility of maintaining high ethical standards among all its members. The Board of Governors of The Florida Bar shall supervise and conduct disciplinary proceedings in accordance with the provisions of these rules and bylaws of The Florida Bar not inconsistent with these rules.

(a) *Executive Committee.* All acts and discretion required of the Board of Governors under these Rules of Discipline may be exercised by its Executive Committee between meetings of the Board of Governors as

may from time to time be authorized by standing Board of Governors' policies.

(b) *Executive Director.* All matters to be filed with or served upon the Board of Governors shall be addressed to the Board of Governors and filed with the executive director. The executive director shall be the custodian of the official records of The Florida Bar.

(2) *Grievance committees.* There shall be such grievance committees as are herein provided, each of which shall have the authority and jurisdiction required to perform the functions hereinafter assigned to it, and which shall be constituted and appointed as follows:

(a) *Circuit grievance committees.* There shall be not less than one grievance committee in each judicial circuit of this state, and as many more in each judicial circuit as shall be found desirable by the Board of Governors. Such committees shall be designated as Judicial Circuit Grievance Committees, and in circuits having more than one committee they shall be identified by alphabetical designation in the order of creation such as "First Judicial Circuit Grievance Committee 'A' ", "First Judicial Circuit Grievance Committee 'B' ", and so forth. Such committees shall be continuing bodies notwithstanding changes in membership and they shall have jurisdiction and the power to proceed in all matters properly before them.

(b) *Special grievance committees.* The Board of Governors may from time to time appoint special grievance committees for the purpose of such investigations as may be assigned in accordance with these rules. Such committees shall continue only until the completion of tasks assigned, and they shall have jurisdiction and power to proceed in all matters so assigned to them. All provisions concerning grievance committees shall be applicable to special grievance committees except those concerning terms of office and other restrictions thereon as may be imposed by the Board of Governors. Any vacancies occurring in such a committee shall be filled by the Board of Governors, and such changes in members shall not affect the jurisdiction and power of the committee to proceed in all matters properly before it.

(c) *Membership, appointment and eligibility.* Each grievance committee shall be appointed by the Board of Governors and shall consist of not less than three members of The Florida Bar, each of whom shall have been a member of The Florida Bar for not less than five years.

(d) *Terms.* The terms of the members shall begin on the first day of July and shall end on the next succeeding 30th day of June or until such time as their successors are appointed and qualified. Continuous service of a member shall not exceed three years, nor shall any member be reappointed for a period of three years after the end of his term; provided, however, the expiration of the term of any member shall not disqualify such member from concluding any investigation then pending before him. The limitation on continuous service shall be applicable to terms commencing after June 30, 1970.

(e) *Officers.* There shall be a chairman designated by the Board of Governors and a vice chairman and secretary designated by the chairman of each committee.

(f) *Oath.* Each new member of a committee shall subscribe to an oath to fulfill the duties of his office. Such oaths shall be filed with the executive director and placed with the official records of The Florida Bar.

(g) *Removal.* Any member may be removed from his office by the Board of Governors.

(h) *Quorum, vote.* A majority of a committee but not less than three members shall constitute a quorum. All findings of probable cause and of guilt of minor misconduct shall be made by affirmative vote of a majority of the committee present, which majority must number at least three members. The number of committee members voting for or against the committee report shall be reflected in the report. Minority reports may be filed.

(3) *Referees.* The Board of Governors shall annually or as often as necessary recommend members of The Florida Bar to this court to act as referees in disciplinary proceedings. This court will certify annually or as often as necessary a panel of those approved to act as referees. All retired Supreme Court, district court of appeal and circuit judges shall be eligible, with their consent, to serve as referee.

(4) *Staff counsel.* The Board of Governors may employ staff counsel and assistant staff counsel for The Florida Bar to perform such duties under the direction of the executive director as may be assigned.

(5) *Bar counsel.* The Board of Governors from time to time shall designate a panel or panels of members of The Florida Bar to serve as bar counsel to represent The Florida Bar in such disciplinary proceedings as the Board of Governors may direct. Bar counsel shall not be a member of the Board of Governors, a grievance committee or a member of the panel of referees,

except that a member of the Board of Governors may represent The Florida Bar on any review proceeding under Rule 11.09.

(6) *Jurisdiction and powers.* The Board of Governors, grievance committees and referees have such jurisdiction and powers as are necessary to conduct the proper and speedy disposition of any investigation or cause, including the power to compel the attendance of witnesses, to take or cause to be taken the deposition of witnesses and to order the production of books, records or other documentary evidence. Each member of such agencies has power to administer oaths and affirmations to witnesses in any matter within the jurisdiction of the agency.

(7) *Disqualification as trier and attorney for respondent.* No member or former member of the Board of Governors and no employee or former employee of The Florida Bar shall represent any party other than The Florida Bar in proceedings provided for in these rules until at least three years from the date of expiration of the term for which he was appointed or elected or subsequent to the date of the termination of his employment; nor shall any member or former member of any grievance committee represent an accused attorney or act as referee in any such proceeding during the term for which he was appointed and for one year thereafter; nor in any case shall a member or former member of a grievance committee or a referee represent an accused attorney or act as bar counsel in any proceeding investigated or heard to any extent before him in such offices.

RULE 11.04: GRIEVANCE COMMITTEE FUNCTION AND PROCEDURE

(1) *Purpose.* The purpose and function of a grievance committee is to conduct investigations of alleged misconduct of a member of The Florida Bar justifying disciplinary action and to determine whether or not to make a finding of probable cause. A grievance committee may discipline for minor misconduct.

(2) *Proceedings*

(a) *Investigation.* A grievance committee is required to consider all charges of misconduct whether based upon a written complaint or not.

(b) *Nonadversary.* The proceedings of such grievance committees may be informal and shall not assume the character of an adversary proceeding. The committee shall not be bound by the Rules of Evidence.

(c) *No delay for civil or criminal proceedings.* An investigation shall not be deferred or suspended without the approval of the Board of Governors even though the accused is made a party of civil litigation, or is a defendant or is acquitted in a criminal action, notwithstanding that either of such proceedings involves the subject matter of the investigation. The acquittal of an accused in a criminal proceeding shall not necessarily be a bar to disciplinary proceedings nor shall the findings, judgment or decree of any court in civil proceedings necessarily be binding in disciplinary proceedings.

(d) *Meetings.* Grievance committees shall meet at regularly scheduled times, not less frequently than quarterly each year, and either the chairman or secretary may call special meetings.

(e) *Bar counsel.* A grievance committee may request the president of The Florida Bar to appoint bar counsel at any stage of an investigation to assist the grievance committee.

(3) *The accused.* The accused may be required to testify and to produce evidence as any other witness unless he claims a privilege or right properly available to him under applicable federal or state law, and when so required he may be accompanied by counsel. Before any finding of probable cause or private reprimand is made the accused shall be advised in general terms the nature of the conduct which is being investigated, and he shall be given an opportunity to make a statement personally or by counsel, verbally or in writing, sworn or unsworn, explaining, refuting or admitting the alleged misconduct. Unless found to be impractical by the chairman of the grievance committee due to unreasonable delay or other good cause, the accused shall be granted the right to be present at any grievance committee hearing when evidence is to be presented to the committee, to face his accuser, to call witnesses, and to cross examine subject to reasonable limitation.

(4) *Testimony of witnesses; contempt.* Unless he claims a privilege or right properly available to him under applicable law, the accused attorney or any other person who is subpoenaed to appear and give testimony or produce books, papers or documents, and who refuses to appear or produce such books, papers or documents before the grievance committee or who, having been duly sworn to testify, refuses to answer any proper question, may be cited for contempt of this court. Any contempt proceedings instituted or prosecuted during the progress of an investigation or trial covered by the confidential rule shall be conducted in a manner consistent with such rule and shall not be made public except under conditions prescribed in such rule.

(5) *Complainant or complaining witness.* The complainant or complaining witness is not a party to the disciplinary proceeding and shall have no right to be present during the grievance committee proceedings except when called to give evidence and when so called may be accompanied by counsel. Neither the complainant nor his counsel shall have the right of confrontation or cross-examination of the accused or any other witness. Neither unwillingness nor neglect of the complaining witness to cooperate, nor settlement, compromise, nor restitution will excuse the completion of an investigation. The complaining witness shall have no right of appeal.

(6) *Record and report of grievance committee.*

(a) *No finding of probable cause.* If a grievance committee upon termination of its investigation does not find probable cause, the committee shall dispose of its file in the manner directed by the Board of Governors. If the grievance committee has notified the accused of the investigation, then the committee shall notify the accused of the action of the committee. The failure of a grievance committee to find probable cause shall not preclude further proceedings.

(b) *Findings of probable cause.* If a grievance committee finds probable cause, the committee shall prepare a record of its investigation and a report and file the same with the executive director, the report being filed in duplicate. The record and report shall be in such form and with such content as shall be prescribed by the Board of Governors. Such record and report shall be reviewed by staff counsel. Should staff counsel question the grievance committee's finding of probable cause, further proceedings shall be suspended and the matter referred to the Board of Governors or returned to the grievance committee for further action. When a finding of probable cause by a grievance committee is not referred to the Board of Governors, or returned to the grievance committee for further action, the executive director shall furnish a copy of the report to the accused, and a copy of the record shall be made available to the accused at his expense.

(c) *Discipline of minor misconduct.*

(i) If a grievance committee finds an accused guilty of minor misconduct or if an accused shall admit his guilt of minor misconduct by a writing filed with a grievance committee, the grievance committee may enter an order providing for a private reprimand and for the taxing of costs against him. The report ordering a private reprimand shall be forwarded through a Board of Governors member for that circuit to staff counsel for review. If staff counsel does not return the report to the grievance committee to remedy a defect therein, he shall present the same to the Board of Governors or Executive Committee with his recommendations. If the report of a grievance committee imposing a private reprimand is approved by the Board of Governors or Executive Committee the report shall then be served on the accused by the executive director or staff counsel. The order of private reprimand shall become final unless rejected by the accused attorney within 15 days after service upon him. If rejected by the accused, the report shall be referred to bar counsel and referee for trial on complaint to be prepared by bar counsel as in the case of a finding of probable cause.

(ii) Minor misconduct for which a private reprimand by a grievance committee might be appropriate is a relative rather than a precise term. In the absence of unusual circumstances expressly described in detail in the grievance committee report misconduct shall not be regarded as minor if any of the following conditions exist:

(a) The accused has been disciplined by private reprimand more than once in the preceding 10 years.

(b) The accused has been disciplined by a measure more severe than a private reprimand in the past 10 years.

(c) The accused is the subject of other pending disciplinary proceedings at the time of the order.

(d) The misconduct involves any of the following: dishonesty, misrepresentation, deceit, fraud, commission of a felony, failure to account for money or property, performance of the offending act with knowledge and intent that such would breach the standards of ethical and professional conduct, misconduct similar to that for which the accused has been previously punished.

RULE 11.05: BOARD OF GOVERNORS FUNCTION AND PROCEDURE

No formal complaint shall be filed by The Florida Bar in disciplinary proceedings against a member of the Bar unless either a grievance committee or the Board of Governors shall first find that probable cause exists to believe that the accused is guilty of misconduct justifying disciplinary action or unless the accused has been determined or adjudged to be guilty of the commission of a felony. The finding of probable cause shall be made by a grievance committee as

hereinbefore provided or by the Board of Governors as hereinafter provided.

(1) *Review of grievance committee report.* Whenever a grievance matter is referred to the Board of Governors by staff counsel, the Board shall review the record and report filed by the grievance committee and may either issue a private reprimand which the accused may thereafter reject in the same manner as a private reprimand by a grievance committee, confirm the finding of probable cause, reverse the grievance committee and find no probable cause, or return the record and report to the grievance committee for further proceedings. If the Board of Governors shall find no probable cause, the executive director shall notify the accused attorney, the grievance committee and may notify the complaining witness. When a grievance committee report imposing a private reprimand has been referred to it the Board of Governors or Executive Committee may affirm the reprimand, find probable cause or find no probable cause.

(2) *Finding of probable cause.* The Board of Governors of The Florida Bar, sua sponte or on the basis of the report of any regular or special grievance committee or on the recommendation and report of bar counsel, may by majority vote find probable cause and direct the filing of a formal complaint against an attorney as hereinafter provided. Provided, however, that if such finding is not based upon grievance committee investigation or report of bar counsel in pending proceedings against the accused, then before such finding is made the accused shall be advised in general terms the nature of the conduct which is being considered, and he shall be given an opportunity to make a statement, personally or by counsel, verbally or in writing, sworn or unsworn, explaining, refuting or admitting the alleged misconduct. The accused shall have no right to present other testimony or evidence, and he shall have no right of confrontation or cross-examination.

(3) *Finding of no probable cause.* A finding of no probable cause by the Board of Governors shall be final and after such finding no further proceedings shall be had in the matter by The Florida Bar.

(4) *Appointment of bar counsel.* When a grievance committee finding of probable cause is not referred to the Board of Governors, the executive director shall request the President of The Florida Bar to appoint bar counsel unless bar counsel has been appointed, and to assign a referee to try the cause. The president of The Florida Bar will exercise his discretion in making the appointments. If probable cause is found by the Board of Governors and bar counsel or the referee has not been appointed, the appointment may be made by the Board of Governors.

(5) *Control of proceedings.* Bar counsel, however appointed, at all times shall be subject to the direction of the Board of Governors. In the exercise of its discretion as the governing body of The Florida Bar the Board of Governors at all times has the power to terminate disciplinary proceedings before a referee, whether such proceedings have been instituted upon a finding of probable cause by the Board of Governors or a grievance committee. The Board may defer or withhold prosecution when, in the opinion of the Board, further proceedings would not be in the interest of the public or The Florida Bar.

(6) *Recording board voting.* Whenever requested by a member of the Board of Governors who is present to vote, the numerical votes of the Board for, against or abstaining on a disciplinary question before the Board shall be recorded in the minutes of the meeting.

RULE 11.06: TRIAL BY REFEREE

When a finding has been made by a grievance committee or by the Board of Governors that there is cause to believe that a member of The Florida Bar is guilty of misconduct justifying disciplinary action, and such finding of probable cause has been assigned for trial before a referee, the proceeding thereafter shall be an adversary proceeding in which the accused is the respondent and which shall be conducted as follows:

(1) *Venue.* The trial shall be held in the county in which an alleged offense occurred, or in the county where the respondent resides or practices law or last practiced law in Florida, whichever shall be designated by the agency finding probable cause; provided, however, that if the respondent is not a resident of Florida and the alleged offense is not committed in Florida, the trial shall be held in a county designated by the agency finding probable cause; and provided further that the trial may be held in any county by agreement of the parties.

(2) *Style of proceedings.* All proceedings instituted by The Florida Bar shall be styled "The Florida Bar, complainant, v. (name of respondent), respondent."

(3) *Nature of proceedings*

(a) *Administrative in character.* A disciplinary proceeding is neither civil nor criminal but is a quasijudicial administrative proceeding.

(b) *Discovery.* Discovery shall be available to the parties in accordance with the Florida Rules of Civil Procedure.

(4) *Bar counsel.* Bar counsel shall make such investigation as in his opinion is necessary and shall prepare and prosecute with utmost diligence any case assigned to him. Assistant bar counsel shall serve under the general supervision of bar counsel.

(5) *Pleadings.* Pleadings may be informal and shall comply with the following requirements:

(a) *Complaint; consolidation and severance.*

(i) *Filing.* The complaint against the respondent shall be filed by bar counsel not later than 30 days after appointment of a referee unless the complaint has been previously prepared and filed by staff counsel.

(ii) *Content.* The complaint shall set forth the particular act or acts of conduct for which the attorney is sought to be disciplined.

(iii) *Joinder of charges and respondents; severance.* A complaint may embrace any number of charges against one or more respondents, and charges may be against any one or any number of respondents; but a severance may be granted by the referee when the ends of justice require it.

(b) *Answer and motion.* Respondent may answer the complaint, and as a part thereof or by separate motion may challenge only the sufficiency of the complaint and the jurisdiction of the forum. All other defenses shall be incorporated in respondent's answer. All pleadings of the respondent must be filed within 20 days of service of a copy of the complaint upon him.

(c) *Reply.* If respondent's answer shall contain any new matter or affirmative defense, a reply thereto may be filed within 10 days of the date of service of a copy upon bar counsel, but failure to file such a reply shall not prejudice The Florida Bar. All affirmative allegations in the respondent's answer shall be considered as denied by The Florida Bar.

(d) *Disposition of motions.* Hearings upon motions may be deferred until the final hearing; and whenever heard, rulings thereon may be reserved until termination of the final hearing.

(e) *Filing and service of pleading.*

(i) *Prior to appointment of referee.* Any pleadings filed in a case prior to appointment of a referee shall be filed with the executive director in quadruplicate and shall bear a certificate of service showing parties upon whom service of copies has been made. On appointment of referee, the executive director shall notify the parties of such appointment and forward all pleadings theretofore filed with him to the referee for action.

(ii) *After appointment of referee.* All pleadings, motions, notices and orders filed after appointment of a referee shall be filed with the referee and shall bear a certificate of service showing service of a copy on the staff counsel of The Florida Bar and on all interested parties to the proceedings.

(f) *Amendment.* Pleadings may be amended by order of the referee, and a reasonable time shall be given within which to respond thereto.

(g) *Expediting the trial.* If it shall be made to appear that the date of final hearing should be expedited in the public interest, the referee may, in his discretion, shorten the time for filing pleadings and the notice requirements as provided in this rule.

(h) *Disqualification of referee.* Upon motion of either party a referee may be disqualified from service in the same manner and to the same extent that a circuit judge may be disqualified under existing law from acting in a judicial capacity. In the event of disqualification the Board of Governors shall appoint a successor.

(6) *Notice of final hearing.* The cause may be set down for trial by either party or the referee upon not less than 10 days notice. The trial shall be held as soon as possible following the expiration of 10 days from the filing of respondent's answer, or if no answer is filed, then from the date when such answer is due.

(7) *The respondent.* Unless he claims a privilege or right properly available to him under applicable federal or state law, the respondent may be called as a witness by The Florida Bar to make specific and complete disclosure of all matters material to the issues. When the respondent attorney is subpoenaed to appear and give testimony or to produce books, papers or documents, and he refuses to appear or to produce such books, papers, or documents, or, having been duly sworn to testify, he refuses to answer any proper question, he may be cited for contempt of the court.

(8) *Complaining witness.* The complaining witness shall have no right other than those of

any other witness; he has no right to be present during a hearing or trial but he may be called upon to testify and produce evidence as any other witness. Neither unwillingness nor neglect of the complaining witness to cooperate, nor settlement, compromise nor restitution will excuse failure to complete any trial.

(9) *Referee's report.*

(a) *Contents of report.* Within 30 days after the conclusion of a trial before a referee or 10 days after the referee receives the transcripts of all hearings, which ever is later, or within such extended period of time as may be allowed by the President of The Florida Bar for good cause shown, the referee shall make a report and enter it as part of the record, but failure to enter the report in the time prescribed shall not deprive the referee of jurisdiction. The referee's report shall include (1) a finding of fact as to each item of misconduct of which the respondent is charged, (2) recommendations as to whether or not the respondent should be found guilty of misconduct justifying disciplinary measures, (3) recommendations as to the disciplinary measures to be applied, (4) a statement of any past disciplinary measures as to the respondent which are on record with the executive director of The Florida Bar or which otherwise become known to the referee through evidence properly admitted by the referee during the course of the proceedings. After a finding of guilt all evidence of prior disciplinary measures may be offered by bar counsel subject to appropriate objection or explanation by respondent, and (5) a statement of costs of the proceedings and recommendations as to the manner in which costs should be taxed. The costs shall include court reporters' fees, copy costs, witness fees and traveling expenses and reasonable traveling and out-of-pocket expenses of the referee and bar counsel, if any. Costs shall also include a $50 charge for administrative costs at the grievance committee level and a $50 charge for administrative costs at the referee level.

(b) *Filing.* The referee's report and record of proceedings shall in all cases be transmitted together to the executive director of The Florida Bar for appropriate filing. Staff counsel of The Florida Bar may return the report to the referee for corrections or for completion of an incomplete report and shall furnish Bar counsel and the respondent copies of his letter returning the report. Bar counsel and respondent shall have 15 days from the date of the staff counsel letter to request a hearing before the referee on the subject matter of the letter. A referee's report and record which contains a finding of guilt and a recommendation of public reprimand, suspension from practice or disbarment shall be filed promptly by the executive director or staff counsel directly in the Supreme Court and shall thereafter be subject to review by either party as hereinafter provided. A referee's report containing a finding of not guilty or a finding of guilty with a recommendation of private reprimand shall not be filed in the Supreme Court unless review is sought as hereinafter provided. The executive director or staff counsel shall serve copies of the report on the parties.

(c) *Action by the Board of Governors.*

(i) If the report of the referee contains a finding of not guilty, the Board of Governors may either concur in such finding and dismiss the charges; find the respondent guilty of misconduct and issue a private reprimand; or find the respondent guilty and deserving of a public reprimand, suspension or disbarment and seek review of the finding of the referee in the Supreme Court as provided in Rule 11.09. If the report of the referee contains a finding of guilty and a recommendation of private reprimand, the Board may either find the respondent not guilty and dismiss the charges; concur with the referee and issue a private reprimand; or seek review of the recommended discipline in the Supreme Court as provided in Rule 11.09.

(ii) If the Board of Governors disagrees with a referee's report finding the respondent guilty which has been filed directly in the Supreme Court as provided in Rule 11.06(9)(b), the Board shall have the right to file a motion in the Supreme Court to have the charges dismissed.

(iii) If the Board of Governors disagrees with the discipline recommended in a referee's report finding the respondent guilty, the Board may seek review in the Supreme Court as provided in Rule 11.09.

(10) *The record.*

(a) *Reporting of testimony.* All hearings at which testimony is presented shall be reported and the transcript of the testimony shall be filed in the cause.

(b) *Contents.* The record shall include all items properly filed in the cause including pleadings, transcript of testimony, exhibits in evidence and report of referee.

(11) *Plea of guilty by accused or respondent.* At any time during the progress of disciplinary proceedings an accused attorney or respondent may tender a plea of guilty.

(a) *Before filing of complaint.* If the plea is tendered before filing of a complaint by bar counsel such plea shall be tendered in writing

to the Board of Governors. The Board may direct such further investigation as is warranted and formulate charges and serve such charges upon the accused so that he may enter his plea of guilty thereto in writing by filing the same with the executive director within 10 days thereafter. Thereafter the Board of Governors shall consider the charges and either order a private reprimand or petition the Supreme Court for entry of judgment imposing other discipline.

(b) *After filing of complaint.* If the complaint has been filed against the respondent by bar counsel he may enter a plea of guilty thereto by filing the same in writing with the referee to whom the cause has been assigned for trial. Such referee shall take such testimony in relation thereto as he may be advised, following which he will enter his report as otherwise provided.

(c) *Unconditional.* A plea of guilty shall be unconditional in terms, but shall not preclude review as to disciplinary measures imposed.

(d) *Procedure.* Except as herein provided all procedure in relation to disposition of the cause on pleas of guilty shall be as elsewhere provided in these rules.

(12) *Private reprimand.* A private reprimand ordered by the Board of Governors shall be administered so as not to violate the rule concerning the confidential nature of disciplinary proceedings. Due notice shall be given to the respondent of any hearing to administer the reprimand. The respondent shall appear personally, if required, and a memorandum of the hearing shall be made a part of the record of the proceeding. When personal appearance of the respondent is not required, administration of the reprimand will be accomplished by letter from the president of The Florida Bar to the respondent. Such letter may incorporate the report of the referee by reference as the reprimand or a separate order of private reprimand may be signed by the president and served on the respondent with such letter.

RULE 11.07: DISCIPLINE UPON CONVICTION

(1) *Determination or judgment of guilt.* Determination or judgment of guilt of a member of The Florida Bar by a court of competent jurisdiction upon trial or plea of any crime or offense that is a felony under the laws of this state, or under the laws under which any other court making such determination or entering such judgment exercises its jurisdiction, shall be conclusive proof of the guilt of the offense charged for the purposes of these rules. Upon such determination or entry of such judgment of guilt by any court of this state, the judge or the clerk thereof shall transmit a certified copy of such determination or judgment to the clerk of this court and to the executive director of The Florida Bar.

(2) *Suspension by judgment (Florida).* If such judgment of guilt is entered by a court of the State of Florida, the convicted attorney shall stand suspended as a member of The Florida Bar on the 11th day following the entry of the judgment unless he shall before that day file a petition with the Supreme Court to modify or terminate such suspension as elsewhere provided. If such petition is filed on or before the 10th day following the entry of the judgment, the suspension will be thereby deferred until entry of an order upon the petition.

(a) *Petition to modify or terminate suspension.* At any time after the entry of a judgment of guilt, the convicted attorney may file a petition with the Supreme Court to modify or terminate such suspension and shall serve a copy thereof upon the executive director.

An opportunity to respond to the petition and appear at any hearing on the petition shall be afforded to The Florida Bar. If such petition is filed after the 10th day following the entry of judgment of guilt, the suspension shall remain in effect pending disposition of the petition. Modification or termination of suspension shall be granted only upon a showing of good cause.

(b) *Continuation of suspension until final disposition.* If an appeal is taken by the convicted attorney from the judgment of the trial court in the criminal proceeding, and on review the cause is remanded for further proceedings, the suspension shall remain in effect until the final disposition of the criminal cause unless modified or terminated by the Supreme Court as elsewhere provided.

(c) *Termination of suspension.* Such suspension shall continue until final disposition of the criminal cause unless sooner terminated by order of the Supreme Court as elsewhere provided. A final disposition of the criminal cause resulting in acquittal will terminate the suspension. A final termination of the criminal cause resulting in a determination or judgment of guilt shall continue the suspension until expiration of all periods for appeal and rehearing, and until after termination of disciplinary proceedings by The Florida Bar as elsewhere provided.

(3) *Suspension by judgment (other than by state court).* If any such determination or judgment of guilt is entered by any court other

than a court of the State of Florida, the convicted attorney shall stand suspended as a member of The Florida Bar on the 11th day following the filing with the clerk of the Supreme Court of a certified copy of such determination or judgment, accompanied by proof of service of notice of such filing upon the convicted attorney; provided, however, that if the convicted attorney shall prior to the 11th day file a petition with the Supreme Court to modify or terminate the suspension, then the suspension will be deferred until entry of an order upon the petition.

(4) *Disciplinary judgment after conviction.* If a determination or judgment of guilt of a felony is entered against a member of The Florida Bar and becomes final without appeal or by affirmance on appeal, such judgment shall be conclusive proof of the guilt of the offense charged. The suspension imposed on the conviction shall after final conviction, remain in effect until the convicted attorney is reinstated under the rule herein provided for reinstatement or The Florida Bar may at any time after final conviction initiate a disciplinary action against the convicted attorney if deemed advisable.

RULE 11.08: RESIGNATION PENDING DISCIPLINARY PROCEEDINGS

An attorney may resign from The Florida Bar during the progress of disciplinary proceedings against him in the following manner:

(1) *Definition.* If a disciplinary agency is investigating the conduct of an attorney, or if such an agency has recommended probable cause, then disciplinary proceedings shall be deemed to be pending and the resignation shall be made pursuant to this rule.

(2) *Petition for leave to resign.* The petition for leave to resign shall be filed with the Supreme Court and shall contain a statement of all past and pending disciplinary actions and criminal proceedings against the petitioner. Such statement shall describe the charges made or under investigation for professional misconduct, results of past proceedings and the status of pending investigations and proceedings. A copy of the petition shall be served upon the executive director of The Florida Bar.

(3) *Judgment.* Within 60 days after filing and service of the petition The Florida Bar may file with the Supreme Court its response to the petition either supporting or opposing the petition for leave to resign. A copy of the response shall be served upon petitioner. The Supreme Court shall consider the petition, any response thereto and the charges against the accused. If it has been shown by the petitioner in a proper and competent manner that the public interest will not be adversely affected by the granting of the petition, and that such will not adversely affect the purity of the courts nor hinder the administration of justice nor the confidence of the public in the legal profession, the Supreme Court shall enter an appropriate judgment granting leave to resign; otherwise, the petition shall be denied. If the judgment grants to the petitioner leave to resign, the judgment may require that the resignation be subject to appropriate conditions.

(4) *Delay of disciplinary proceedings.* The filing of a petition for leave to resign pending disciplinary proceedings shall not stay the progress of the disciplinary proceedings without the approval of the Board of Governors.

(5) If resignation is accepted under this such resignation shall serve to dismiss all pending disciplinary cases. The resigned attorney may be again admitted to the Bar upon application to and approval by the Board of Governors and upon full compliance with any conditions required by the judgment which granted the leave to resign. A rejection of such application may be reviewed by petition to the Supreme Court.

(6) In the case of a resignation submitted in connection with a disciplinary action, no readmission application may be filed until three years after the date of the Supreme Court order which accepted such resignation nor until all costs in disciplinary cases that were dismissed because of the resignation have been paid by the applicant for readmission.

RULE 11.09: REVIEW BY SUPREME COURT

All reports of a referee and all judgments entered in proceedings under these rules shall be subject to review by the Supreme Court in the following manner:

(1) *Right of review.* Any party to a proceeding may procure review of a report of a referee or a judgment, or any specified portion thereof, entered under the Integration Rule.

(2) *Appointment of bar counsel.* The Board of Governors may appoint new or additional bar counsel to represent The Florida Bar on any review.

(3) *Procedure for review.* Review by the Supreme Court shall be in accordance with the following procedure:

(a) Proceedings for review shall be commenced within 30 days after the mailing date of a letter from the executive director or staff counsel serving a copy of the referee report on the respondent. The proceeding shall be commenced by filing with the Supreme Court a petition for review specifying those portions of the report of a referee sought to be reviewed. Within 10 days after service of such petition the opposing party may file a cross-petition for review specifying any additional portion of the report or judgment which said party desires reviewed. The filing of such petition or cross-petition shall be jurisdictional as to a review to be procured as a matter of right.

(b) *Record on review.* A referee's report containing a finding of guilt and a recommendation of public reprimand, suspension or disbarment shall be filed by the executive director of The Florida Bar directly in the Supreme Court accompanied by the record of proceedings. When review sought is of a referee's report which has not been filed in the court or from action by the Board of Governors based thereon, the referee's report and record of proceedings shall be promptly filed in the Supreme Court by the executive director of The Florida Bar upon the filing of a petition for review. If the review sought is of an order or judgment from a circuit court, the clerk of the court shall forward the entire record to the Supreme Court within 10 days after the filing with such clerk of a copy of the petition for review, or within 10 days after the filing of the transcript of testimony, whichever shall last occur.

(c) *Briefs.* The party first seeking review shall file a brief in support of the petition for review at the time of the filing of the petition. The opposing party shall file an answering brief within 20 days after the service of the brief of the party seeking review, which answering brief shall also support any cross-petition for review. The party originally seeking petition for review may file a reply brief within 10 days after the service of the answering brief.

(d) *Oral argument.* Request for oral argument shall be filed in every case wherein a petition for review is filed, at the time of filing the first brief. If no request is filed the case will be disposed of without oral argument.

(e) *Burden.* Upon review, the burden shall be upon the party seeking review to demonstrate that a report of a referee or a judgment sought to be reviewed is erroneous, unlawful or unjustified.

(f) *Judgment of Supreme Court.* After review the Supreme Court shall enter an appropriate order or judgment. If no review is sought of a judgment or report of a referee entered under the rules and filed in the court, the disciplinary measure recommended by the referee shall be the disciplinary measure imposed by the court unless the court directs the parties to submit briefs or oral argument directed to the suitability of the disciplinary measure recommended by the referee.

(4) *Precedence of proceedings.* Petitions for review in disciplinary proceedings shall take precedence over all other civil causes in the Supreme Court.

(5) *Extraordinary writs.* All applications for extraordinary writs which are concerned with disciplinary proceedings under these rules of discipline shall be made to the Supreme Court.

(6) *Florida Appellate Rules.* To the extent necessary to implement this rule and if not inconsistent herewith, the Florida Appellate Rules shall be applicable to petitions for review in disciplinary proceedings, provided service on The Florida Bar shall be accomplished by service on bar counsel and the executive director.

(7) *Contempt by accused or respondent.* Whenever it is alleged that an accused or respondent is in contempt in a disciplinary proceeding, a petition for rule to show cause why the accused or respondent should not be held in contempt and the proceedings on such petition may be filed in and determined by the Supreme Court or as provided under Rule 11.13(5).

(8) Whenever disbarment has been recommended in a referee report or in a petition for review filed by the Bar, the executive director, on request of the court, will file with the court a certificate summarizing other disciplinary cases then pending against the respondent; and if disbarment is ordered by the court, dismissal without prejudice of the pending cases listed in the certificate or petition may on request of the Board of Governors be ordered in the court's disbarment order.

RULE 11.10: DISCIPLINE BY SUPREME COURT

The judgments entered finding members of The Florida Bar guilty of misconduct shall include one or more of the following disciplinary measures:

(1) *Probation.* The respondent may be placed upon probation for a stated period of time of not less than six months nor more than three years. The judgment shall state the conditions of the probation which may include the following: supervision of all or part of the

respondent's work by a member of The Florida Bar; the making of reports to a designated agency; the satisfactory completion of a course of study or a paper on legal ethics approved by the Supreme Court; such supervision over fees and trust accounts as the court may direct. Failure to observe the conditions of the probation, or a finding of probable cause as to conduct of the respondent committed during the period of probation, shall terminate the probation. In such event, even though such finding of probable cause shall be made after the expiration of the period of probation, the judgment shall be reconsidered and an appropriate judgment shall be entered. On termination of probation for failure to observe the conditions of probation or on a finding of probable cause for misconduct committed during the period of probation the attorney may be punished for contempt or suspended from the practice of law on petition by The Florida Bar and any such suspension shall continue until the respondent may be reinstated to the practice of law as provided elsewhere in these rules.

(2) *Public reprimand.* A public reprimand shall be administered in the manner prescribed in the judgment. Due notice shall be given to the respondent of any hearing set down to administer the reprimand. The respondent shall appear personally if required, and a memorandum of the hearing shall be made a part of the record of the proceeding.

(3) *Suspension.* The respondent may be suspended from the practice of law for an appropriate time or for a definite period of time and an indefinite period thereafter to be determined by the conditions imposed by the judgment. During such suspension the respondent shall continue to be a member of The Florida Bar but without the privilege of practicing; and upon the expiration of the suspension period and the satisfaction of all conditions accompanying the suspension, the respondent shall become eligible to all of the privileges of membership in The Florida Bar. A suspension of three months or less shall not require proof of rehabilitation or satisfactory passage of the Florida bar examination; a suspension of more than three months shall require proof of rehabilitation; no suspension shall be ordered for a specific period of time in excess of three years. Suspensions which continue for over three years shall require proof of rehabilitation and may require satisfactory passage of the Florida bar examination subsequent to the date of suspension.

(4) *Disbarment.* A judgment of disbarment terminates the respondent's status as a member of the Bar. A former member who has been disbarred may only be admitted again upon full compliance with the rules and regulations governing admissions to the Bar. Except as might be otherwise provided in these rules, no application for admission may be tendered within three years after the date of disbarment.

(5) *Temporary suspension and probation.* On petition of The Florida Bar, authorized by its president, president-elect or executive director, supported by an affidavit demonstrating facts personally known to affiant showing that an attorney appears to be causing great public harm by misappropriating funds to his own use, or otherwise, the Supreme Court may issue an order with such notice as the court may prescribe imposing temporary conditions of probation on said attorney as provided in Rule 11.10(1) or temporarily suspending said attorney. Any order of temporary probation which restricts the attorney maintaining a trust account shall, when served on any bank maintaining an account against which said attorney may make withdrawals, serve as an injunction to prevent said bank from making further payment from such account or accounts on any obligation except in accordance with restrictions imposed by the court. Any order of temporary suspension issued under this rule shall preclude the attorney accepting any new cases but shall not preclude him continuing to represent existing clients during the first 30 days after issuance of such temporary order; however, any fees tendered to such attorney during such 30-day period shall be deposited in a trust fund from which withdrawals may be made only in accordance with restrictions imposed by the court. The attorney may for good cause request dissolution or amendment of any such temporary order by petition filed with the Supreme Court, a copy of which will be served on the executive director. Such petition for dissolution shall be set for immediate hearing before a referee designated by the president of The Florida Bar or in the event of his unavailability then designated by the president-elect. The designated referee shall hear such petition forthwith and submit his report and recommendation to the Supreme Court with the utmost speed consistent with due process. Upon receipt of the referee report the Supreme Court shall modify its order if appropriate and continue such provision of the order as may be appropriate until final disposition of all pending disciplinary charges against said attorney.

(6) *Notice to clients.* Upon service on the respondent of an order of disbarment, suspension, temporary suspension or placement on the inactive list the respondent shall, unless this requirement is waived or modified in the court's order, forthwith furnish a copy of the order to all of his clients with matters pending in the respondent's practice, and within 30 days after service of the order the respondent shall furnish staff counsel of The

Florida Bar a sworn affidavit listing the names and addresses of all clients who have been furnished copies of the order.

RULE 11.11: REINSTATEMENT

An attorney who has been suspended may be reinstated to membership in The Florida Bar pursuant to this rule. The proceedings under this rule are not applicable to suspension for nonpayment of dues.

(1) *Petitions: form, contents, fingerprints.*

(a) *Filing.* The original petition for reinstatement and three copies thereof shall be in writing, verified by the petitioner, addressed to the Board of Governors and filed with the executive director at the office of The Florida Bar in Tallahassee. With the filing of his petition the petitioner shall furnish two sets of his fingerprints on record cards furnished by The Florida Bar for this purpose. One copy of the petition shall be promptly filed by the executive director with the clerk of this court.

(b) *Form and exhibits.* The petition shall be in such form and shall be accompanied by such exhibits as the Board of Governors shall prescribe. The information required concerning the petitioner may include any or all of the following matters in addition to such other matters as may be reasonably required to determine the fitness of the petitioner to resume the practice of law: criminal and civil judgments; disciplinary judgments; copies of income tax returns together with consents to secure original returns; occupation during suspension and information in connection therewith; financial statements; statement of restitution of funds which were the subject matter of disciplinary proceedings. When proof of rehabilitation or passage of the Florida bar examination is a condition for removal of the suspension then the petitioner may file his petition requesting reinstatement any time within three months prior to the expiration of the specific period of suspension so that entry of the order on the petition for reinstatement will not be unduly delayed beyond the period of definite suspension.

(2) *Deposit for cost.* The petition shall be accompanied by a deposit in such amount as the Board of Governors shall prescribe to insure payment of reasonable costs of the proceeding. Such costs in the discretion of the Board of Governors may include court reporters' fees, witness fees and traveling expenses, and reasonable traveling expenses and out-of-pocket costs of the referee or investigative committee and attorneys for The Florida Bar.

(3) *Reference of petition for hearing.* The Board of Governors shall refer the petition for reinstatement for investigation. Such investigation may be by means of formal hearing and findings or otherwise. Such reference shall be in the discretion of the Board of Governors to a referee, a grievance committee of the county where the petitioner resides, or formerly resided, or to a reinstatement committee to be appointed by the Board of Governors. Provided, however, that no such reference shall be made until evidence is submitted showing that all costs assessed against the petitioner in all disciplinary proceedings have been paid. Provided, further, that the petition shall be referred to a referee designated by the Supreme Court if requested by petitioner.

(4) *Attorney for the Bar.* When a petition for reinstatement is filed, the Board of Governors may appoint, or may request any local bar association to appoint, from the active members of The Florida Bar, one or more attorneys to represent The Florida Bar in the proceeding. The duties of such attorneys shall be to appear at the hearings and to prepare and present to said committee or referee evidence which, in the opinion of the committee or referee or such attorneys, should be considered in passing upon the petition.

(5) *Procedure.* The referee or committee to which the petition for reinstatement is referred shall conduct the investigation as a trial in the same manner, to the extent practical, as proceedings are conducted under the rule concerning trials. The matter to be investigated and decided shall be the fitness of the petitioner to resume the practice of law.

(6) *Hearing; notice; evidence.*

(a) *Notice.* The committee or referee to whom the petition for reinstatement is referred shall fix a time and place for hearing, and notice thereof shall be given at least 10 days prior to the hearing to the petitioner, to attorneys representing The Florida Bar, and to such other persons as may be designated by any member of the committee or the referee to which the petition is referred.

(b) *Appearance.* Any of said persons to whom notice is given, any other interested persons, or any local bar association, may appear before said committee in support of or in opposition to the petition at any time or times fixed for hearings thereon.

(c) *Failure of petitioner to be examined.* For the failure of the petitioner to submit to examination as a witness pursuant to notice given, the Board of Governors shall

dismiss the petition for reinstatement unless good cause is shown for such failure.

(7) *Prompt hearing; report.* The committee or referee to which a petition for reinstatement has been referred by the Board of Governors shall proceed to a prompt hearing, at the conclusion of which it shall make and transmit to the Board of Governors a report which shall include the findings of fact and a recommendation as to whether or not the petitioner is qualified to resume the practice of law. Such report shall be in the form prescribed by the Board of Governors.

(8) *Notice of reinstatement committee's or referee's report.* When the report of the committee or referee is received at the office of the executive director in Tallahassee, a copy thereof shall be sent by the executive director to the petitioner and to the members of The Florida Bar representing the Bar and to each local bar association appearing in the proceeding. A copy of the letter of transmittal, bearing the date of mailing and the name of the person mailing the same, shall be retained in the office of The Florida Bar and shall be prima-facie evidence of the mailing thereof upon said date.

(9) *Statement in opposition or support.* At any time within 10 days after mailing of notice of report the petitioner or the member of The Florida Bar representing the Bar or any local bar association may file in the office of The Florida Bar in Tallahassee an original and three copies of a typewritten statement in support of or in opposition to the report.

(10) *Judgment.* After filing of said report, the Board of Governors shall review the petition, the findings and recommendations of the committee or referee and the record before such committee or referee and shall determine whether it shall support or oppose reinstatement. The Board shall file its recommendation, together with the record of proceedings, in the Supreme Court and shall serve a copy upon the petitioner. The Supreme Court shall then enter an appropriate judgment. If the petitioner is found unfit to resume the practice of law, the petition shall be dismissed. If the petitioner is found fit to resume the practice of law, the judgment shall reinstate him in The Florida Bar; provided, however, that the judgment may make such reinstatement conditional upon the payment of all or parts of the costs of the proceeding, and upon the making of partial or complete restitution to parties harmed by the petitioner's misconduct which led to the suspension of his membership in The Florida Bar; and further provided, however, that if suspension of petitioner has continued for more than three years, the reinstatement may be conditioned upon the furnishing of such proof of competency as may be required by the judgment in the discretion of the Supreme Court, which proof may include certification by the Florida Board of Bar Examiners of the successful completion of an examination for admission to The Florida Bar subsequent to the date of suspension.

(11) *Successive petitions.* No petition for reinstatement shall be filed within one year following an adverse judgment upon a petition for reinstatement filed by or on behalf of the same person.

RULE 11.12: CONFIDENTIAL NATURE OF PROCEEDINGS

All matters including files, preliminary investigation reports, inter-office memoranda, records of investigations and the records in trials and other proceedings under these rules, excepting only those matters in connection with proceedings initiated in circuit courts are all property of The Florida Bar. All of such matters having to do with (1) investigation and other proceedings to determine probable cause, (2) trials upon a finding of probable cause, and (3) resignations pending disciplinary proceedings, shall be confidential to all parties participating therein or having knowledge thereof except as otherwise provided in these rules. All of such persons shall be admonished by the agency before whom they appear to observe the confidential nature of such proceedings. Provided, however, that the confidential nature of such proceedings is subject to the following exceptions:

(1) *Public record.* Those parts of proceedings prior to trial which are required to be served upon an accused, and the record of the proceeding as elsewhere defined, shall become public information in the following instances:

(a) *Request of accused or respondent.* If the accused or respondent shall file in the proceeding a request in writing that the proceedings be made public information.

(b) *Circuit court.* If the proceeding is in a circuit court; but proceedings in contempt of confidential proceeding shall preserve the confidentiality of the disciplinary proceeding as elsewhere provided.

(c) *Judgment of suspension or disbarment.* Upon entry of a judgment of suspension from practice, disbarment or of public reprimand.

(d) *Review by Supreme Court.* Upon the filing of a petition for review in the manner provided by the rule governing review by the Supreme Court.

(2) *Resignation pending disciplinary proceedings.* If an accused or respondent shall resign pending disciplinary proceedings which are confidential, such proceedings shall remain confidential except as follows: If the resigned member of The Florida Bar shall apply for readmission to The Florida Bar or for admission to the bar of any other jurisdiction, the Florida Board of Bar Examiners and the comparable body having jurisdiction of an application for admission in the other jurisdiction shall be given access to the files of The Florida Bar for the purpose of evaluating the applicant's competency to practice law.

(3) *Evidence of crime.* The confidential nature of disciplinary proceedings and the oath given to witnesses therein shall not proscribe the filing of informations and the giving of testimony before grand juries by individuals having knowledge of facts indicating the commission of crime if such knowledge was obtained independently of disciplinary proceedings.

(4) *Information concerning proceeding.* No information concerning the pendency or status of an investigation or trial or other confidential matter shall be given unless and until a record of the proceedings is filed with the clerk of this court or unless authorized by the Board of Governors; provided, however, that any judge of a court of record having a judicial interest in the matter may be advised in confidence of the status of proceedings as to a particular accused or respondent, and provided further that a complainant may be advised in confidence of the pending status or final disposition of such complaint.

(5) *Additional waiver of confidentiality in matters involving commission of a crime, unfitness to practice law and great public interest.* Notwithstanding the rules of confidentiality elsewhere stated in the Integration Rule, confidentiality of disciplinary proceedings shall be waived commencing with the filing of the formal complaint contemplated by Rule 11.05 after the probable cause finding by a grievance committee or the Board of Governors as therein set forth, in cases involving:

(a) A felony or other serious crime, or

(b) Conduct by an accused which constitutes a general unfitness to practice law, or

(c) Where the public interest clearly demands and the constitutional guaranties of the accused will not be thereby violated or denied; provided, however, that, prior to any waiver of confidentiality, the accused shall have 15 days to petition the full Board of Governors to maintain confidentiality for good cause shown, after notice of probable cause is served on him by certified mail with return receipt personally signed by the accused or by other means of personal service. Such letter of service shall advise that confidentiality shall be waived under the Rule unless such petition to the Board is timely filed and favorably considered. Upon such petition being filed, confidentiality shall be maintained until disposition of such petition. Once waiver is effected it will include the formal complaint and all subsequent proceedings thereon unless it is thereafter determined for good cause by the Board of Governors to reinvoke confidentiality.

RULE 11.13: ADDITIONAL RULES OF PROCEDURE

(1) *Time is directory.* Except as otherwise provided in these Rules of Discipline, the time intervals required are directory only and are not jurisdictional. Failure to observe such directory intervals may result in contempt of the agency having jurisdiction or of the Supreme Court, but will not prejudice the offending party except where so provided.

(2) *Notice in lieu of process.* Every member of The Florida Bar is within the jurisdiction of the Supreme Court and its agencies under these rules, and service of process is not required to obtain jurisdiction over respondents in disciplinary proceedings; but due process requires the giving of reasonable notice and such shall be effective by the service of the complaint upon the respondent by mailing a copy thereof by registered or certified mail return receipt requested to the last known address of the respondent according to the records of The Florida Bar or such later address as may be known to the person effecting the service.

(3) *Subpoenas.* Subpoenas for the attendance of witnesses and the production of documentary evidence other than before a circuit court shall be issued as follows:

(a) *Referees.* Subpoenas for the attendance of witnesses and production of documentary evidence before a referee shall be issued by the referee and shall be served in the manner provided by law for the service of process.

(b) *Grievance committees.* Subpoenas for the attendance of witnesses and the production of documentary evidence before a grievance committee may be issued by any member of a grievance committee in pursuance of an investigation authorized by the committee. Such subpoenas may be served by any member

of such committee or in the manner provided by law for the service of process.

(c) *Reinstatement committees.* Subpoenas for the attendance of witnesses and the production of documentary evidence before a reinstatement committee shall be issued by the chairman, vice chairman or secretary of such committee, and shall be served in the manner provided by law for the service of process.

(d) *Board of Governors.* Subpoenas for the attendance of witnesses and the production of documentary evidence before the Board of Governors shall be issued by the executive director under the seal of The Florida Bar, and shall be served in the manner provided by law for the service of process.

(e) *Confidential proceedings.* If the proceeding is confidential a subpoena shall not name the accused or respondent but shall style the proceeding as "Confidential proceeding by The Florida Bar under the Rules of Discipline."

(f) *Contempt.* Any person who without adequate excuse fails to obey such a subpoena served upon him may be cited for contempt of this court in the manner provided by this rule.

(4) *Oath of witnesses.* Every witness in every proceeding under these rules shall be sworn to tell the truth and not to disclose the existence of the proceeding nor the identity of the accused or respondent until the proceeding is no longer confidential under these rules. Violation of the oath shall be an act of contempt of this court.

(5) *Contempt.* If an agency other than a cricuit court shall find that a person is in contempt under these rules, such person shall be cited for contempt in the following manner, except that an accused or respondent in a disciplinary proceeding may be cited for contempt by petition for rule to show cause filed and heard in the Supreme Court or in the circuit court.

(a) *Petition for rule to show cause.* The agency shall direct bar counsel or chairman of the agency if there is no bar counsel serving in the matter in which the contempt occurs, to present to the circuit court having jurisdiction a petition for the issuance of a rule to show cause why the person so accused should not be held in contempt of this court.

(b) *Confidentiality.* If the proceeding in which the contempt occurs is a confidential proceeding, the confidentiality shall be preserved in the contempt proceeding in the following manner: pleading shall be styled "Proceeding by The Florida Bar under the Rules of Discipline, The Florida Bar v. (name of accused in contempt proceeding)." No pleadings or matters shall be filed with the clerk of the circuit court; instead all such matters shall be presented to the circuit judge hearing the same and shall be returned to the agency upon completion of the contempt proceedings and then filed with the executive director. Docket entries and sentences or judgments in contempt proceedings, if entered in the office of the clerk of the circuit court, shall be styled as provided for pleadings and shall make no references to the accused or the respondent in the disciplinary proceeding in which the contempt occurred. If the name of the accused or respondent shall become of public record, the court having jurisdiction in the contempt proceeding shall take appropriate steps to preserve the confidentiality of the disciplinary proceedings, and shall consider whether or not the person responsible for the making of the name of the accused or respondent of public record is also guilty of contempt under these Rules of Discipline.

(c) *Appellate review.* A judgment in such contempt proceedings may be appealed by either party in the manner provided in the rule on appellate review, except that a copy of the petition for appeal shall not be filed with the clerk of the circuit court, and the record shall be forwarded by the judge or the agency possessing the same.

(6) *Consent judgment.*

(a) *Before referee and bar counsel are appointed.* If before a referee and bar counsel are appointed, an accused attorney states his or her desire to plead guilty to a grievance committee report that finds probable cause and recommends further disciplinary proceedings, then staff counsel (or assistant staff counsel) with the approval of the designated Board reviewer, may advise the accused attorney of the discipline he will receive if a written plea of guilty is entered. No recommended discipline will be conveyed to the accused attorney unless staff counsel and a designated reviewer are in complete agreement and their agreement is reduced to writing and made a part of the file. If an accused attorney tenders a plea of guilty in exchange for a stated form of punishment and staff counsel and the designated reviewer cannot agree on acceptance or rejection of the conditional guilty plea, then the tendered plea will be referred to the Board of Governors for a final decision. Any proposed consent judgment more severe than a private reprimand shall before acceptance by The Florida Bar be submitted by The Florida Bar to the Supreme Court for approval.

(b) *After appointment of referee and bar counsel.* If an accused attorney states his or

her desire to plead guilty to a grievance committee report or a filed complaint after a referee and bar counsel are appointed, then bar counsel, with the approval of staff counsel (or assistant staff counsel) and the designated reviewer, may advise the accused attorney of the discipline he will receive if a written plea of guilty is entered. No recommended discipline will be conveyed to the accused attorney unless the bar counsel, staff counsel, and the designated reviewer are in complete agreement and that agreement is reduced to writing and made a part of the file. If an accused attorney tenders a plea of guilty in exchange for a stated form of punishment, and bar counsel, staff counsel, and the designated reviewer cannot agree on acceptance or rejection of the conditional guilty plea, then the tendered plea will be referred to the Board of Governors for a final decision. Any proposed consent judgment more severe than a private reprimand shall before acceptance by The Florida Bar be submitted by The Florida Bar to the Supreme Court for approval.

RULE 11.14: DISCIPLINARY PROCEEDINGS IN CIRCUIT COURTS

(1) *Disciplinary matters in district courts of appeal and circuit courts.* Whenever it shall be made known to any of the judges of the district courts of appeal or any judge of a circuit court in this state that a member of The Florida Bar practicing in any of the courts of his district or judicial circuit has been guilty of any unprofessional act as defined by this Integration Rule or the Code of Ethics adopted by this court, such judge may direct the state attorney for the circuit in which such attorney shall have his office to make in writing a motion in the name of the State of Florida to discipline such attorney setting forth in the motion the particular act or acts of conduct for which the attorney is sought to be disciplined.

(2) *Copy served upon accused.* Upon the filing of such motion a copy thereof shall be served upon the accused attorney and he shall within 10 days after the service thereof, file his answer thereto. A copy of such motion shall be filed with the executive director of The Florida Bar at the time of service upon the accused attorney.

(3) *Trial before a circuit judge.* Upon the filing of the answer the presiding judge of the judicial circuit in which the accused attorney's office is located shall designate one of the judges thereof to try and determine said cause. Such judge shall conduct a hearing thereon and shall hear the evidence to be offered by the State of Florida and the accused. A representative or representatives of The Florida Bar, appointed by the Board of Governors of The Florida Bar, shall have the right to be present and to observe the proceedings. Upon the conclusion of said hearing, said judge shall enter such judgment of dismissal, reprimand, probation, suspension or disbarment as shall be appropriate to the circumstances.

The parties shall be entitled to compulsory process to force the attendance of any witnesses.

(4) *Judgment filed in Supreme Court.* If the judgment be one of public reprimand, suspension or disbarment, three certified copies of the same shall be forthwith filed by the clerk of the trial court with the clerk of the Supreme Court of Florida. The clerk of the Supreme Court shall retain one copy for his records, deliver to the executive director of The Florida Bar one copy of said judgment for his official records, and shall forthwith serve the third copy upon the accused attorney.

(5) *Petition for appellate review.* The respondent may appeal from a judgment entered by a circuit court. Such appeal shall be made in the manner provided by the rule on appellate review.

(6) *Duty to expedite proceedings.* It shall be the duty of the state attorney who is directed to file said motion to file the same promptly and to dispose of said controversy expeditiously.

(7) *Concurrent jurisdiction of The Florida Bar.* The jurisdiction of the district courts of appeal and circuit courts created by this rule and the procedure herein outlined shall be concurrent with that of The Florida Bar under the preceding portions of these Rules of Discipline. The forum first asserting jurisdiction in a disciplinary matter shall retain the same to the exclusion of the other until the final determination of the cause.

(8) *Readmission or reinstatement.* Readmission or reinstatement of attorneys disbarred or suspended by proceedings in circuit courts shall be governed as elsewhere provided in these rules.

RULE 11.15: STATUTES SUPERSEDED

These Rules of Discipline shall supersede such parts of Sections 454.18, 454.31 and 454.32, Florida Statutes 1969, as are in conflict herewith.

Article XVI
UNAUTHORIZED PRACTICE OF LAW

I. *Jurisdiction*

Pursuant to the provisions of Article V, Section 15 of the Florida Constitution, this court has inherent jurisdiction to prohibit the unauthorized practice of law.

II. *Investigation*

A. The Florida Bar, as an official arm of this court, is charged with the duty of investigating matters pertaining to the unauthorized practice of law. The Board of Governors of The Florida Bar shall establish not less than one (1) Unauthorized Practice of Law Committee in each judicial circuit. The Board of Governors of The Florida Bar shall establish a Standing Committee on Unauthorized Practice of Law of The Florida Bar, which shall supervise and be responsible for each of the circuit committees. The circuit committees shall receive complaints and conduct investigations of reported unauthorized practice of law.

1. Each circuit committee shall be appointed by the Board of Governors and shall consist of not less than three members of The Florida Bar.

2. The terms of the members of circuit committees shall begin on the first day of July and shall end on the next succeeding 30th day of June or until such time as their successors are appointed and qualified. The expiration of the term of any member shall not disqualify such member from concluding any investigations pending before him.

3. There shall be a chairman designated by the Board of Governors and a vice chairman and secretary designated by the chairman of each circuit committee.

4. Any member may be removed from his office by the Board of Governors.

5. A majority of a circuit committee, but not less than three members, shall constitute a quorum. All matters requiring a vote of a circuit committee shall be decided by an affirmative vote of a majority of a quorum of the committee.

B. It shall be the duty of each circuit committee to investigate, with dispatch, all reports of unauthorized practice of law, and to make prompt written report of its investigation and findings to the Standing Committee on Unauthorized Practice of Law. It shall be the duty of the Standing Committee to receive and evaluate circuit committee reports and make its findings and recommendations to the Board of Governors. The Board of Governors shall act upon said reports, findings and recommendations and determine whether or not litigation should be instituted against any alleged offender. The Board of Governors may approve civil injunctive proceedings, indirect criminal contempt proceedings or a combination of both pursuant to the provisions of this article.

1. Upon receiving a written application of the president of The Florida Bar, or the chairman of the Standing Committee on Unauthorized Practice of Law, alleging facts indicating that a person, firm or corporation is or may be unlawfully practicing law and that the issuance of a subpoena is necessary for the investigation of such unauthorized practice, the clerk of the Supreme Court of Florida shall issue subpoenas in the name of the Chief Justice for the attendance of any person and production of books and records before investigating circuit committee designated in such application at the time and place within its circuit designated by the investigating circuit committee. Such subpoenas shall be returnable to the circuit court of the residence or place of business of the person subpoenaed. A like subpoena shall issue upon application by any person, firm or corporation under investigation.

2. Failure to comply with any subpoena shall constitute a contempt of the Supreme Court of Florida, and may be punished by it or by the circuit court of the circuit to which the subpoena is returnable or where the contemner may be found. The circuit courts to which the subpoenas are returnable shall have power to enter such protective orders as may be necessary for the enforcement of said subpoenas.

3. Each circuit committee conducting investigations is empowered to take and have transcribed the testimony and evidence of witnesses who may be sworn by any person authorized by law to administer oaths.

III. *Litigation*

A. Civil Injunction Proceeding

1. Complaints shall be by written petition filed in this court by The Florida Bar and in its name.

2. Each such petition shall be processed in this court in accordance with the following procedure:

a. The petition shall not be framed in technical language, but shall with reasonable clarity set forth the alleged facts constituting the unauthorized practice of law. A prayer for relief may be included in the petition, but shall not be required.

b. This court, upon consideration of any petition so filed, may issue its order to show cause directed to the respondent commanding said respondent to show cause if any there be, why the respondent should not be enjoined from the alleged unauthorized practice of law, and further requiring the respondent to file with the court within 20 days after service of the petition and show cause order on him, a written answer admitting or denying the matter set forth in the petition. The legal sufficiency of the petition may, at the option of the respondent, be raised by motion to dismiss filed prior to or at the time of the filing of the answer. The filing of a motion to dismiss prior to the filing of an answer shall postpone the time for the filing of an answer until ten days after disposition of said motion. The order and petition shall be served upon the respondent in the manner provided for service of process by Rule 1.070(b), Florida Rules of Civil Procedure. Service of all other pleadings shall be governed by the provisions of Rule 1.080, Florida Rules of Civil Procedure.

c. Any party may request oral argument upon any question of law raised by the initial pleadings. The court may, in its discretion, set the matter for oral argument upon the next convenient motion day, or at such time as it deems appropriate.

d. If no response or defense is filed within the time permitted, the allegations of the petition shall be taken as true for purposes of that action. The court will then, upon its motion or upon motion of any party, decide the case upon its merits, granting such relief and issuing such order as might be appropriate; or it may refer the petition for further proceedings according to this article.

e. If a response or defense filed by a respondent raises no issue or issues of material fact, any party, upon motion, may request a judgment on the pleadings and the court may rule thereon as a matter of law.

f. The court, upon its motion or upon motion of any party, shall refer questions of fact to

a referee for determination. The referee shall be a circuit judge of the State of Florida.

3. Proceedings before the referee shall be in accordance with the following:

a. The proceeding before the referee shall be held in the county where the respondent resides or where the alleged offense was committed, whichever shall be designated by the court.

b. Upon assignment of a cause for trial, the Board of Governors shall appoint bar counsel to prosecute the same before the referee.

c. Witness subpoenas shall run in the name of this court and shall be issued by the referee upon request of a party. Failure or refusal to comply with any subpoena shall be a comtempt of this court and may be punished by this court or by any circuit court where the action is pending or where the contemner may be found, as if said refusal were a comtempt of that court.

d. The Florida Rules of Civil Procedure, including those provisions pertaining to discovery, not inconsistent with this article, shall apply in procceedings before the referee. The powers and jurisdiction generally reposed in "the court" under said rules may in this action be exercised by the referee. The Florida Bar may in every case amend its petition one time as of right, within 60 days after the filing of the order of reference to a referee.

e. Review of interlocutory rulings of the referee may be had by petition to this court filed within 30 days after entry of the ruling complained of. A supporting brief and a transcript containing conformed copies of pertinent portions of the record in the form of an appendix shall be filed with the court by a party seeking such review. Any opposing party may file his responsive brief and appendix containing any additional portions of the record deemed pertinent to the issues raised within ten days thereafter. The petitioner may file a reply brief within five days of the date of service of the opposing party's responsive brief. Any party may request oral argument at the time his brief is filed or due. Interlocutory review hereunder shall not stay the cause before the referee unless the referee or this court on its motion or upon motion of any party, shall so order.

4. The referee shall report in writing to the court his findings of fact, conclusions of law and recommendation for final disposition of the cause. The original record shall be filed with his report. A copy of the referee's report shall be served upon all parties by the referee at the time the same is filed in this court.

5. Objections to the report of the referee may be filed in this court by any party aggrieved, within 30 days after the filing of said report. If the objector desires, he may file a brief in support of his objections at the time his objections are filed. Any other party may file a responsive brief within 20 days after service of objector's brief. The objector may file a reply brief within ten days of service of the opposing party's responsive brief. Oral argument will be allowed at the court's discretion and will be governed by the provisions of Florida Appellate Rules, Rule 3.10.

6. Upon the expiration of the time to file objections to the referee's report, the court shall review the report of the referee, together with any briefs or objections filed in support of or opposition to such report. After review, the court shall determine as a matter of law whether the respondent has engaged in the unauthorized practice of law and whether his activities should be enjoined by appropriate order.

7. Nothing set forth in this rule shall be construed to prohibit or limit the right of the court, upon proper application, to issue a preliminary or temporary injunction, or at any stage of the proceedings, to enter any such order as to the court may seem proper when public harm or the possibility thereof is made apparent to the court, in order that such harm may be summarily prevented or speedily enjoined.

B. Indirect Criminal Contempt Proceedings

1. An indirect criminal contempt proceeding for unauthorized practice of law shall be prosecuted in the following manner:

a. Upon receiving a sworn petition of the president of The Florida Bar, or the chairman of the Standing Committee on Unauthorized Practice of Law, alleging facts indicating that a person, firm or corporation is or may be unlawfully practicing law, and containing a prayer for a contempt citation, the court may issue an order directed to the respondent, stating the essential allegations charged and requiring respondent to appear before a referee appointed by the court to show cause why respondent should not be held in contempt of this court for unauthorized practice of law. The referee shall be a circuit judge of the State of Florida. The order shall specify the time and place of the hearing, and a reasonable time shall be allowed for preparation of the defense after service of the order on the respondent.

b. Any respondent, who is determined to be insolvent by the referee, shall be entitled to the appointment of counsel. In proceedings for the determination of insolvency, there shall be a presumption of solvency, and the respondent shall have the burden of rebutting the presumption

by competent proof. The following facts shall be prima facie evidence of solvency:

(1) If the respondent has been released on bail in the amount of $1500 or more;

(2) If the respondent has no dependents and his gross income exceeds $75 per week; the income limit shall be increased by $10 per week for each of the first two dependents of the defendant and by $5 per week for each dependent beyond the first two;

(3) If the defendant owns cash in excess of $300.

c. The court shall also consider the following additional circumstances in determining insolvency:

(1) The probable expense and burden of defending the case;

(2) The ownership of, or equity in, any tangible or intangible personal property or real property or the expectancy of an interest in any such property by the respondent; and

(3) The amount of debts owed by the respondent or debts that might be incurred by the respondent because of illness or other misfortunes within his family.

d. Venue for the hearing before the referee shall be in the county where the respondent resides or where the alleged offense was committed, whichever shall be designated by the court.

e. The respondent, personally or by counsel, may move to dismiss the order to show cause, move for a statement of particulars or answer such order by way of explanation or defense. All motions and the answer shall be in writing. A respondent's omission to file motions or answer shall not be deemed as an admission of guilt of the contempt charged.

f. The court or referee may issue an order of arrest of the respondent if the court or referee has reason to believe the respondent will not appear in response to the order to show cause. The respondent shall be admitted to bail in the manner provided by law in criminal cases.

g. The respondent shall be arraigned at the time of the hearing before the referee, or prior thereto upon his request. A hearing to determine the guilt or innocence of the respondent shall follow a plea of not guilty. The respondent is entitled to be represented by counsel, have compulsory process for the attendance of witnesses, and confront witnesses against him. The respondent may testify in his own defense. No respondent may be compelled to testify. A presumption of innocence shall be accorded the respondent, and The Florida Bar, which shall act as prosecuting authority, must prove guilty of the respondent beyond a reasonable doubt.

h. The referee shall hear all issues of law and fact and all evidence and testimony presented shall be transcribed.

i. At the conclusion of the hearing, the referee shall sign and enter of record a judgment of guilty or not guilty. There should be included in a judgment of guilty a recital of the facts constituting the contempt of which the respondent has been found and adjudicated guilty.

j. Prior to the pronouncement of a recommended sentence upon a judgment of guilty, the referee shall inform the respondent of the accusation and judgment against him and afford him the opportunity to present evidence of mitigating circumstances. The recommended sentence shall be pronounced in open court and in the presence of the respondent.

k. The judgment and recommended sentence, upon a finding of "guilty," together with the entire record of proceedings shall then be forwarded to this court for approval, modification or rejection based upon the law. The respondent may file objections, together with a supporting brief, to the referee's judgment and recommended sentence within 30 days of the date of filing with the court of the referee's judgment, recommended sentence, and record of proceedings. The Florida Bar may file a responsive brief within ten days after service of respondent's brief. The respondent may file a reply brief within five days after service of The Florida Bar's responsive brief.

2. The punishment for an indirect criminal contempt under this article shall be by fine, not to exceed $2,500, imprisonment of up to five months, or both.

3. Nothing set forth herein shall be construed to prohibit or limit the right of the court to issue a permanent injunction in lieu of or in addition to any punishment imposed for an indirect criminal contempt.

Article XVII
CLIENTS' SECURITY FUND

1. The Board of Governors of The Florida Bar may create and maintain a separate fund within The Florida Bar for monetary relief of persons who suffer losses by reason of misappropriation, embezzlement or other wrongful taking or conversion by a member of The Florida Bar of money or other property that

comes into his possession or control by reason of an attorney and client relationship.

Payment of claims against said fund shall be made by The Florida Bar only after appropriate investigation. Payments from said fund will not ordinarily be made while the lawyer guilty of the misappropriation remains a member in good standing of The Florida Bar. All payments from said fund may be made or withheld or made in such amounts as the Board, in its discretion, may direct.

The Florida Bar or its Board of Governors may take assignments of the causes of action of claimants as a condition to said payments. Recoveries or repayments to the Board on account of payments from said fund will be restored to the fund.

2. The Board of Governors may allocate from the annual dues of the members of The Florida Bar not more than $10.00 per member per annum to a Clients' Security Fund.

3. This article shall become effective instanter and shall govern all claims now pending or hereafter filed with the Board of Governors.

(On April 26, 1974, the Board of Governors voted to allocate $10 from each member's dues to build a fund corpus.)

Article XVIII
LAW SCHOOL CIVIL AND CRIMINAL PRACTICE PROGRAM

I. *Purpose*

The bench and the bar are primarily responsible for providing competent legal services for all persons, including those unable to pay for these services. As one means of providing assistance to lawyers who represent clients unable to pay for such services and to encourage law schools to provide clinical instruction in trial work of varying kinds, the following rule is adopted:

II. *Activities*

A. An eligible law student may appear in any court or before any administrative tribunal in this state on behalf of any indigent person if the person on whose behalf he is appearing has indicated in writing his consent to that appearance and the supervising lawyer has also indicated in writing approval of that appearance. In such cases the supervising attorney shall be personally present when required by the trial judge who shall determine the extent of the eligible law student's participation in the proceeding.

B. An eligible law student may also appear in any criminal matter on behalf of the state with the written approval of the prosecuting attorney or his authorized representative and of the supervising lawyer. In such cases the supervising attorney shall be personally present when required by the trial judge who shall determine the extent of the law student's participation in the proceeding.

C. In each case the written consent and approval referred to above shall be filed in the record of the case and shall be brought to the attention of the judge of the court or the presiding officer of the administrative tribunal.

D. The Board of Governors shall fix the standards by which indigency is determined under this rule upon the recommendation of the largest voluntary bar association located in the circuit in which a program is implemented hereunder.

III. *Requirements and Limitations*

In order to make an appearance pursuant to this rule, the law student must:

A. Be duly enrolled in the United States in a law school approved by the American Bar Association.

B. Have completed legal studies amounting to at least four semesters, or the equivalent if the school is on some basis other than a semester basis.

C. Be certified by the dean of his law school as being of good character and competent legal ability, and as being adequately trained to perform as a legal intern.

D. Be introduced to the court in which he is appearing by an attorney admitted to practice in that court.

E. Neither ask for nor receive any compensation or remuneration of any kind for his services from the person on whose behalf he renders services, but this shall not prevent a lawyer, legal aid bureau, law school, public defender agency, or the state from paying compensation to the eligible law student (nor shall it prevent any agency from making such charges for its services as it may otherwise properly require).

F. Certify in writing that he has read and is familiar with the Code of Professional Responsibility as adopted by this court and will abide by the provisions thereof.

IV. *Certification*

The certification of a student by the law school dean:

A. Shall be filed with the clerk of this court and, unless it is sooner withdrawn, it shall remain in effect until the expiration of 18 months after it is filed.

B. May be withdrawn by the dean at any time by mailing a notice to that effect to the clerk of this court. It is not necessary that the notice state the cause for withdrawal.

C. May be terminated by this court at any time without notice or hearing and without any showing of cause. Notice of the termination may be filed with the clerk of the court.

V. *Other Activities*

A. In addition, an eligible law student may engage in other activities, under the general supervision of a member of the Bar of this court, but outside the personal presence of that lawyer, including:

1. Preparation of pleadings and other documents to be filed in any matter in which the student is eligible to appear, but such pleadings or documents must be signed by the supervising lawyer.

2. Preparation of briefs, abstracts and other documents to be filed in appellate courts of this state, but such documents must be signed by the supervising lawyer.

3. Except when the assignment of counsel in the matter is required by any constitutional provision, statute or rule of this court, assistance to indigent inmates of correctional institutions or other persons who request such assistance in preparing applications for and supporting documents for post-conviction relief. (a) When it shall come to the attention of the executive director that a member of the Bar has been convicted of a felony he shall forthwith cause a petition for suspension or notice to show cause to be filed in the Supreme Court as authorized by Rule 11.07 and shall report that conviction to the Board of Governors at its next meeting. The foregoing procedure shall not be requird if trial by a referee is pending or has been completed based on the same misconduct.

(b) When it comes to the attention of the executive director that a person who is then a disbarred, suspended, resigned, delinquent or inactive member of The Florida Bar is practicing law in this state, the executive director shall forthwith, in his discretion, either,

(1) direct that a show cause action for contempt be initiated against the member or,

(2) refer the matter to an appropriate grievance committee or unauthorized practice committee for investigation and report.

Section 4. PETITIONS FOR REINSTATEMENT

1. Members of the Bar who are eligible for reinstatement to membership in good standing in the Bar may request such reinstatement by petition styled in the Supreme Court but filed with The Florida Bar. The executive director shall determine whether the form and content of any such petition is in accordance with existing bylaws. If the petition appears incomplete, the executive director shall either in his discretion return it to the petitioner, or present it to the Board with suitable recommendations. If he determines the petition to be in substantial compliance with the Integration Rule and Bylaws, it shall be further handled as follows:

(a) *Petitions for reinstatement to membership in good standing pursuant to Article II, §5 (after inactivity or suspension for incapacity not involving misconduct or for mental incompetence).* Said petition shall be filed in quadruplicate, verified by petitioner and shall be accompanied by a deposit for costs in the amount of $50. It shall describe the proceedings which led to the judgment of incompetence, if any, and shall include as an exhibit a certified copy of the order of

restoration, if any. The petition shall also describe all judgments or pending actions, criminal or civil, which have been brought against him since his original admission to The Florida Bar, and all disciplinary proceedings brought against him by The Florida Bar or by any other organized bar or bar association.

The petition shall be referred for investigation and report to an appropriate circuit grievance committee, a copy of said petition shall be transmitted to local Board members, local bar association presidents, and other persons who may appear to be particularly interested in such proceedings, and the comments of said copy addressee concerning the petition shall be solicited. Bar counsel need not be appointed to assist said committee, but may be appointed upon request. The committee shall investigate to determine the existence and status of all disciplinary complaints against petitioner. All such complaints shall be pursued by the committee as in other disciplinary cases. Their report may also include any findings and recommendation concerning mitigating circumstances as, for example, his lack of responsibility because of mental incompetence or incapacity. The committee's report shall include findings concerning all pertinent facts and recommendations for further action by the Board upon the petition for reinstatement, and upon any existing complaints of professional misconduct.

The committee's report and record shall be filed with the executive director and thereafter considered by the Board. The Board shall then file the petition, record and its recommendation in the Supreme Court for final order.

(b) *Petitions for reinstatement to membership in good standing pursuant to Article XI, Rule 11.11.* Petitions for reinstatement under this rule are available to suspended members of the Bar when the disciplinary judgment conditions their reinstatements upon a showing of compliance with specified conditions.

Petitions shall be styled in the Supreme Court and filed with The Florida Bar in quadruplicate, verified by petitioner and shall be accompanied by a deposit for costs of $150, a set of petitioner's fingerprints which shall be certified by local police authorities, and a written authorization to the District Director of Internal Revenue, authorizing the furnishing of certified copies of petitioner's tax returns for the past five years or since his admission to the Bar, whichever is greater. Said authorization shall be furnished on a separate sheet. Said petition shall have attached as an exhibit, a true copy of all disciplinary judgments previously entered against him. It shall also include his statement concerning the following:

(1) Name, age, residence, address, and number and relation of dependents of the petitioner; (2) the offense or misconduct upon which the suspension was based, together with the date of such suspension; (3) the names and addresses of all complaining witnesses in any disciplinary proceedings which resulted in suspension, and the name and address of the referee or judge who heard such disciplinary proceedings or of the trial judge, complaining witnesses and prosecuting attorney, if suspension was based upon conviction of a felony or misdemeanor involving moral turpitude; (4) the nature of petitioner's occupation in detail since his suspension with names and addresses of all partners, associates in business, and employers, if any, and dates and duration of all such relations and employments; (5) a statement showing the approximate monthly earnings and other income of petitioner, and the sources from which all such earnings and income were derived during said period; (6) a statement showing all residences maintained during said period; with names and addresses of landlords, if any; (7) a statement showing all financial obligations of petitioner at date of filing of the petition, together with the dates of all creditors; (8) a statement showing the dates, general nature and final disposition of every civil action wherein petitioner was either a party plaintiff or defendant, together with dates of filing of complaints, titles of courts and causes, and the names and addresses of all parties plaintiff and defendant, names and addresses of attorneys for said parties and of the trial judge, or judges, and names and addresses of all witnesses who testified in said action or actions; (9) a statement showing dates, general nature, and ultimate disposition of every matter involving the arrest or prosecution of petitioner during said period for any crime, whether felony or misdemeanor, together with the names and addresses of complaining witnesses, prosecuting attorneys, and trial judges; (10) a statement as to whether or not any applications were made during said period for a license requiring proof of good character for its procurement; and as to each such application, the dates, the name and address of the authority to whom it was addressed, and the disposition thereof; (11) a statement of any procedure or inquiry, during said period, concerning petitioner's standing as a member of any profession or organization, or holder of any license or office, which involved the censure, removal, suspension, revocation of license, or discipline of petitioner; and as to each, the dates, facts and the disposition thereof, and the name and address of the authority in possession of the record thereof; (12) a statement as to whether or not any charges of fraud were made, or claimed, against petitioner during said period, whether formal or informal, together with the dates and names and addresses of persons making such

charges; (13) a concise statement of facts claimed to justify reinstatement to The Florida Bar; (14) a statement of restitution made for any and all obligations to all former clients and the source and amount of funds used for this purpose and (15) a statement showing what amounts, if any, of the costs assessed against the accused attorney in the prior disciplinary proceedings against him have been paid by the accused attorney and the source and amount of funds used for this purpose. Copies of said petition shall be furnished by the executive director to the local Board members who will submit their recommendations for the appointment of referee and bar counsel. Such recommendations will be forwarded with other necessary information to the Executive Committee for action. Upon the appointment of referee and bar counsel, a copy of said petition will be transmitted to the local grievance committee and to such other persons as are mentioned in paragraph (a) above, which persons will be asked to direct their comments to bar counsel. The proceedings and finding of the referee shall relate to those matters described in paragraph (a) above and also to those matters tending to show petitioner's rehabilitation, his present fitness to resume the practice of law and the effect of such proposed reinstatement upon the administration of justice, the purity of the courts and confidence of the public in the profession.

COOPERATION AND NOTICE

Section 1. GENERAL PROVISIONS. The Board of Governors, officers, sections and committees of The Florida Bar shall encourage and assist all local bar associations in Florida, and foster close cooperation and coordination between The Florida Bar and such voluntary local bar associations. The Board of Governors shall foster the Florida Council of Bar Presidents. The Florida Bar shall render every cooperation and assistance to the Florida Board of Bar Examiners, and to the Judicial Council of Florida.

Section 1. Section 2. NOTICE. Article XV
LAWYER REFERENCE SERVICE

An application by a local bar association or other group of lawyers to the Board of Governors of The Florida Bar for authority to operate a lawyer reference service shall be filed with the executive director in writing and shall contain:

(a) The proposed bylaws or rules and regulations which will govern the proposed reference service,

(b) The number of lawyers who will participate in the service,

(c) A statement as to the number of lawyers in the area, and

(d) An estimate of the condition that evidences a need for such services in the area.

The Board of Governors may approve or disapprove the application to operate a lawyer reference service or it may call for additional information upon which to base its decision.

Authority to conduct a lawyer reference service may be granted to an association or group of lawyers conducting such a service which is truly representative of the entire profession in the area of the service, which is of such size and number that the anonymity of the individual lawyers is secured and the identity of the individual members is submerged in the group, and the membership of which is open to all members of the profession on an equal basis. Such authority may be granted where a public need for a lawyers' reference service has been demonstrated and where it appears that the possibility of benefits to any individual lawyer is so indirect and remote that such possibility of benefits cannot reasonably be said to be the inspiration and motive for the operation of the service.

Article XVI
CLIENTS' SECURITY FUND

1. Pursuant to the authority granted by Article XVII of the Integration Rule of The Florida Bar, the Board of Governors of The Florida Bar hereby establishes a separate fund designated "Clients' Security Fund of The Florida Bar," to be administered as hereinafter provided for.

2. *Definitions*

For this bylaw the following terms shall have the following meanings:

(a) "Applicant" means a person or persons or any legal entity that has filed an application with The Florida Bar for a grant of monetary relief from the fund based on a claim that he, she or it has suffered a loss.

(b) "The Bar" means The Florida Bar.

(c) "The Board" means the Board of Governors of The Florida Bar.

(d) The "committee" means the "Clients' Security Fund Committee," a standing committee of the Bar.

(e) "The fund" means the Clients' Security Fund of The Florida Bar; and

(f) "Loss" means a loss suffered by an applicant by reason of misappropriation, embezzlement or other wrongful taking or conversion by one or more members of The Flordia Bar of money or other property of such applicant that came into the possession or control of said member or members of The Florida Bar under an attorney and client relationship, provided, however, that such relationship was not for a wrongful purpose and the applicant was not guilty of any bad faith in putting the money or other property in possession or control of such member or members of The Florida Bar.

3. *Administration and Funding:*

The fund shall be administered in accordance with regulations to be adopted by the Board. The committee shall have such duties in the administration of the fund as shall from time to time be prescribed by the Board. The Board shall allocate to the fund from the annual dues of the members of the Bar not more than $10 per member per annum, and the Board is authorized to accept for the fund any contribution or gift offered to it for use in furtherance of the purposes of the fund.

4. *Special Rules:*

(a) The Board may approve for payment from the fund such claims as are found, after investigation, to be meritorious and in accordance with Article XVII of the Integration Rule.

(b) The Board shall investigate every application for relief which appears to meet the requirements of this bylaw. If, in the judgment of the Board, a loss has been sustained by an applicant and the circumstances warrant relief, then, after taking into consideration the resources of the fund and the priority to be assigned to such application in the discretion of the Board, the Board may, in the exercise of its discretion, as a matter of grace and not of right, grant monetary relief. Such monetary relief shall be in such an amount as the Board may determine and shall be payable in such a manner and upon such conditions and terms as the Board shall prescribe. No applicant shall have any right, legal or equitable, contractual or statutory, to a grant of monetary relief from the fund.

(c) Applications for monetary relief shall be submitted on forms prescribed by the Board.

(d) The Board shall not grant any application for monetary relief unless it shall be based upon a loss sustained after December 31, 1966.

(e) As a condition precedent to the grant of monetary relief, the applicant shall make an assignment in favor of the Bar of the subrogation rights or of the judgment or decree

(or the unsatisfied portion thereof) obtained by the applicant against the offending member or members of the Bar, and the Bar shall be entitled to be reimbursed to the extent of the amount of the relief granted with respect to such claim from the first moneys recovered by reason of such subrogation or assignment. Ordinarily, as a matter of policy, however, in cases where the relief granted shall have been for less than the full amount which would have been allowable except for considerations of allocating available resources of the fund or other reasons related to the administration of the fund, the fund shall not be reimbursed for the amount of the relief granted with respect to such claim until and unless the last moneys shall be recovered by reason of such subrogation or assignment. The Bar shall have the right but shall be under no obligation to any applicant to seek recovery from the offending lawyer or lawyers of all or any portion of such applicant's claim; and if the Bar elects not to pursue recovery, an applicant shall be entitled to receive from the Bar, as the owner of the claim, judgment or decree, a reassignment thereof sufficient to permit his collection thereof in his own name, provided that such reassignment shall reserve in favor of the Bar a lien upon the proceeds of any recovery to the extent of the relief paid to the applicant from the fund. In the event of such reassignment, the claimant shall keep the Bar fully informed of all his efforts to obtain recovery.

REGULATIONS
CLIENTS' SECURITY FUND OF THE FLORIDA BAR

In order to carry out the purposes and achieve the objectives of the provisions of the Integration Rule and the bylaws pertaining to the Clients' Security Fund of The Florida Bar, the Clients' Security Fund Committee, with the approval of the Board of Governors of The Florida Bar, promulgates the following regulations pertaining to the operations of the fund:

1. The fund will operate on a calendar year basis.

2. The committee, as soon as practicable after the end of each calendar year and in any event on or before April 15 of the following year, will make recommendations to the Board with respect to all pending claims received prior to the year's end. Additional committee recommendations on prior year's pending claims may be presented at other Board meetings through the year. If the committee determines that a current year claim is payable and that withholding presentation to the Board for payment until the end of the year would involve extreme hardship on the claimant then the committee may present such claim to the Board during the year received.

Investigating members of the Clients' Security Fund Committee shall prepare a written summary on all claims to be considered by the full committee for payment, recommendation or other action. The written summary shall be presented to the designated reviewing member of the Board of Governors for written concurrence or comment before presentation to the full committee. The designated reviewers' concurrence or comment shall in every case be considered by the full committee in taking action on the claim. For purpose of this regulation Board of Governors members shall have similar jurisdiction as designated reviewers in grievance procedures.

3. No disbursement on account of a claim shall be made from the fund unless and until the same has been approved and authorized by the Board.

4. The office of staff counsel shall serve as the staff agency for Clients' Security Fund matters with primary responsibility for (a) processing all claims, (b) preparation of the committee agenda and recording the minutes of committee meetings, (c) presentation of claims to the Board of Governors, (d) notifying claimants of ultimate disposition, (e) coordinating payouts with the business office and the director of public affairs, (f) monitoring subrogation rights on previously paid claims, (g) denying, subject to committee approval, those claims received which are clearly not covered by the fund, (h) preparation of annual fund reports.

5. Except where injustice will result, no claim will be considered unless an application for relief has been filed with the Bar within one year after the applicant has discovered the defalcation.

6. If the accused lawyer shall be a member in good standing of the Bar, the claimant's cooperation in grievance proceedings by the Bar against such lawyer shall be a prerequisite to the granting of relief to such claimant from the fund. If the accused lawyer shall not be a member in good standing of the Bar, the committee may require that the claimant prosecute or cooperate in appropriate civil proceedings against such lawyer as a prerequisite to the granting of relief to such claimant from the fund. Each probable cause report by a grievance committee will contain a statement as to whether the incident reported has any bearing on the fund and whether the complainant has been furnished a fund application. The Clients' Security Fund Committee is

authorized a limited waiver of confidentiality in grievance matters having possible impact on the fund.

7. On any claim for losses occurring prior to January 1, 1974, the fund will pay 100% of the first $3,000 and 50% thereafter up to a maximum of $6,000 on any claim. For losses occurring after December 31, 1973, the fund will pay 100% of the loss to a maximum of $20,000 per claim. If fund resources in a particular year preclude full payment of claims, payments to a fixed dollar limit less than $20,000 may be made. Any claims remaining partially unsatisfied at that time will be carried forward for a maximum of five years after first payment. If the full $20,000 limit has not been paid during such five-year period then any balance remaining unpaid on the claims shall be denied and the claims closed.

8. Effective January 1, 1975, $10 of each member's annual dues is allotted to the fund. $5 of each member's annual dues plus interest earned by the fund is available for annual payouts. The remaining $5 will go to create a corpus of approximately $500,000. If approved by a two-thirds vote of the Board present and voting, interest on the corpus, and thereafter the corpus shall be available for use in years of extraordinary claims on the fund to lessen the need to limit payments to less than the $20,000 limit. After building the $500,000 corpus, the annual contribution to it may be reevaluated by the Board.

9. The committee shall make timely recommendations to the Board with respect to subrogation rights or assignments obtained by reason of all paid claims and shall keep the Board advised, with respect to each such claim, as to the status of all efforts to effect recovery from the defaulting attorney or others, until the Board shall declare the claim inactive.

10. Where a relationship in addition to that of attorney and client exists between the claimant and any defaulting attorney, such as but not limited to consanguinity, affinity, partnership or other business association, such relationship may be grounds for disallowance of the claim.

11. No claim shall be approved where the defaulting attorney was bonded in any capacity which protected the rights of the applicant, where the defaulting attorney was insured under a Lawyers' Professional Liability Policy or a policy of a similar nature which protected the rights of the applicant, or where the claim might be payable from any other source, except the committee, in a case of extreme hardship, may recommend approval of such a claim provided the fund is substituted in place of the applicant for any amounts which might be due the applicant by the bonding or insurance company, or other source.

12. Losses sustained by governmental agencies shall not be considered the basis of a claim against the fund.

13. Monies received by a member of the Bar as a fee for services to be rendered by such member shall not be considered the basis of a claim against the fund.

14. No attorney's fee shall be paid by an applicant in connection with any claim against the fund, and any attorney representing an applicant shall be required to give to the committee a written statement that he will not accept a fee from the applicant for services rendered in connection with any recovery from the fund.

15. Maximum publicity of fund activities shall be arranged by the public affairs director of the Bar.

16. An annual report detailing the financial activities of the fund shall be prepared by staff counsel, approved by the committee chairman and published in The Florida Bar *Journal*.

17. The committee shall be guided by the foregoing regulations but are not necessarily bound by them in every instance, provided that any deviation therefrom shall be approved by the Board.

18. The foregoing regulations may be amended at any time and from time to time by the committee with the approval of the Board.

Article XVII

FLORIDA DESIGNATION PLAN

Section 1. DESIGNATION OF AREAS OF PRACTICE. In accordance with the terms of this article, a member may publicly designate the areas in which he practices law. The certificate issued by this court authorizing one to become a member of The Florida Bar carries with it the authorization to engage in the general practice of law and the right to so specify continues as long as such licensee is a member in good standing of The Florida Bar and such authorization is in addition to any specialty. Provided, however, that any member of The Florida Bar, three years or more after being admitted, may become a registered general practitioner upon otherwise complying with the bylaws herein relating to specialization, after which such registered general practice will be treated as a designation.

Section 2. SCOPE AND FUTURE DEVELOPMENT. The provisions of this article contain minimal standards designed to permit immediate designation of areas of practice. The Board of Governors of The Florida Bar intends to study and monitor the plan and the operations thereunder to determine if modification and expansion is required in the interests of the public and the Bar. Standards of education and experience will be periodically reviewed and upgraded where necessary.

Section 3. AREAS OF PERMITTED DESIGNATION.

(a) A member in good standing of The Florida Bar may not designate an area of practice unless the area has been approved by the Board, provided, however, as stated in Section 1, admission to The Florida Bar authorizes the licensee to designate that he is a general practitioner in addition to any specialty which may thereafter be selected and approved. The Board may approve a particular area of practice on its own motion or upon the request of any member if it finds that the area:

(1) Has not already been approved under a different description;

(2) Is a generally accepted area of practice;

(3) Is described in dignified and ethically appropriate terms.

(b) The areas of practice which have already been approved are listed on Schedule A. Schedule A shall be amended as frequently as necessary to add additional areas approved by the Board.

(c) If a member wishes to designate an area which has not been approved by the Board, he shall include in his application for permission a request that the area of practice be approved. The Board shall consider the request before it takes action on the member's application for permission.

Section 4. ELIGIBILITY FOR PERMISSION TO DESIGNATE AREAS OF PRACTICE.

(a) Except as provided in subsections (b) and (c) and Section 3(a), a member shall be eligible for permission to designate areas of practice only if he has been engaged in the practice of law for at least three years and if during the three years preceding his application for permission he has had substantial experience in each area of practice listed in the application.

(b) If the Board finds that a member who has not engaged in the practice of law for three years has had specialized postgraduate education of concentrated specialized experience in a particular area of practice and that the experience is equal to or greater than the experience he would have gained in that area from three years of practice, the Board may waive the requirement of subsection (a) and permit him to designate that area.

(c) If the Board finds that a member has had at least three years specialized experience or postgraduate education in an area of practice and that the experience or education is not unreasonably remote but that due to extenuating circumstances the member has not had substantial experience in the area during the three years preceding his application, the Board may waive the requirements of subsection (a) and permit him to designate that area.

(d) A member shall not be eligible to designate more than three areas of practice at any one time in addition to the designation as a general practitioner.

Section 5. APPLICATION FOR DESIGNATION OF AREAS OF PRACTICE.

(a) A member who wishes to designate one or more areas of practice shall file with the Board an application for permission on a form to be specified by the Board. The application shall:

(1) List the area or areas the member wishes to designate;

(2) State facts sufficient to establish that the member is eligible to designate the areas listed;

(3) Contain a statement that to enhance his proficiency the member will continue his legal education in the areas he wishes to designate through private study or continuing legal education programs approved by the Board and by this court and other appropriate means approved by the court.

(b) When the application is filed, the member shall pay an application fee in an amount to be established by the Board not exceeding $10. The amount of the application fee shall not be affected by the number of areas designated.

Section 6. ACTION ON APPLICATIONS TO DESIGNATE AREAS OF PRACTICE. The Board shall promptly consider and act upon all applications for permission to designate areas of practice. If it finds that an applicant is eligible under Section 4 to designate one or more areas of practice, it shall issue a letter of permission authorizing the applicant to designate those areas. If it finds that an applicant is not eligible it shall notify the applicant of its findings and the reasons for it. If the applicant is aggrieved by The Florida Bar finding a noneligiblity, the applicant may by simple petition seek review of such denial by the Supreme Court within 30 days.

Section 7. MANNER OF DESIGNATION.

(a) A member having permission to designate areas of practice may do so by listing the areas on his letterhead, business cards, office door, in the yellow pages of the telephone directory, in approved law lists and by other means approved by the Board. Designations shall be made only by naming the permitted areas of practice. (For example, a permitted designation might be "John J. Jones, Admiralty and Trial Practice.") Descriptive words or phrases such as "areas of practice," "practice limited to," "specializing in" shall not be used except as authorized by the Board for publication in approved law lists.

(b) Members having permission to designate areas of practice may list their names and designated areas of practice in the yellow pages of telephone directories in one or both of two permissible listings: an alphabetical listing of all lawyers and

listing of lawyers under area of practice headings. In the alphabetical listing there shall be included the lawyer's name, address and telephone number, and the designated areas of practice. In the categorical listing the designated area of practice shall be listed alphabetically and a listing of attorneys thereunder shall state only the lawyer's name, address and telephone number.

(c) No law firm may designate an area of practice for the firm, but membership in a firm does not impair an individual member's eligibility to designate areas of practice in accordance with this article. Except for the firm listing in the telephone directory, a law firm may show next to the name of any firm members their permitted areas of practice.

Section 8. EFFECT OF DESIGNATION RULE. Nothing in this article precludes any member from practicing in any area of practice regardless of whether he has designated it or any other area under this article.

Section 9. DURATION AND RENEWAL.

(a) A member's right to designate one or more areas of practice shall continue for a term of three years from the date of the letter of permission issued under section 6 or subsection (d) of this section.

(b) A member shall be eligible to renew his right to designate areas of practice only if during the preceding three-year period he has devoted at least 30 hours to approved continuing legal education in each of the areas for which renewal is sought, provided, however, for good cause shown, The Florida Bar may waive all or any part of such requirement and its failure to do so can be reviewed by this court on petition of the member within 30 days.

(c) A member who wishes to renew his right to designate areas of practice shall file an application for renewal with the Board at least 30 days before the permission expires. The application shall be on a form specified by the Board and shall state sufficient facts to establish that the member is eligible to renew. When the application is filed, the member shall pay a renewal fee in an amount to be established by the Board not exceeding $10. The amount of the renewal fee shall not be affected by the number of areas designated. The 30-day notice period may be waived by the Board for good cause shown.

(d) The Board shall promptly consider and act upon all applications for renewal in the same manner as provided in section 6.

Section 10. CONTINUING LEGAL EDUCATION.

(a) Continuing legal education courses offered by The Florida Bar shall qualify as approved courses hereunder. The Board shall determine the number of hours credit to be given for each such course and the designated area entitled to credit for each course.

(b) On the application of any interested person, the Board shall make a determination of the qualification of, and credit to be allowed for, alternative courses or methods of legal education. An aggrieved applicant may petition the court for review within 30 days.

(c) From time to time the Board shall publish current lists of approved educational alternatives.

Section 11. PUBLIC NOTICE.

(a) The Florida Bar may cause a public notice to be promulgated where and when it deems necessary, including, for example, telephone directory yellow pages, in substantially the following form:

NOTICE

For the General Information of the Public

Attorneys who have practiced for three years or more and who, during the immediately preceding three years, have had substantial experience in a designated area of legal practice are permitted, if they so desire, to inform the public of not more than three areas of the law in which they practice, in addition to the right of any attorney to engage in the general practice of law.

Such listing DOES NOT MEAN that such attorney has been certified by any person or group as an "expert" in any area of law, nor does it mean that such attorney is any more expert or competent than any other attorney.

ALL PERSONS ARE URGED TO MAKE THEIR OWN INDEPENDENT INVESTIGATION AND EVALUATION OF ANY ATTORNEY BEING CONSIDERED.

This notice published by The Florida Bar, Telephone A.C. 904/222-5286, Tallahassee, Florida 32304.

(b) The Florida Bar shall assume no liability to any persons whomsoever by reason of the adoption and implementation of the plan.

Section 12. ADMINISTRATION.

(a) The Board may delegate to a committee or to the staff personnel of The Florida Bar any or all of its administrative responsibilities arising under this article, but any member affected by an adverse decision from persons to whom such duties are delegated may appeal to the Board, and, thereafter, any aggrieved member may appeal to the Supreme Court by simple petition filed within 30 days.

(b) Responsibilities which have been delegated to the staff of The Florida Bar are listed on Schedule B.

(c) The president of The Florida Bar, with the approval of the Board, shall appoint a standing committee to be known as the Designation Coordinating Committee, which shall be composed of eight members, four of whom shall be appointed from the CLE Committee of The Florida Bar with the approval of its chairman, and the remaining four of whom shall be from the Specialization Committee of The Florida Bar with the approval of its chairman. The president shall name one such member as the chairman. The Designation Coordinating Committee shall cooperate with and answer inquiries from the staff personnel pertaining to the plan and shall investigate and make recommendations to the Board concerning all questions relating to the plan, including the following:

(1) Approved education courses,

(2) Alternative educational methods,

(3) Number of hours credit to be allowed for educational efforts,

(4) Educational standards for satisfactory completion of approved courses,

(5) Possible need for cooperation with colleges and universities,

(6) Additional areas of practice to be approved for designation,

(7) Possible modification or expansion of the plan,

(8) Adoption of additional standards pertaining to the plan,

(9) Amount of the application and renewal fees,

(10) General administration of the plan.

(d) Application and renewal fees paid by members will be deposited in a segregated account of The Florida Bar and used exclusively for purposes related to operations under this article.

(e) The Florida Bar shall maintain a list of all members who have filed applications for permission or applications for renewal, showing the date and disposition of each application acted upon.

(f) At least six months before the date on which a member's permission to designate areas of practice expires, The Florida Bar shall give the member notice by regular mail advising the member of the date on which permission expires, the required qualifications for renewal of eligibility, and the procedure for renewal.

CODE OF PROFESSIONAL RESPONSIBILITY*

PREAMBLE AND PRELIMINARY STATEMENT

PREAMBLE

The continued existence of a free and democratic society depends upon recognition of the concept that justice is based upon the rule of law grounded in respect for the dignity of the individual and his capacity through reason for enlightened self-government. Law so grounded makes justice possible, for only through such law does the dignity of the individual attain respect and protection. Without it, individual rights become subject to unrestrained power, respect for law is destroyed, and rational self-government is impossible.

Lawyers, as guardians of the law, play a vital role in the preservation of society. The fulfillment of this role requires an understanding by lawyers of their relationship with and function in our legal system. A consequent obligation of lawyers is to maintain the highest standards of ethical conduct.

In fulfilling his professional responsibilities, a lawyer necessarily assumes various roles that require the performance of many difficult tasks. Not every situation which he may encounter can be foreseen, but fundamental ethical principals are always present to guide him. Within the framework of these principles, a lawyer must with courage and foresight be able and ready to shape the body of the law to the ever-changing relationships of society.

The Code of Professional Responsibility points the way to the aspiring and provides standards by which to judge the transgressor. Each lawyer must find within his own conscience the touchstone against which to test the extent to which his actions should rise above minimum standards. But in the last analysis it is the desire for the respect and confidence of the members of his profession and of the society which he serves that should provide to a lawyer the incentive for the highest possible degree of ethical conduct. The possible loss of that respect and confidence is the ultimate sanction. So long as its practitioners are guided by these principles, the law will continue to be a noble profession. This is its greatness and its strength, which permit of no compromise.

PRELIMINARY STATEMENT

In furtherance of the principles stated in the Preamble, the Supreme Court of Florida has promulgated this Code of Professional Responsibility, consisting of three separate but interrelated parts: canons, ethical considerations, and disciplinary rules. The code is designed to be adopted by appropriate agencies both as an inspirational guide to the members of the profession and as a basis for disciplinary action when the conduct of a lawyer falls below the required minimum standards stated in the disciplinary rules.

Obviously the canons, ethical considerations, and disciplinary rules cannot apply to nonlawyers; however, they do define the type of ethical conduct that the public has a right to expect not only of lawyers but also of their nonprofessional employees and associates in all matters pertaining to professional employment. A lawyer should ultimately be responsible for the conduct of his employees and associates in the course of the professional representation of the client.

The canons are statements of axiomatic norms, expressing in general terms the standards of professional conduct expected of lawyers in their relationships with the public, with the legal system, and with the legal profession. They embody the general concepts from which the ethical considerations and the disciplinary rules are derived.

The ethical considerations are aspirational in character and represent the objectives toward which every member of the profession should strive. They constitute a body of principles upon which the lawyer can rely for guidance in many specific situations.

The disciplinary rules, unlike the ethical considerations, are mandatory in character. The disciplinary rules state the minimum level of conduct below which no lawyer can fall without being subject to disciplinary action. Within the framework of fair trial, the disciplinary rules should be uniformly applied to all lawyers, regardless of the nature of their professional

(As adopted by the Supreme Court of Florida on June 3, 1970. Amended June 4, 1975.)

activities. The code makes no attempt to prescribe either disciplinary procedures or penalties for violation of a disciplinary rule, nor does it undertake to define standards for civil liability of lawyers for professional conduct. The severity of judgment against one found guilty of violating a disciplinary rule should be determined by the character of the offense and the attendant circumstances. An enforcing agency, in applying the disciplinary rules, may find interpretive guidance in the basic principles embodied in the canons and in the objectives reflected in the ethical considerations.

CANON 1

A Lawyer Should Assist in Maintaining the Integrity and Competence of the Legal Profession

ETHICAL CONSIDERATIONS

EC 1-1 A basic tenet of the professional responsibility of lawyers is that every person in our society should have ready access to the independent professional services of a lawyer of integrity and competence. Maintaining the integrity and improving the competence of the bar to meet the highest standards is the ethical responsibility of every lawyer.

EC 1-2 The public should be protected from those who are not qualified to be lawyers by reason of a deficiency in education or moral standards or of other relevant factors but who nevertheless seek to practice law. To assure the maintenance of high moral and educational standards of the legal profession, lawyers should affirmatively assist courts and other appropriate bodies in promulgating, enforcing, and improving requirements for admission to the bar. In like manner, the bar has a positive obligation to aid in the continued improvement of all phases of preadmission and postadmission legal education.

EC 1-3 Before recommending an applicant for admission, a lawyer should satisfy himself that the applicant is of good moral character. Although a lawyer should not become a self-appointed investigator or judge of applicants for admission, he should report to proper officials all unfavorable information he possesses relating to the character or other qualifications of an applicant.

EC 1-4 The integrity of the profession can be maintained only if conduct of lawyers in violation of the disciplinary rules is brought to the attention of the proper officials. A lawyer should reveal voluntarily to those officials all unprivileged knowledge of conduct of lawyers which he believes clearly to be in violation of the disciplinary rules. A lawyer should, upon request, serve on and assist committees and boards having responsibility for the administration of the disciplinary rules.

EC 1-5 A lawyer should maintain high standards of professional conduct and should encourage fellow lawyers to do likewise. He should be temperate and dignified, and he should refrain from all illegal and morally reprehensible conduct. Because of his position in society, even minor violations of law by a lawyer may tend to lessen public confidence in the legal profession. Obedience to law exemplifies respect for law. To lawyers especially, respect for the law should be more than a platitude.

EC 1-6 An applicant for admission to the bar or a lawyer may be unqualified, temporarily or permanently, for other than moral and educational reasons, such as mental or emotional instability. Lawyers should be diligent in taking steps to see that during a period of disqualification such person is not granted a license or, if licensed, is not permitted to practice. In like manner, when the disqualification has terminated, members of the bar should assist such person in being licensed, or, if licensed, in being restored to his full right to practice.

DISCIPLINARY RULES

DR 1-101 Maintaining Integrity and Competence of the Legal Profession.

(A) A lawyer is subject to discipline if he has made a materially false statement in, or if he has deliberately failed to disclose a material fact requested in connection with, his application for admission to the bar.

(B) A lawyer shall not further the application for admission to the bar of another person known by him to be unqualified in respect to character, education, or other relevant attribute.

DR 1-102 Misconduct.

(A) A lawyer shall not:

(1) Violate a disciplinary rule.

(2) Circumvent a disciplinary rule through actions of another.

(3) Engage in illegal conduct involving moral turpitude.

(4) Engage in conduct involving dishonesty, fraud, deceit, or misrepresentation.

(5) Engage in conduct that is prejudicial to the administration of justice.

(6) Engage in any other conduct that adversely reflects on his fitness to practice law.

DR 1-103 Disclosure of Information to Authorities.

(A) A lawyer possessing unprivileged knowledge of a clear violation of DR 1-102 should report such knowledge to a tribunal or other authority empowered to investigate or act upon such violation.

(B) A lawyer possessing unprivileged knowledge or evidence concerning another lawyer or a judge shall reveal fully such knowledge or evidence upon proper request of a tribunal or other authority empowered to investigate or act upon the conduct of lawyers or judges.

CANON 2

A Lawyer Should Assist the Legal Profession in Fulfilling Its Duty To Make Legal Counsel Available

ETHICAL CONSIDERATIONS

EC 2-1 The need of members of the public for legal services is met only if they recognize their legal problems, appreciate the importance of seeking assistance, and are able to obtain the services of acceptable legal counsel. Hence, important functions of the legal profession are to educate laymen to recognize their legal problems, to facilitate the process of intelligent selection of lawyers, and to assist in making legal services fully available.

Recognition of Legal Problems

EC 2-2 The legal profession should assist laymen to recognize legal problems because such problems may not be self-revealing and often are not timely noticed. Therefore, lawyers acting under proper auspices should encourage and participate in educational and public relations programs concerning our legal system with particular reference to legal problems that frequently arise. Such educational programs should be motivated by a desire to benefit the public rather than to obtain publicity or employment for particular lawyers. Examples of permissible activities include preparation of institutional advertisements and professional articles for lay publications and participation in seminars, lectures, and civic programs. But a lawyer who participates in such activities should shun personal publicity.

EC 2-3 Whether a lawyer acts properly in volunteering advice to a layman to seek legal services depends upon the circumstances. The giving of advice that one should take legal action could well be in fulfillment of the duty of the legal profession to assist laymen in recognizing legal problems. The advice is proper only if motivated by a desire to protect one who does not recognize that he may have legal problems or who is ignorant of his legal rights or obligations. Hence, the advice is improper if motivated by a desire to obtain personal benefit, secure personal publicity, or cause litigation to be brought merely to harass or injure another. Obviously, a lawyer should not contact a nonclient, directly or indirectly, for the purpose of being retained to represent him for compensation.

EC 2-4 Since motivation is subjective and often difficult to judge, the motives of a lawyer who volunteers advice likely to produce legal controversy may well be suspect if he receives professional employment or other benefits as a result. A lawyer who volunteers advice that one should obtain the services of a lawyer generally should not himself accept employment, compensation, or other benefit in connection with that matter. However, it is not improper for a lawyer to volunteer such advice and render resulting legal services to close friends, relatives, former clients (in regard to matters germane to former employment), and regular clients.

EC 2-5 A lawyer who writes or speaks for the purpose of educating members of the public to recognize their legal problems should carefully refrain from giving or appearing to give a general solution applicable to all apparently similar individual problems, since slight changes in fact situations may require a material variance in the applicable advice; otherwise, the public may be misled and misadvised. Talks and writings by lawyers for laymen should caution them not to attempt to solve individual problems upon the basis of the information contained therein.

Selection of a Lawyer: Generally

EC 2-6 Formerly a potential client usually knew the reputations of local lawyers for competency and integrity and therefore could select a practitioner in whom he had confidence. This traditional selection process worked well because it was initiated by the client and the choice was an informed one.

EC 2-7 Changed conditions, however, have seriously restricted the effectiveness of the traditional selection process. Often the reputations of lawyers are not sufficiently known to enable laymen to make intelligent choices. The law has become increasingly complex and specialized. Few lawyers are willing and competent to deal with every kind of legal matter, and many laymen have difficulty in determining the competence of lawyers to render different types of legal services. The selection of legal counsel is particularly difficult for transients, persons moving into new areas, persons of limited education or means, and others who have little or no contact with lawyers.

EC 2-8 Selection of a lawyer by a layman often is the result of the advice and recommendation of third parties–relatives, friends, acquaintances, business associates, or other lawyers. A layman is best served if the recommendation is disinterested and informed. In order that the recommendation be disinterested, a lawyer should not seek to influence another to recommend his employment. A lawyer should not compensate another person for recommending him, for influencing a prospective client to employ him, or to encourage future recommendations.

Selection of a Lawyer: Professional Notices and Listings

EC 2-9 The traditional ban against advertising by lawyers, which is subject to certain limited exceptions, is rooted in the public interest. Competitive advertising would encourage extravagant, artful, self-laudatory brashness in seeking business and thus could mislead the layman. Furthermore, it would inevitably produce unrealistic expectations in particular cases and bring about distrust of the law and lawyers. Thus, public confidence in our legal system would be impaired by such advertisements of professional services. The attorney-client relationship is personal and unique and should not be established as the result of pressures and deceptions. History has demonstrated that public confidence in the legal system is best preserved by strict, self-imposed controls over, rather than by unlimited, advertising.

EC 2-10 Methods of advertising that are subject to the objections stated above should be and are prohibited. However, the disciplinary rules recognize the value of giving assistance in the selection process through forms of advertising that furnish identification of a lawyer while avoiding such objections. For example, a lawyer may be identified in the classified section of the telephone directory, in the office building directory, and on his letterhead and professional card. But at all times the permitted notices should be dignified and accurate.

EC 2-11 The name under which a lawyer conducts his practice may be a factor in the selection process. The use of a trade name or an assumed name could mislead laymen concerning the identity, responsibility, and status of those practicing thereunder. Accordingly, a lawyer in private practice should practice only under his own name, the name of a lawyer employing him, a partnership name composed of the name of one or more of the lawyers practicing in a partnership, or, if permitted by law, in the name of a professional legal corporation, which should be clearly designated as such. For many years some law firms have used a firm name retaining one or more names of deceased or retired partners and such practice is not improper if the firm is a bona fide successor of a firm in which the deceased or retired person was a member, if the use of the name is authorized by law or by contract, and if the public is not mislead thereby. However, the name of a partner who withdraws from a firm but continues to practice law should be omitted from the firm name in order to avoid misleading the public.

EC 2-12 A lawyer occupying a judicial, legislative, or public executive or administrative position who has the right to practice law concurrently may allow his name to remain in the name of the firm if he actively continues to practice law as a member thereof. Otherwise, his name should be removed from the firm name, and he should not be identified as a past or present member of the firm, and he should not hold himself out as being a practicing lawyer.

EC 2-13 In order to avoid the possibility of misleading persons with whom he deals, a lawyer should be scrupulous in the representation of his professional status. He should not hold himself out as being a partner or associate of a law firm if he is not one in fact, and thus should not hold himself out as a partner or associate if he only shares offices with another lawyer.

EC 2-14 In some instances a lawyer confines his practice to a particular field of law. Except as permitted in DR 2-105, a lawyer should not be permitted to hold himself out as a specialist or as having special training or ability.

EC 2-15 The legal profession has developed lawyer referral systems designed to aid individuals who are able to pay fees but need assistance in locating lawyers competent to handle their particular problems. Use of a lawyer referral system enables a layman to avoid an uninformed selection of a lawyer because such a system makes possible the employment of competent lawyers who have indicated an interest in the subject matter involved. Lawyers should support the principle of lawyer referral systems and should encourage the evolution of other ethical plans which aid in the selection of qualified counsel.

Financial Ability To Employ Counsel: Generally

EC 2-16 The legal profession cannot remain a viable force in fulfilling its role in our society unless its members receive adequate compensation for services rendered, and reasonable fees should be charged in appropriate cases to clients able to pay them. Nevertheless, persons unable to pay all or a portion of a reasonable fee should be able to obtain necessary legal services, and lawyers should support and participate in ethical activities designed to achieve that objective. Lawyers and law firms may, therefore, participate in approved credit plans for financing legal costs, expenses and noncontingent fees.

Financial Ability To Employ Counsel: Persons Able To Pay Reasonable Fees

EC 2-17 The determination of a proper fee requires consideration of the interests of both client and lawyer. A lawyer should not charge more than a reasonable fee, for excessive cost of legal service would deter laymen from utilizing the legal system in protection of their rights. Furthermore, an excessive charge abuses the professional relationship between lawyer and client. On the other hand, adequate compensation is necessary in order to enable the lawyer to serve his client effectively and to preserve the integrity and independence of the profession.

EC 2-18 The determination of the reasonableness of a fee requires consideration of all relevant circumstances, including those stated in the disciplinary rules. The fees of a lawyer will vary according to many factors, including the time required, his experience, ability, and reputation, the nature of the employment, the responsibility involved, and the results obtained. Suggested fee schedules and economic reports of state and local bar associations provide some guidance on the subject of reasonable fees. It is a commendable and longstanding tradition of the bar that special consideration is given in the fixing of any fee for services rendered a brother lawyer or a member of his immediate family.

EC 2-19 As soon as feasible after a lawyer has been employed, it is desirable that he reach a clear agreement with his client as to the basis of the fee charges to be made. Such a course will not only prevent later misunderstanding but will also work for good relations between the lawyer and the client. It is usually beneficial to reduce to writing the understanding of the parties regarding the fee, particularly when it is contingent. A lawyer should be mindful that many persons who desire to employ him may have had little or no experience with fee charges of lawyers, and for this reason he should explain fully to such persons the reasons for the particular fee arrangement he proposes.

EC 2-20 Contingent fee arrangements in civil cases have long been commonly accepted in the United States in proceedings to enforce claims. The historical bases of their acceptance are that (1) they often, and in a variety of circumstances, provide the only practical means by which one having a claim against another can economically afford, finance, and obtain the services of a competent lawyer to prosecute his claim, and (2) a successful prosecution of the claim produces a *res* out of which the fee can be paid. Although a lawyer generally should decline to accept employment on a contingent fee basis by one who is able to pay a reasonable fixed fee, it is not necessarily improper for a lawyer, where justified by the particular circumstances of a case, to enter into a contingent fee contract in a civil case with any client who, after being fully informed of all relevant factors, desires that arrangement. Because of the human relationships involved and the unique character of the proceedings, contingent fee arrangements in domestic relation cases are rarely justified. In administrative agency proceedings contingent fee contracts should be governed by the same considerations as in other civil cases. Public policy properly condemns contingent fee arrangements in criminal cases, largely on the ground that legal services in criminal cases do not produce a *res* with which to pay the fee.

EC 2-21 A lawyer should not accept compensation or anything of value incident to his employment or services from one other than his client without the knowledge and consent of his client after full disclosure.

EC 2-22 Without the consent of his client, a lawyer should not associate in a particular matter with another lawyer outside his firm. A fee may properly be divided between lawyers properly associated if the division is in proportion to the services performed and the responsibility assumed by each lawyer and if the total fee is reasonable.

EC 2-23 A lawyer should be zealous in his efforts to avoid controversies over fees with clients and should attempt to resolve amicably any differences on the subject. He should not sue a client for a fee unless necessary to prevent fraud or gross imposition by the client.

Financial Ability To Employ Counsel: Persons Unable To Pay Reasonable Fees

EC 2-24 A layman whose financial ability is not sufficient to permit payment of any fee cannot obtain legal services, other than in cases where a contingent fee is appropriate, unless the services are provided for him. Even a person of moderate means may be unable to pay a reasonable fee which is large because of the complexity, novelty, or difficulty of the problem or similar factors.

EC 2-25 Historically, the need for legal services of those unable to pay reasonable fees has been met in part by lawyers who donated their services or accepted court appointments on behalf of such individuals. The basic responsibility for providing legal services for those unable to pay ultimately rests upon the individual lawyer, and personal involvement in the problems of the disadvantaged can be one of the most rewarding experiences in the life of a lawyer. Every lawyer, regardless of professional prominence or professional workload, should find time to participate in serving the disadvantaged. The rendition of free legal services to those unable to pay reasonable fees continues to be an obligation of each lawyer, but the efforts of individual lawyers are often not enough to meet the need. Thus it has been necessary for the profession to institute additional programs to provide legal services. Accordingly, legal aid offices, lawyer referral services, and other related programs have been developed, and others will be developed, by the profession. Every lawyer should support all proper efforts to meet this need for legal services.

Acceptance and Retention of Employment

EC 2-26 A lawyer is under no obligation to act as adviser or advocate for every person who may wish to become his client; but in furtherance of the objective of the bar to make legal services fully available, a lawyer should not lightly decline proffered employment. The fulfillment of this objective requires acceptance by a lawyer of his share of tendered employment which may be unattractive both to him and the bar generally.

EC 2-27 History is replete with instances of distinguished and sacrificial services by lawyers who have represented unpopular clients and causes. Regardless of his personal feelings, a lawyer should not decline representation because a client or a cause is unpopular or community reaction is adverse.

EC 2-28 The personal preference of a lawyer to avoid adversary alignment against judges, other lawyers, public officials, or influential members of the community does not justify his rejection of tendered employment.

EC 2-29 When a lawyer is appointed by a court or requested by a bar association to undertake representation of a person unable to obtain counsel, whether for financial or other reasons, he should not seek to be excused from undertaking the representation except for compelling reasons. Compelling reasons do not include such factors as the repugnance of the subject matter of the proceeding, the identity or position of a person involved in the case, the belief of the lawyer that the defendant in a criminal proceeding is guilty, or the belief of the lawyer regarding the merits of the civil case.

EC 2-30 Employment should not be accepted by a lawyer when he is unable to render competent service or when he knows or it is obvious that the person seeking to employ him desires to institute or maintain an action merely for the purpose of harassing or maliciously injuring another. Likewise, a lawyer should decline employment if the intensity of his personal feeling, as distinguished from a community attitude, may impair his effective representation of a prospective client. If a lawyer knows a client has previously obtained counsel, he should not accept employment in the matter unless the other counsel approves or withdraws, or the client terminates the prior employment.

EC 2-31 Full availability of legal counsel requires both that persons be able to obtain counsel and that lawyers who undertake representation complete the work involved. Trial counsel for a convicted defendant should continue to represent his client by advising whether to take an appeal and, if the appeal is prosecuted, by representing him through the appeal unless new counsel is substituted or withdrawal is permitted by the appropriate court.

EC 2-32 A decision by a lawyer to withdraw should be made only on the basis of compelling circumstances, and in a matter pending before a tribunal he must comply with the rules of the tribunal regarding withdrawal. A lawyer should not withdraw without considering carefully and endeavoring to minimize the possible adverse effect on the rights of his client and the possibility of prejudice to his client as a result of his withdrawal. Even when he justifiably withdraws, a lawyer should protect the welfare

of his client by giving due notice of his withdrawal, suggesting employment of other counsel, delivering to the client all papers and property to which the client is entitled, cooperating with counsel subsequently employed, and otherwise endeavoring to minimize the possibility of harm. Further, he should refund to the client any compensation not earned during the employment.

DISCIPLINARY RULES

DR 2-101 Publicity in General.

(A) A lawyer should not prepare, cause to be prepared, use, or participate in the use of, any form of public communication that contains professionally self-laudatory statements calculated to attract lay clients. As used herein, (1) "public communication" includes, but is not limited to, communication by means of television, radio, motion picture, newspaper, magazine, or book. (2) "Self-laudatory statements" shall not include statements made pursuant to DR 2-105.

(B) A lawyer shall not publicize himself, his partner, or associate as a lawyer through newspaper or magazine advertisements, radio or television announcements, display advertisements in city or telephone directories, or other means of commercial publicity, nor shall he authorize or permit others to do so in his behalf except as permitted under DR 2-103 and DR 2-105. This does not prohibit limited and dignified identification of a lawyer as a lawyer as well as by name:

(1) In political advertisements when his professional status is germane to the political campaign or to a political issue.

(2) In public notices when the name and profession of a lawyer are required or authorized by law or are reasonably pertinent for a purpose other than the attraction of potential clients.

(3) In routine reports and announcements of a bona fide business, civic, professional, or political organization in which he serves as a director or officer.

(4) In and on legal documents prepared by him.

(5) In and on legal textbooks, treatises, and other legal publications, and in dignified advertisements thereof.

(C) A lawyer shall not compensate or give any thing of value to representatives of the press, radio, television, or other communciation medium in anticipation of or in return for professional publicity in a news item.

DR 2-102 Professional Notices, Letterheads, Offices, and Law Lists.

(A) A lawyer or law firm shall not use professional cards, professional announcement cards, office signs, letterheads, telephone directory listings, law lists, legal directory listings, or similar professional notices or devices, except that the following may be used if they are in dignified form:

(1) A professional card of a lawyer identifying him by name and as a lawyer, and giving his addresses, telephone numbers, the name of his law firm, and any information permitted under DR 2-105. A professional card of a law firm may also give the names of members and associates. Such cards may be used for identification but may not be published in periodicals, magazines, newspapers, or other media.

(2) A brief professional announcement card stating new or changed associations or addresses, change of firm name, or similar matters pertaining to the professional office of a lawyer or law firm, which may be mailed to lawyers and other persons with whom he has already established such personal relations as would reasonably justify the belief that he enjoys the friendship and confidence of such person to such extent that the person receiving the announcement will consider it news of genuine interest and value. It shall not state biographical data except to the extent reasonably necessary to identify the lawyer or to explain the change in his association, but it may state the immediate past position of the lawyer. It may give the names and dates of predecessor firms in a continuing line of succession. It shall not state the nature of the practice except as permitted under DR 2-105.

(3) A sign on or near the door of the office and in the building directory identifying the law office. The sign shall not state the nature of the practice, except as permitted under DR 2-105.

(4) A letterhead of a lawyer identifying him by name and as a lawyer, and giving his addresses, telephone numbers, the name of his law firm, associates and any information permitted under DR 2-105. A letterhead of a law firm may also give the names of members and associates, and names and dates relating to deceased and retired members. A lawyer may be designated "Of Counsel" on a letterhead if he has a continuing relationship with a lawyer or law firm, other than as a partner or associate. A lawyer or law firm may be designated as "General Counsel" or by similar professional reference on stationery of a client if he or the firm devotes a substantial amount of his or its professional time in the representation of that client. The letterhead of a law firm may give the names and dates of predecessor firms in a continuing line of succession.

(5) A listing of the office of a lawyer or law firm in the alphabetical and classified sections of the telephone directory or directories for the geographical area or areas in which the lawyer resides or maintains offices or in which a significant part of his clientele resides and in the city directory of but the listing may give only the name of the lawyer or law firm, the fact he is a lawyer, addresses, telephone numbers, and other information permitted by DR 2-105. The listing shall not be in distinctive form or type. A law firm may have a listing in the firm name separate from that of its members and associates. The listing in the classified section shall not be under a heading or classification other than "Attorneys" or "Lawyers," except that additional headings or classifications descriptive of the types of practice referred to in DR 2-105 are permitted.

(6) A listing in a reputable law list or legal directory giving brief biographical and other informative data. A law list or directory is not reputable if its management or contents are likely to be misleading or injurious to the public or to the profession. A law list is conclusively established to be reputable if it is certified by the American Bar Association as being in compliance with its rules and standards. The published data may include only the following: name, including name of law firm and names of professional associates; addresses and telephone numbers; one or more fields of law in which the lawyer or law firm concentrates; a statement that practice is limited to one or more fields of law; a statement that the lawyer or law firm specializes in a particular field of law or law practice but only if authorized under DR 2-105(A)(4); date and place of birth; date and place of admission to the bar of state and federal courts; schools attended, with dates of graduation, degrees, and other scholastic distinctions; public or quasi-public offices; military service; posts of honor; legal authorships; legal teaching positions; memberships, offices, committee assignments, and section memberships in bar associations; memberships and offices in legal fraternities and legal societies; technical and professional associations and societies; foreign language ability; names and addresses of references; and, with their consent, names of clients regularly represented.

(B) A lawyer in private practice shall not practice under a trade name, a name that is misleading as to the identity of the lawyer or lawyers practicing under such name, or a firm name containing names other than those of one or more of the lawyers in the firm, except that the name of a professional corporation or professional association may contain "P.C." or "P.A." or similar symbols indicating the nature of the organization, and if otherwise lawful a firm may use as, or continue to include in, its name the name or names of one or more deceased or retired members of the firm or of a predecessor firm in a continuing line of succession. A lawyer who assumes a judicial, legislative, or public executive or administrative post or office shall not permit his name to remain in the name of a law firm or to be used in professional notices of the firm during any significant period in which he is not actively and regularly practicing law as a member of the firm, and during such period other members of the firm shall not use his name in the firm name or in professional notices of the firm.

(C) A lawyer shall not hold himself out as having a partnership with one or more other lawyers unless they are in fact partners.

(D) A partnership shall not be formed or continued between or among lawyers licensed in different jurisdictions unless all enumerations of the members and associates of the firm on its letterhead and in other permissible listings make clear the jurisdictional limitations on those members and associates of the firm not licensed to practice in all listed jurisdictions; however, the same firm name may be used in each jurisdiction.

(E) A lawyer who is engaged both in the practice of law and another profession or business shall not so indicate on his letterhead, office sign, or professional card, nor shall he identify himself as a lawyer in any publication in connection with his other profession or business.

(F) Nothing contained herein shall prohibit a lawyer from using or permitting the use of, in connection with his name, an earned degree or title derived therefrom indicating his training in the law.

(G) Lawyers and law firms participating in an approved credit plan may discreetly display in one location within their offices a statement in an approved format for designation of the use of the plan. If the practice of law is conducted from two or more distinctly separate addresses, one such designation may be maintained within the offices at each address. No other advertising or acknowledgment of an approved credit plan by any lawyer or law firm is permitted, except that specific inquiries from clients or prospective clients may be appropriately answered. Under no circumstances shall one plan be recommended in preference to another plan.

DR 2-103 Recommendation of Professional Employment

(A) A lawyer shall not recommend employment as a private practitioner, of himself, his partner, or associate to a nonlawyer who has not sought his advice regarding employment of a lawyer.

(B) Except as permitted under DR 2-103(C), a lawyer shall not compensate or give anything of value to a person or organization to recommend or secure his employment by a client, or as a reward for having made a recommendation resulting in his employment by a client.

(C) A lawyer shall not request a person or organization to recommend employment, as a private practitioner, of himself, his partner, or associate, except that he may request referrals from a lawyer referral service operated, sponsored, or approved by a bar association representative of the general bar of the geographical area in which the association exists and may pay its fees incident thereto.

(D) A lawyer shall not knowingly assist a person or organization that recommends, furnishes, or pays for legal services to promote the use of his services or those of his partners or associates. However, he may cooperate in a dignified manner with the legal service activities of any of the following, provided that his independent professional judgment is exercised in behalf of his client without interference or control by any organization or other person:

(1) A legal aid office or public defender office:

(a) Operated or sponsored by a duly accredited law school.

(b) Operated or sponsored by a bona fide nonprofit community organization.

(c) Operated or sponsored by a governmental agency.

(d) Operated, sponsored, or approved by a bar association representative of the general bar of the geographical area in which the association exists.

(2) A military legal assistance office.

(3) A lawyer referral service operated, sponsored, or approved by a bar association representative of the general bar of the geographical area in which the association exists, and approved by the Board of Governors of The Florida Bar pursuant to Article XIV of the Integration Rule of The Florida Bar and the Bylaws promulgated thereunder.

(4) A bar association representative of the general bar of the geographical area in which the association exists.

(5) Any organization that has procured the approval of the Board of Governors of The Florida Bar to provide group legal services pursuant to Article XIX of the Integration Rule of The Florida Bar and any Bylaws promulgated thereunder.

(E) A lawyer shall not accept employment when he knows or it is obvious that the person who seeks his services does so as a result of conduct prohibited under this Disciplinary Rule.

DR 2-104 Suggestion of Need of Legal Services.

(A) A lawyer who has given unsolicited advice to a layman that he should obtain counsel or take legal action shall not accept employment resulting from that advice, except that:

(1) A lawyer may accept employment by a close friend, relative, former client (if the advice is germane to the former employment), or one whom the lawyer reasonably believes to be a client.

(2) A lawyer may accept employment that results from his participation in activities designed to educate laymen to recognize legal problems, to make intelligent selection of counsel, or to utilize available legal services if such activities are conducted or sponsored by any of the offices or organizations enumerated in DR 2-103(D)(1) through (5), to the extent and under the conditions prescribed therein.

(3) A lawyer who is furnished or paid by any of the offices or organizations enumerated in DR 2-103(D)(1), (2), or (5) may represent a member or beneficiary therof, to the extent and under the conditions prescribed therein.

(4) Without affecting his right to accept employment, a lawyer may speak publicly or write for publication on legal topics so long as he does not emphasize his own professional experience or reputation and does not undertake to give individual advice.

(5) If success in asserting rights or defenses of his client in litigation in the nature of a class action is dependent upon the joinder of others, a lawyer may accept, but shall not seek, employment from those contacted for the purpose of obtaining their joinder.

DR 2-105 Limitation of Practice

A lawyer shall not hold himself out publicly as a specialist or as limiting his practice, except as permitted under DR 2-102(A)(6) or as follows:

(1) A lawyer who complies with the Florida Designation Plan as set forth in Article XXI of the Integration Rule and Article XVII of the Bylaws of The Florida Bar, may, to the extent permitted therein, inform the public and other lawyers of designated areas of his legal practice.

(2) A lawyer may permit his name to be listed in lawyer referral service offices according to the fields of law in which he will accept referrals.

(3) A lawyer available to act as a consultant to or as an associate of other lawyers in a particular branch of law or legal service may distribute to other lawyers and publish in local legal journals a dignified announcement of such availability, but the announcement shall not contain a representation of special competence or experience, except as permitted under DR 2-105(f) above. The announcement shall not be distributed to lawyers more frequently than once in a calendar year, but it

may be published periodically in local legal journals.

(4) A lawyer who is certified as a specialist in a particular field of law or law practice by the authority having jurisdiction under state law over the subject of specialization by lawyers may hold himself out as such specialist but only in accordance with the rules prescribed by that authority.

DR 2-106 Fees for Legal Services.

(A) A lawyer shall not enter into an agreement for, charge, or collect an illegal or clearly excessive fee.

(B) A fee is clearly excessive when, after a review of the facts, a lawyer of ordinary prudence would be left with a definite and firm conviction that the fee is in excess of a reasonable fee. Factors to be considered as guides in determining the reasonableness of a fee include the following:

(1) The time and labor required, the novelty and difficulty of the questions involved, and the skill requisite to perform the legal service properly.

(2) The likelihood, if apparent to the client, that the acceptance of the particular employment will preclude other employment by the lawyer.

(3) The fee customarily charged in the locality for similar legal services.

(4) The amount involved and the results obtained.

(5) The time limitations imposed by the client or by the circumstances.

(6) The nature and length of the professional relationship with the client.

(7) The experience, reputation, and ability of the lawyer or lawyers performing the services.

(8) Whether the fee is fixed or contingent.

(C) A lawyer shall not enter into an arrangement for, charge, or collect a contingent fee for representing a defendant in a criminal case, nor shall he enter into an arrangement for, charge, or collect any fee in a domestic relations matter, the payment or amount of which is contingent upon the securing of a divorce or upon the amount of alimony or support, or property settlement in lieu thereof.

(D) Charges made by any lawyer or law firm under an approved credit plan shall be only for services actually rendered or cash actually paid on behalf of the client. No higher fee shall be charged and no additional charge shall be imposed by reason of a lawyer's or law firm's participation in an approved credit plan.

DR 2-107 Division of Fees Among Lawyers.

(A) A lawyer shall not divide a fee for legal services with another lawyer who is not a partner in or associate of his law firm or law office, unless:

(1) The client consents to employment of the other lawyer after a full disclosure that a division of fees will be made.

(2) The division is made in proportion to the services performed and responsibility assumed by each.

(3) The total fee of the lawyers does not clearly exceed reasonable compensation for all legal services they rendered the client.

(B) This Disciplinary Rule does not prohibit payment to a former partner or associate pursuant to a separation or retirement agreement.

DR 2-108 Agreements Restricting the Practice of a Lawyer.

(A) A lawyer shall not be a party to or participate in a partnership or employment agreement with another lawyer that restricts the right of a lawyer to practice law after the termination of a relationship created by the agreement, except as a condition to payment of retirement benefits.

(B) In connection with the settlement of a controversy or suit, a lawyer shall not enter into an agreement that restricts his right to practice law.

DR 2-109 Acceptance of Employment.

(A) A lawyer shall not accept employment on behalf of a person if he knows or it is obvious that such person wishes to:

(1) Bring a legal action, conduct a defense, or assert a position in litigation, or otherwise have steps taken for him, merely for the purpose of harassing or maliciously injuring any person.

(2) Present a claim or defense in litigation that is not warranted under existing law, unless it can be supported by good faith argument for an extension, modification, or reversal of existing law.

DR 2-110 Withdrawal from Employment.

(A) In general.

(1) If permission for withdrawal from employment is required by the rules of a tribunal, a lawyer shall not withdraw from employment in a proceeding before that tribunal without its permission.

(2) In any event, a lawyer shall not withdraw from employment until he has taken reasonable steps to avoid foreseeable prejudice to the rights of his client, including giving due notice to his client, allowing time for employment of other counsel, delivering to the

client all papers and property to which the client is entitled, and complying with applicable laws and rules.

(3) A lawyer who withdraws from employment shall refund promptly any part of a fee paid in advance that has not been earned.

(B) Mandatory withdrawal.

A lawyer representing a client before a tribunal, with its permission if required by its rules, shall withdraw from employment, and a lawyer representing a client in other matters shall withdraw from employment, if:

(1) He knows or it is obvious that his client is bringing the legal action, conducting the defense, or asserting a position in the litigation, or is otherwise having steps taken for him, merely for the purpose of harassing or maliciously injuring any person.

(2) He knows or it is obvious that his continued employment will result in violation of a disciplinary rule.

(3) His mental or physical condition renders it unreasonably difficult for him to carry out the employment effectively.

(4) He is discharged by his client.

(C) Permissive withdrawal.

If DR 2-110(B) is not applicable, a lawyer may not request permission to withdraw in matters pending before a tribunal, and may not withdraw in other matters, unless such request or such withdrawal is because:

(1) His client:

(a) Insists upon presenting a claim or defense that is not warranted under existing law and cannot be supported by good faith argument for an extension, modification, or reversal of existing law.

(b) Personally seeks to pursue an illegal course of conduct.

(c) Insists that the lawyer pursue a course of conduct that is illegal or that is prohibited under the Disciplinary Rules.

(d) By other conduct renders it unreasonably difficult for the lawyer to carry out his employment effectively.

(e) Insists, in a matter not pending before a tribunal, that the lawyer engage in conduct that is contrary to the judgment and advice of the lawyer but not prohibited under the Disciplinary Rules.

(f) Deliberately disregards an agreement or obligation to the lawyer as to expenses or fees.

(2) His continued employment is likely to result in a violation of a Disciplinary Rule.

(3) His inability to work with co-counsel indicates that the best interests of the client likely will be served by withdrawal.

(4) His mental or physical condition renders it difficult for him to carry out the employment effectively.

(5) His client knowingly and freely assents to termination of his employment.

(6) He believes in good faith, in a proceeding pending before a tribunal, that the tribunal will find the existence of other good cause for withdrawal.

CANON 3

A Lawyer Should Assist in Preventing the Unauthorized Practice of Law

ETHICAL CONSIDERATIONS

EC 3-1 The prohibition against the practice of law by a layman is grounded in the need of the public for integrity and competence of those who undertake to render legal services. Because of the fiduciary and personal character of the lawyer-client relationship and the inherently complex nature of our legal system, the public can better be assured of the requisite responsibility and competence if the practice of law is confined to those who are subject to the requirements and regulations imposed upon members of the legal profession.

EC 3-2 The sensitive variations in the considerations that bear on legal determinations often make it difficult even for a lawyer to exercise appropriate professional judgment, and it is therefore essential that the personal nature of the relationship of client and lawyer be preserved. Competent professional judgment is the product of a trained familiarity with law and legal processes, a disciplined, analytical approach to legal problems, and a firm ethical commitment.

EC 3-3 A nonlaywer who undertakes to handle legal matters is not governed as to integrity or legal competence by the same rules that govern the conduct of a lawyer. A lawyer is not only subject to that regulation but also is committed to high standards of ethical conduct. The public interest is best served in legal matters by a regulated profession committed to such standards. The disciplinary rules protect the public in that they prohibit a lawyer from seeking employment by improper overtures,

from acting in cases of divided loyalties, and from submitting to the control of others in the exercise of his judgment. Moreover, a person who entrusts legal matters to a lawyer is protected by the attorney-client privilege and by the duty of the lawyer to hold inviolate the confidences and secrets of his client.

EC 3-4 A layman who seeks legal services often is not in a position to judge whether he will receive proper professional attention. The entrustment of a legal matter may well involve the confidences, the reputation, the property, the freedom, or even the life of the client. Proper protection of members of the public demands that no person be permitted to act in the confidential and demanding capacity of a lawyer unless he is subject to the regulations of the legal profession.

EC 3-5 It is neither necessary nor desirable to attempt the formulation of a single, specific definition of what constitutes the practice of law. Functionally, the practice of law relates to the rendition of services for others that call for the professional judgment of a lawyer. The essence of the professional judgment of the lawyer is his educated ability to relate the general body and philosophy of law to a specific legal problem of a client; and thus, the public interest will be better served if only lawyers are permitted to act in matters involving professional judgment. Where this professional judgment is not involved, nonlawyers, such as court clerks, police officers, abstracters, and many governmental employees, may engage in occupations that require a special knowledge of law in certain areas. But the services of a lawyer are essential in the public interest whenever the exercise of professional legal judgment is required.

EC 3-6 A lawyer often delegates tasks to clerks, secretaries, and other lay persons. Such delegation is proper if the lawyer maintains a direct relationship with his client, supervises the delegated work, and has complete professional responsibility for the work product. This delegation enables a lawyer to render legal service more economically and efficiently.

EC 3-7 The prohibition against a nonlawyer practicing law does not prevent a layman from representing himself, for then he is ordinarily exposing only himself to possible injury. The purpose of the legal profession is to make educated legal representation available to the public; but anyone who does not wish to avail himself of such representation is not required to do so. Even so, the legal profession should help members of the public to recognize legal problems and to understand why it may be unwise for them to act for themselves in matters having legal consequences.

EC 3-8 Since a lawyer should not aid or encourage a layman to practice law, he should not practice law in association with a layman or otherwise share legal fees with a layman. This does not mean, however, that the pecuniary value of the interest of a deceased lawyer in his firm or practice may not be paid to his estate or specified persons such as his widow or heirs. In like manner, profit-sharing retirement plans of a lawyer or law firm which include nonlawyer office employees are not improper. These limited exceptions to the rule against sharing legal fees with laymen are permissible since they do not aid or encourage laymen to practice law.

EC 3-9 Regulation of the practice of law is accomplished principally by the respective states. Authority to engage in the practice of law conferred in any jurisdiction is not per se a grant of the right to practice elsewhere, and it is improper for a lawyer to engaged in practice where he is not permitted by law or by court order to do so. However, the demands of business and the mobility of our society pose distinct problems in the regulation of the practice of law by the states. In furtherance of the public interest, the legal profession should discourage regulation that unreasonably imposes territorial limitations upon the right of a lawyer to handle the legal affairs of his client or upon the opportunity of a client to obtain the services of a lawyer of his choice in all matters including the presentation of a contested matter in a tribunal before which the lawyer is not permanently admitted to practice.

DISCIPLINARY RULES

DR 3-101 Aiding Unauthorized Practice of Law.

(A) A lawyer shall not aid a nonlawyer in the unauthorized practice of law.

(B) A lawyer shall not practice law in a jurisdiction where to do so would be in violation of regulations of the profession in that jurisdiction.

DR 3-102 Dividing Legal Fees with a Nonlawyer.

(A) A lawyer or law firm shall not share legal fees with a nonlawyer, except that:

(1) An agreement by a lawyer with his firm, partner, or associate may provide for the payment of money, over a reasonable period of time after his death, to his estate or to one or more specified persons.

(2) A lawyer who undertakes to complete unfinished legal business of a deceased lawyer may pay to the estate of the deceased lawyer that proportion of the total compensation which fairly represents the services rendered by the deceased lawyer.

(3) A lawyer or law firm may include nonlawyer employees in a retirement plan, even though the plan is based in whole or in part on a profit-sharing arrangement.

(B) A lawyer or a law firm may pay the discount charge incident to the use of an approved credit plan for financing legal fees, costs and expenses. The fact that reasonable fees charged a client may provide the funds with which to pay the discount charge for the plan shall not constitute a violation of this rule, provided that no separate or additional charge may be made for that purpose. See DR 2-106(D).

DR 3-103 Forming a Partnership with a Nonlawyer.

(A) A lawyer shall not form a partnership with a nonlawyer if any of the activities of the partnership consist of the practice of law.

CANON 4

A Lawyer Should Preserve the Confidences and Secrets of a Client

ETHICAL CONSIDERATIONS

EC 4-1 Both the fiduciary relationship existing between lawyer and client and the proper functioning of the legal system require the preservation by the lawyer of confidences and secrets of one who has employed or sought to employ him. A client must feel free to discuss whatever he wishes with his lawyer and a lawyer must be equally free to obtain information beyond that volunteered by his client. A lawyer should be fully informed of all the facts of the matter he is handling in order for his client to obtain the full advantage of our legal system. It is for the lawyer in the exercise of his independent professional judgment to separate the relevant and important from the irrelevant and unimportant. The observance of the ethical obligation of a lawyer to hold inviolate the confidences and secrets of his client not only facilitates the full development of facts essential to proper representation of the client but also encourages laymen to seek early legal assistance.

EC 4-2 The obligation to protect confidences and secrets obviously does not preclude a lawyer from revealing information when his client consents after full disclosure, when necessary to perform his professional employment, when permitted by a disciplinary rule, or when required by law. Unless the client otherwise directs, a lawyer may disclose the affairs of his client to partners or associates of his firm. It is a matter of common knowledge that the normal operation of a law office exposes confidential professional information to nonlawyer employees of the office, particularly secretaries and those having access to the files; and this obligates a lawyer to exercise care in selecting and training his employees so that the sanctity of all confidences and secrets of his clients may be preserved. If the obligation extends to two or more clients as to the same information, a lawyer should obtain the permission of all before revealing the information. A lawyer must always be sensitive to the rights and wishes of his client and act scrupulously in the making of decisions which may involve the disclosure of information obtained in his professional relationship. Thus, in the absence of consent of his client after full disclosure, a lawyer should not associate another lawyer in the handling of a matter; nor should he, in the absence of consent, seek counsel from another lawyer if there is a reasonable possibility that the identity of the client or his confidences or secrets would be revealed to such lawyer. Both social amenities and professional duty should cause a lawyer to shun indiscreet conversations concerning his clients.

EC 4-3 Unless the client otherwise directs, it is not improper for a lawyer to give limited information from his files to an outside agency necessary for statistical, bookkeeping, accounting, data processing, banking, printing, or other legitimate purposes, provided he exercises due care in the selection of the agency and warns the agency that the information must be kept confidential.

EC 4-4 The attorney-client privilege is more limited than the ethical obligation of a lawyer to guard the confidences and secrets of his client. This ethical precept, unlike the evidentiary privilege, exists without regard to the nature or source of information or the fact that others share the knowledge. A lawyer should endeavor to act in a manner which preserves the evidentiary privilege; for example, he should avoid professional discussions in the presence of persons to whom the privilege does not extend. A lawyer owes an obligation to advise the client of the attorney-client privilege and timely to assert the privilege unless it is waived by the client.

EC 4-5 A lawyer should not use information acquired in the course of the representation of a client to the disadvantage of the client and a lawyer should not use, except with the consent of his client after full disclosure, such information for his own purposes. Likewise, a lawyer should be diligent in his efforts to prevent the misuse of such information by his employees and associates. Care should be exercised by a lawyer to prevent the disclosure of the confidences and secrets of one client to another, and no employment should be accepted that might require such disclosure.

EC 4-6 The obligation of a lawyer to preserve the confidences and secrets of his client continues after the termination of his employment. Thus a lawyer should not attempt to sell a law practice as a going business because, among other reasons, to do so would involve the disclosure of confidences and secrets. A lawyer should also provide for the protection of the confidences and secrets of his client following the termination of the practice of the lawyer, whether termination is due to death, disability, or retirement. For example, a lawyer might provide for the personal papers of the client to be returned to him and for the papers of the lawyer to be delivered to another lawyer or to be destroyed. In determining the method of disposition, the instructions and wishes of the client should be a dominant consideration.

DISCIPLINARY RULES

DR 4-101 Preservation of Confidences and Secrets of a Client.

(A) "Confidence" refers to information protected by the attorney-client privilege under applicable law, and "secret" refers to other information gained in the professional relationship that the client has requested be held inviolate or the disclosure of which would be embarrassing or would be likely to be detrimental to the client.

(B) Except when permitted under DR 4-101(C) and (D), a lawyer shall not knowingly:

(1) Reveal a confidence or secret of his client.

(2) Use a confidence or secret of his client to the disadvantage of the client.

(3) Use a confidence or secret of his client for the advantage of himself or of a third person, unless the client consents after full disclosure.

(C) A lawyer may reveal:

(1) Confidences or secrets with the consent of the client or clients affected, but only after a full disclosure to them.

(2) Confidences or secrets when permitted under disciplinary rules.

(3) Confidences or secrets necessary to establish or collect his fee or to defend himself or his employees or associates against an accusation of wrongful conduct.

(4) to the sponsor of an approved credit plan, upon the client's request, for examination and verification at any reasonable time, all records of the lawyer pertaining to charges made pursuant to the plan, except to the extent that such records constitute privileged communications or cannot ethically be revealed.

(D) A lawyer shall reveal:

(1) Confidences or secrets when required by law, provided that a lawyer required by a tribunal to make such a disclosure may first avail himself of all appellate remedies available to him.

(2) The intention of his client to commit a crime and the information necessary to prevent the crime.

(E) A lawyer shall exercise reasonable care to prevent his employees, associates, and others whose services are utilized by him from disclosing or using confidences or secrets of a client, except that a lawyer may reveal the information allowed by DR 4-101(C) and (D) through an employee.

CANON 5

A Lawyer Should Exercise Independent Professional Judgment on Behalf of a Client

ETHICAL CONSIDERATIONS

EC 5-1 The professional judgment of a lawyer should be exercised, within the bounds of the law, solely for the benefit of his client and free of compromising influences and loyalties. Neither his personal interests, the interests of other clients, nor the desires of third persons should be permitted to dilute his loyalty to his client.

Interests of a Lawyer That May Affect His Judgment

EC 5-2 A lawyer should not accept proffered employment if his personal interests or desires will, or there is a reasonable probability that they will, affect adversely the advice to be given or services to be rendered the prospective client. After accepting employment, a lawyer carefully should refrain from acquiring a property right or assuming a position that would tend to make his judgment less protective of the interests of his client.

EC 5-3 The self-interest of a lawyer resulting from his ownership of property in which his client also has an interest or which may affect property of his client may interfere with the exercise of free judgment on behalf of his client. If such interference would occur with respect to a prospective client, a lawyer should decline employment proffered by him. After accepting employment, a lawyer should not acquire

property rights that would adversely affect his professional judgment in the representation of his client. Even if the property interests of a lawyer do not presently interfere with the exercise of his independent judgment, but the likelihood of interference can reasonably be foreseen by him, a lawyer should explain the situation to his client and should decline employment or withdraw unless the client consents to the continuance of the relationship after full disclosure. A lawyer should not seek to persuade his client to permit him to invest in an undertaking of his client nor make improper use of his professional relationship to influence his client to invest in an enterprise in which the lawyer is interested.

EC 5-4 If, in the course of his representation of a client, a lawyer is permitted to receive from his client a beneficial ownership in publication rights relating to the subject matter of the employment, he may be tempted to subordinate the interests of his client to his own anticipated pecuniary gain. For example, a lawyer in a criminal case who obtains from his client television, radio, motion picture, newspaper, magazine, book, or other publication rights with respect to the case may be influenced, consciously or unconsciously, to a course of conduct that will enhance the value of his publication rights to the prejudice of his client. To prevent these potentially differing interests, such arrangements should be scrupulously avoided prior to the termination of all aspects of the matter giving rise to the employment, even though his employment has previously ended.

EC 5-5 A lawyer should not suggest to his client that a gift be made to himself or for his benefit. If a lawyer accepts a gift from his client, he is peculiarly susceptible to the charge that he unduly influenced or overreached the client. If a client voluntarily offers to make a gift to his lawyer, the lawyer may accept the gift, but before doing so, he should urge that his client secure disinterested advice from an independent, competent person who is cognizant of all the circumstances. Other than in exceptional circumstances, a lawyer should insist that an instrument in which his client desires to name him beneficially be prepared by another lawyer selected by the client.

EC 5-6 A lawyer should not consciously influence a client to name him as executor, trustee, or lawyer in an instrument. In those cases, where a client wishes to name his lawyer as such, care should be taken by the lawyer to avoid even the appearance of impropriety.

EC 5-7 The possibility of an adverse effect upon the exercise of free judgment by a lawyer on behalf of his client during litigation generally makes it undesirable for the lawyer to acquire a proprietary interest in the cause of his client or otherwise to become financially interested in the outcome of the litigation. However, it is not improper for a lawyer to protect his right to collect a fee for his services by the assertion of legally permissible liens, even though by doing so he may acquire an interest in the outcome of litigation. Although a contingent fee arrangement gives a lawyer a financial interest in the outcome of litigation, a reasonable contingent fee is permissible in civil cases because it may be the only means by which a layman can obtain the services of a lawyer of his choice. But a lawyer, because he is in a better position to evaluate a cause of action, should enter into a contingent fee arrangement only in those instances where the arrangement will be beneficial to the client.

EC 5-8 A financial interest in the outcome of litigation also results if monetary advances are made by the lawyer to his client. Although this assistance generally is not encouraged, there are instances when it is not improper to make loans to a client. For example, the advancing or guaranteeing of payment of the costs and expenses of litigation by a lawyer may be the only way a client can enforce his cause of action, but the ultimate liability for such costs and expenses must be that of the client.

EC 5-9 Occasionally a lawyer is called upon to decide in a particular case whether he will be a witness or an advocate. If a lawyer is both counsel and witness, he becomes more easily impeachable for interest and thus may be a less effective witness. Conversely, the opposing counsel may be handicapped in challenging the credibility of the lawyer when the lawyer also appears as an advocate in the case. An advocate who becomes a witness is in the unseemly and ineffective position of arguing his own credibility. The roles of an advocate and of a witness are inconsistent; the function of an advocate is to advance or argue the cause of another, while that of a witness is to state facts objectively.

EC 5-10 Problems incident to the lawyer-witness relationship arise at different stages; they relate either to whether a lawyer should accept employment or should withdraw from employment. Regardless of when the problem arises, his decision is to be governed by the same basic considerations. It is not objectionable for a lawyer who is a potential witness to be an advocate if it is unlikely that he will be called as a witness because his testimony would be merely cumulative or if his testimony will relate only to an uncontested issue. In the exceptional situation where it will be manifestly unfair to the client for the lawyer to refuse employment or to withdraw when he will likely be a witness on a

contested issue, he may serve as advocate even though he may be a witness. In making such decision, he should determine the personal or financial sacrifice of the client that may result from his refusal of employment or withdrawal therefrom, the materiality of his testimony, and the effectiveness of his representation in view of his personal involvement. In weighing these factors, it should be clear that refusal or withdrawal will impose an unreasonable hardship upon the client before the lawyer accepts or continues the employment. Where the question arises, doubts should be resolved in favor of the lawyer testifying and against his becoming or continuing as an advocate.

EC 5-11 A lawyer should not permit his personal interests to influence his advice relative to a suggestion by his client that additional counsel be employed. In like manner, his personal interests should not deter him from suggesting that additional counsel be employed; on the contrary, he should be alert to the desirability of recommending additional counsel when, in his judgment, the proper representation of his client requires it. However, a lawyer should advise his client not to employ additional counsel suggested by the client if the lawyer believes that such employment would be a disservice to the client, and he should disclose the reasons for his belief.

EC 5-12 Inability of co-counsel to agree on a matter vital to the representation of their client requires that their disagreement be submitted by them jointly to their client for his resolution, and the decision of the client shall control the action to be taken.

EC 5-13 A lawyer should not maintain membership in or be influenced by any organization of employees that undertakes to prescribe, direct, or suggest when or how he should fulfill his professional obligations to a person or organization that employs him as a lawyer. Although it is not necessarily improper for a lawyer employed by a corporation or similar entity to be a member of an organization of employees, he should be vigilant to safeguard his fidelity as a lawyer to his employer, free from outside influences.

Interests of Multiple Clients

EC 5-14 Maintaining the independence of professional judgment required of a lawyer precludes his acceptance or continuation of employment that will adversely affect his judgment on behalf of or dilute his loyalty to a client. This problem arises whenever a lawyer is asked to represent two or more clients who may have differing interests, whether such interests be conflicting, inconsistent, diverse, or otherwise discordant.

EC 5-15 If a lawyer is requested to undertake or to continue representation of multiple clients having potentially differing interests, he must weigh carefully the possibility that his judgment may be impaired or his loyalty divided if he accepts or continues the employment. He should resolve all doubts against the propriety of the representation. A lawyer should never represent in litigation multiple clients with different interests; and there are few situations in which he would be justified in representing in litigation multiple clients with potentially differing interests. If a lawyer accepted such employment and the interests did become actually differing, he would have to withdraw from employment with likelihood of resulting hardship on the clients; and for this reason it is preferable that he refuse the employment initially. On the other hand, there are many instances in which a lawyer may properly serve multiple clients having potentially different interests in matters not involving litigation. If the interests vary only slightly, it is generally likely that the lawyer will not be subjected to an adverse influence and that he can retain his independent judgment on behalf of each client; and if the interests become differing, withdrawal is less likely to have a disruptive effect upon the causes of his clients.

EC 5-16 In those instances in which a lawyer is justified in representing two or more clients having differing interests, it is nevertheless essential that each client be given the opportunity to evaluate his need for representation free of any potential conflict and to obtain other counsel if he so desires. Thus before a lawyer may represent multiple clients, he should explain fully to each client the implications of the common representation and should accept or continue employment only if the clients consent. If there are present other circumstances that might cause any of the multiple clients to question the undivided loyalty of the lawyer, he should also advise all of the clients of those circumstances.

EC 5-17 Typically recurring situations involving potentially differing interests are those in which a lawyer is asked to represent codefendants in a criminal case, coplaintiffs in a personal injury case, an insured and his insurer, and beneficiaries of the estate of a decedent. Whether a lawyer can fairly and adequately protect the interests of multiple clients in these and similar situations depends upon an analysis of each case. In certain circumstances, there may exist little chance of the judgment of the lawyer being adversely affected by the slight possibility that the interests will become actually differing; in other circumstances, the chance of adverse effect upon his judgment is not unlikely.

EC 5-18 A lawyer employed or retained by a

corporation or similar entity owes his allegiance to the entity and not to a stockholder, director, officer, employee, representative, or other person connected with the entity. In advising the entity, a lawyer should keep paramount its interests and his professional judgment should not be influenced by the personal desires of any person or organization. Occasionally a lawyer for an entity is requested by a stockholder, director, officer, employee, representative, or other person connected with the entity to represent him in an individual capacity; in such case the lawyer may serve the individual only if the lawyer is convinced that differing interests are not present.

EC 5-19 A lawyer may represent several clients whose interests are not actually or potentially differing. Nevertheless, he should explain any circumstances that might cause a client to question his undivided loyalty. Regardless of the belief of a lawyer that he may properly represent multiple clients, he must defer to a client who holds the contrary belief and withdraw from representation of that client.

EC 5-20 A lawyer is often asked to serve as an impartial arbitrator or mediator in matters which involve present or former clients. He may serve in either capacity if he first discloses such present or former relationships. After a lawyer has undertaken to act as an impartial arbitrator or mediator, he should not thereafter represent in the dispute any of the parties involved.

Desires of Third Persons

EC 5-21 The obligation of a lawyer to exercise professional judgment solely on behalf of his client requires that he disregard the desires of others that might impair his free judgment. The desires of a third person will seldom adversely affect a lawyer unless that person is in a position to exert strong economic, political, or social pressures upon the lawyer. These influences are often subtle, and a lawyer must be alert to their existence. A lawyer subjected to outside pressures should make full disclosure of them to his client; and if he or his client believes that the effectiveness of his representation has been or will be impaired thereby, the lawyer should take proper steps to withdraw from representation of his client.

EC 5-22 Economic, political, or social pressures by third persons are less likely to impinge upon the independent judgment of a lawyer in a matter in which he is compensated directly by his client and his professional work is exclusively with his client. On the other hand, if a lawyer is compensated from a source other than his client, he may feel a sense of responsibility to someone other than his client.

EC 5-23 A person or organization that pays or furnishes lawyers to represent others possesses a potential power to exert strong pressures against the independent judgment of those lawyers. Some employers may be interested in furthering their own economic, political, or social goals without regard to the professional responsibility of the lawyer to his individual client. Others may be far more concerned with establishment or extension of legal principles than in the immediate protection of the rights of the lawyer's individual client. On some occasions, decisions on priority of work may be made by the employer rather than the lawyer with the result that prosecution of work already undertaken for clients is postponed to their detriment. Similarly, an employer may seek, consciously or unconsciously, to further its own economic interests through the actions of the lawyers employed by it. Since a lawyer must always be free to exercise his professional judgment without regard to the interests or motives of a third person, the lawyer who is employed by one to represent another must constantly guard against erosion of his professional freedom.

EC 5-24 To assist a lawyer in preserving his professional independence, a number of courses are available to him. For example, a lawyer should not practice with or in the form of a professional legal corporation, even though the corporate form is permitted by law, if any director, officer, or stockholder of it is a nonlawyer. Although a lawyer may be employed by a business corporation with nonlawyers serving as directors or officers, and they necessarily have the right to make decisions of business policy, a lawyer must decline to accept direction of his professional judgment from any layman. Various types of legal aid offices are administered by boards of directors composed of lawyers and laymen. A lawyer should not accept employment from such an organization unless the board sets only broad policies and there is no interference in the relationship of the lawyer and the individual client he serves. Where a lawyer is employed by an organization, a written agreement that defines the relationship between him and the organization and provides for his independence is desirable since it may serve to present misunderstanding as to their respective roles. Although other innovations in the means of supplying legal counsel may develop, the responsibility of the lawyer to maintain his professional independence remains constant, and the legal profession must insure that changing circumstances do not result in loss of the professional independence of the lawyer.

DR 5-101 Refusing Employment When the Interests of the Lawyer May Impair His Independent Professional Judgment.

(A) Except with the consent of his client after full disclosure, a lawyer shall not accept employment if the exercise of his professional judgment on behalf of his client will be or reasonably may be affected by his own financial, business, property, or personal interests.

(B) A lawyer shall not accept employment in contemplated or pending litigation if he knows or it is obvious that he or a lawyer in his firm ought to be called as a witness, except that he may undertake the employment and he or a lawyer in his firm may testify:

(1) If the testimony will relate solely to an uncontested matter.

(2) If the testimony will relate solely to a matter of formality and there is no reason to believe that substantial evidence will be offered in opposition to the testimony.

(3) If the testimony will relate solely to the nature and value of legal services rendered in the case by the lawyer or his firm to the client.

(4) As to any matter, if refusal would work a substantial hardship on the client because of the distinctive value of the lawyer or his firm as counsel in the particular case.

DR 5-102 Withdrawal as Counsel When the Lawyer Becomes a Witness.

(A) If, after undertaking employment in contemplated or pending litigation, a lawyer learns or it is obvious that he or a lawyer in his firm ought to be called as a witness on behalf of his client, he shall withdraw from the conduct of the trial and his firm, if any, shall not continue representation in the trial, except that he may continue the representation and he or a lawyer in his firm may testify in the circumstances enumerated in DR 5-101(B)(1) through (4).

(B) If, after undertaking employment in contemplated or pending litigation, a lawyer learns or it is obvious that he or a lawyer in his firm may be called as a witness other than on behalf of his client, he may continue the representation until it is apparent that his testimony is or may be prejudicial to his client.

DR 5-103 Avoiding Acquisition of Interest in Litigation.

(A) A lawyer shall not acquire a proprietary interest in the cause of action or subject matter of litigation he is conducting for a client, except that he may:

(1) Acquire a lien granted by law to secure his fee or expenses.

(2) Contract with a client for a reasonable contingent fee in a civil case.

(3) participate in approved credit plans for financing legal fees, costs and expenses.

(B) While representing a client in connection with contemplated or pending litigation, a lawyer shall not advance or guarantee financial assistance to his client, except that a lawyer may advance or guarantee the expenses of litigation, including court costs, expenses of investigation, expenses of medical examination, and costs of obtaining and presenting evidence, provided the client remains ultimately liable for such expenses.

DR 5-104 Limiting Business Relations with a Client.

(A) A lawyer shall not enter into a business transaction with a client if they have differing interests therein and if the client expects the lawyer to exercise his professional judgment therein for the protection of the client, unless the client has consented after full disclosure.

(B) Prior to conclusion of all aspects of the matter giving rise to his employment, a lawyer shall not enter into any arrangement or understanding with a client or a prospective client by which he acquires an interest in publication rights with respect to the subject matter of his employment or proposed employment.

DR 5-105 Refusing To Accept or Continue Employment if the Interests of Another Client May Impair the Independent Professional Judgment of the Lawyer.

(A) A lawyer shall decline proffered employment if the exercise of his independent professional judgment in behalf of a client will be or is likely to be adversely affected by the acceptance of the proffered employment, except to the extent permitted under DR 5-105(C).

(B) A lawyer shall not continue multiple employment if the exercise of his independent professional judgment in behalf of a client will be or is likely to be adversely affected by his representation of another client, except to the extent permitted under DR 5-105(C).

(C) In the situations covered by DR 5-105(A) and (B), a lawyer may represent multiple clients if it is obvious that he can adequately represent the interest of each and if each consents to the representation after full disclosure of the possible effect of such representation on the exercise of his independent professional judgment on behalf of each.

(D) If a lawyer is required to decline employment or to withdraw from employment under DR 5-105, no partner or associate of his or his firm may accept or continue such employment.

DR 5-106 Settling Similar Claims of Clients.

(A) A lawyer who represents two or more clients shall not make or participate in the making of an aggregate settlement of the claims of or against his clients, unless each client has

consented to the settlement after being advised of the existence and nature of all the claims involved in the proposed settlement, of the total amount of the settlement, and of the participation of each person in the settlement.

DR 5-107 Avoiding Influence by Others Than the Client.

(A) Except with the consent of his client after full disclosure, a lawyer shall not:

(1) Accept compensation for his legal services from one other than his client.

(2) Accept from one other than his client any thing of value related to his representation of or his employment by his client.

(B) A lawyer shall not permit a person who recommends, employs, or pays him to render legal services for another to direct or regulate his professional judgment in rendering such legal services.

(C) A lawyer shall not practice with or in the form of a professional corporation or association authorized to practice law for a profit, if:

(1) A nonlawyer owns any interest therein, except that a fiduciary representative of the estate of a lawyer may hold the stock or interest of the lawyer for a reasonable time during administration;

(2) A nonlawyer is a corporate director or officer thereof; or

(3) A nonlawyer has the right to direct or control the professional judgment of a lawyer.

DR 5-108 Approved Credit Plans.

(A) A lawyer or law firm may participate in a credit plan for financing legal fees, costs and expenses only if the plan and the format for displaying the fact of participation have received the prior approval of the Florida Supreme Court.

(B) The Board of Governors of The Florida Bar may adopt Bylaws consistent with this Code for the governance of participation in approved credit plans.

(C) No credit plan shall be approved unless it shall contain an express prohibition against any form of advertising or announcement with respect to its approval by the court or its use by lawyers in Florida; provided however that the court may approve public announcements or news releases informing the public of the adoption of a plan.

(D) No directory shall print or publish the names of lawyers or law firms who have subscribed to an approved credit plan.

(E) Any lawyer or law firm proposing to use an approved credit plan must agree in a writing filed with the Board of Governors that all information furnished to the plan's sponsor by a lawyer shall be available to the Board, or its authorized representative, upon request.

A Lawyer Should Represent a Client Competently

ETHICAL CONSIDERATIONS

EC 6-1 Because of his vital role in the legal process, a lawyer should act with competence and proper care in representing clients. He should strive to become and remain proficient in his practice and should accept employment only in matters which he is or intends to become competent to handle.

EC 6-2 A lawyer is aided in attaining and maintaining his competence by keeping abreast of current legal literature and developments, participating in continuing legal education programs, concentrating in particular areas of the law, and by utilizing other available means. He has the additional ethical obligation to assist in improving the legal profession, and he may do so by participating in bar activities intended to advance the quality and standards of members of the profession. Of particular importance is the careful training of his younger associates and the giving of sound guidance to all lawyers who consult him. In short, a lawyer should strive at all levels to aid the legal profession in advancing the highest possible standards of integrity and competence and to meet those standards himself.

EC 6-3 While the licensing of a lawyer is evidence that he has met the standards then prevailing for admission to the bar, a lawyer generally should not accept employment in any area of the law in which he is not qualified. However, he may accept such employment if in good faith he expects to become qualified through study and investigation, as long as such prepatation would not result in unreasonable delay or expense to his client. Proper preparation and representation may require the association by the lawyer of professionals in other disciplines. A lawyer offered employment in a matter in which he is not and does not expect to become so qualified should either decline the employment or, with the consent of his client, accept the employment and associate a lawyer who is competent in the matter.

EC 6-4 Having undertaken representation, a lawyer should use proper care to safeguard the interests of his client. If a lawyer has accepted employment in a matter beyond his competence but in which he expected to become competent, he should diligently undertake the work and

study necessary to qualify himself. In addition to being qualified to handle a particular matter, his obligation to his client requires him to prepare adequately for and give appropriate attention to his legal work.

EC 6-5 A lawyer should have pride in his professional endeavors. His obligation to act competently calls for higher motivation than that arising from fear of civil liability or disciplinary penalty.

EC 6-6 A lawyer should not seek, by contract or other means, to limit his individual liability to his client for his malpractice. A lawyer who handles the affairs of his client properly has no need to attempt to limit his liability for his professional activities and one who does not handle the affairs of his client properly should not be permitted to do so. A lawyer who is a stockholder in or is associated with a professional legal corporation may, however, limit his liability for malpractice of his associates in the corporation, but only to the extent permitted by law.

DISCIPLINARY RULES

DR 6-101 Failing To Act Competently.

(A) A lawyer shall not:

(1) Handle a legal matter which he knows or should know that he is not competent to handle, without associating with him a lawyer who is competent to handle it; however, he may accept such employment if in good faith he expects to become qualified through study and investigation, as long as such preparation would not result in unreasonable delay or expense to his client.

(2) Handle a legal matter without preparation adequate in the circumstances.

(3) Neglect a legal matter entrusted to him.

DR 6-102 Limiting Liability to Client.

(A) A lawyer shall not attempt to exonerate himself from or limit his liability to his client for his personal malpractice.

CANON 7

A Lawyer Should Represent a Client Zealously Within the Bounds of the Law

ETHICAL CONSIDERATIONS

EC 7-1 The duty of a lawyer, both to his client and to the legal system, is to represent his client zealously within the bounds of the law, which includes disciplinary rules and enforceable professional regulations. The professional responsibility of a lawyer derives from his membership in a profession which has the duty of assisting members of the public to secure and protect available legal rights and benefits. In our government of laws and not of men, each member of our society is entitled to have his conduct judged and regulated in accordance with the law; to seek any lawful objective through legally permissible means; and to present for adjudication any lawful claim, issue, or defense.

EC 7-2 The bounds of the law in a given case are often difficult to ascertain. The language of legislative enactments and judicial opinions may be uncertain as applied to varying factual situations. The limits and specific meaning of apparently relevant law may be made doubtful by changing or developing constitutional interpretations, inadequately expressed statutes or judicial opinions, and changing public and judicial attitudes. Certainty of law ranges from well-settled rules through areas of conflicting authority to areas without precedent.

EC 7-3 Where the bounds of law are uncertain, the action of a lawyer may depend on whether he is serving as advocate or adviser. A lawyer may serve simultaneously as both advocate and adviser, but the two roles are essentially different. In asserting a position on behalf of his client, an advocate for the most part deals with past conduct and must take the facts as he finds them. By contrast, a lawyer serving as adviser primarily assists his client in determining the course of future conduct and relationships. While serving as advocate, a lawyer should resolve in favor of his client doubts as to the bounds of the law. In serving a client as adviser, a lawyer in appropriate circumstances should give his professional opinion as to what the ultimate decisions of the courts would likely be as to the applicable law.

Duty of the Lawyer to a Client

EC 7-4 The advocate may urge any permissible construction of the law favorable to his client, without regard to his professional opinion as to the likelihood that the construction will ultimately prevail. His conduct is within the bounds of the law, and therefore permissible, if

the position taken is supported by the law or is supportable by a good faith argument for an extension, modification, or reversal of the law. However, a lawyer is not justified in asserting a position in litigation that is frivolous.

EC 7-5 A lawyer as adviser furthers the interest of his client by giving his professional opinion as to what he believes would likely be the ultimate decision of the courts on the matter at hand and by informing his client of the practical effect of such decision. He may continue in the representation of his client even though his client has elected to pursue a course of conduct contrary to the advice of the lawyer so long as he does not thereby knowingly assist the client to engage in illegal conduct or to take a frivolous legal position. A lawyer should never encourage or aid his client to commit criminal acts or counsel his client on how to violate the law and avoid punishment therefor.

EC 7-6 Whether the proposed action of a lawyer is within the bounds of the law may be a perplexing question when his client is contemplating a course of conduct having legal consequences that vary according to the client's intent, motive, or desires at the time of the action. Often a lawyer is asked to assist his client in developing evidence relevant to the state of mind of the client at a particular time. He may properly assist his client in the development and preservation of evidence of existing motive, intent, or desire; obviously, he may not do anything furthering the creation or preservation of false evidence. In many cases a lawyer may not be certain as to the state of mind of his client, and in those situations he should resolve reasonable doubts in favor of his client.

EC 7-7 In certain areas of legal representation not affecting the merits of the cause or substantially prejudicing the rights of a client, a lawyer is entitled to make decisions on his own. But otherwise the authority to make decisions is exclusively that of the client and, if made within the framework of the law, such decisions are binding on his lawyer. As typical examples in civil cases, it is for the client to decide whether he will accept a settlement offer or whether he will waive his right to plead an affirmative defense. A defense lawyer in a criminal case has the duty to advise his client fully on whether a particular plea to a charge appears to be desirable and as to the prospects of success on appeal, but it is for the client to decide what plea should be entered and whether an appeal should be taken.

EC 7-8 A lawyer should exert his best efforts to insure that decisions of his client are made only after the client has been informed of relevant considerations. A lawyer ought to initiate this decision-making process if the client does not do so. Advice of a lawyer to his client need not be confined to purely legal considerations. A lawyer should advise his client of the possible effect of each legal alternative. A lawyer should bring to bear upon this decision-making process the fullness of his experience as well as his objective viewpoint. In assisting his client to reach a proper decision, it is often desirable for a lawyer to point out those factors which may lead to a decision that is morally just as well as legally permissible. He may emphasize the possibility of harsh consequences that might result from assertion of legally permissible positions. In the final analysis, however, the lawyer should always remember that the decision whether to forego legally available objectives or methods because of nonlegal factors is ultimately for the client and not for himself. In the event that the client in a nonadjudicatory matter insists upon a course of conduct that is contrary to the judgment and advice of the lawyer but not prohibited by disciplinary rules, the lawyer may withdraw from the employment.

EC 7-9 In the exercise of his professional judgment on those decisions which are for his determination in the handling of a legal matter, a lawyer should always act in a manner consistent with the best interests of his client. However, when an action in the best interest of his client seems to him to be unjust, he may ask his client for permission to forego such action.

EC 7-10 The duty of a lawyer to represent his client with zeal does not militate against his concurrent obligation to treat with consideration all persons involved in the legal process and to avoid the infliction of needless harm.

EC 7-11 The responsibilities of a lawyer may vary according to the intelligence, experience, mental condition or age of a client, the obligation of a public officer, or the nature of a particular proceeding. Examples include the representation of an illiterate or an incompetent, service as a public prosecutor or other government lawyer, and appearances before administrative and legislative bodies.

EC 7-12 Any mental or physical condition of a client that renders him incapable of making a considered judgment on his own behalf casts additional responsibilities upon his lawyer. Where an incompetent is acting through a guardian or other legal representative, a lawyer must look to such representative for those decisions which are normally the prerogative of the client to make. If a client under disability has no legal representative, his lawyer may be compelled in court proceedings to make decisions on behalf of the client. If the client is capable of understanding the matter in question or of contributing to the advancement of his interests,

regardless of whether he is legally disqualified from performing certain acts, the lawyer should obtain from him all possible aid. If the disability of a client and the lack of a legal representative compel the lawyer to make decisions for his client, the lawyer should consider all circumstances then prevailing and act with care to safeguard and advance the interests of his client. But obviously a lawyer cannot perform any act or make any decision which the law requires his client to perform or make, either acting for himself if competent, or by a duly constituted representative if legally incompetent.

EC 7-13 The responsibility of a public prosecutor differs from that of the usual advocate; his duty is to seek justice, not merely to convict. This special duty exists because: (1) the prosecutor represents the sovereign and therefore should use restraint in the discretionary exercise of governmental powers, such as in the selection of cases to prosecute; (2) during trial the prosecutor is not only an advocate but he also may make decisions normally made by an individual client, and those affecting the public interest should be fair to all; and (3) in our system of criminal justice the accused is to be given the benefit of all reasonable doubts. With respect to evidence and witnesses, the prosecutor has responsibilities different from those of a lawyer in private practice: the prosecutor should make timely disclosure to the defense of available evidence, known to him, that tends to negate the guilt of the accused, mitigate the degree of the offense, or reduce the punishment. Further, a prosecutor should not intentionally avoid pursuit of evidence merely because he believes it will damage the prosecution's case or aid the accused.

EC 7-14 A government lawyer who has discretionary power relative to litigation should refrain from instituting or continuing litigation that is obviously unfair. A government lawyer not having such discretionary power who believes there is lack of merit in a controversy submitted to him should so advise his superiors and recommend the avoidance of unfair litigation. A government lawyer in a civil action or administrative proceeding has the responsibility to seek justice and to develop a full and fair record, and he should not use his position or the economic power of the government to harass parties or to bring about unjust settlements or results.

EC 7-15 The nature and purpose of proceedings before administrative agencies vary widely. The proceedings may be legislative or quasi-judicial, or a combination of both. They may be ex parte in character, in which event they may originate either at the instance of the agency or upon motion of an interested party. The scope of an inquiry may be purely investigative or it may be truly adversary looking toward the adjudication of specific rights of a party or of classes of parties. The foregoing are but examples of some of the types of proceedings conducted by administrative agencies. A lawyer appearing before an administrative agency, regardless of the nature of the proceeding it is conducting, has the continuing duty to advance the cause of his client within the bounds of the law. Where the applicable rules of the agency impose specific obligations upon a lawyer, it is his duty to comply therewith, unless the lawyer has a legitimate basis for challenging the validity thereof. In all appearances before administrative agencies, a lawyer should identify himself, his client if identity of his client is not privileged, and the representative nature of his appearance. It is not improper, however, for a lawyer to seek from an agency information available to the public without identifying his client.

EC 7-16 The primary business of a legislative body is to enact laws rather than to adjudicate controversies, although on occasion the activities of a legislative body may take on the characteristics of an adversary proceeding, particularly in investigative and impeachment matters. The role of a lawyer supporting or opposing proposed legislation normally is quite different from his role in representing a person under investigation or on trial by a legislative body. When a lawyer appears in connection with proposed legislation, he seeks to affect the lawmaking process, but when he appears on behalf of a client in investigatory or impeachment proceedings, he is concerned with the protection of the rights of his client. In either event, he should identify himself and his client, if identity of his client is not privileged, and should comply with applicable laws and legislative rules.

EC 7-17 The obligation of loyalty to his client applies only to a lawyer in the discharge of his professional duties and implies no obligation to adopt a personal viewpoint favorable to the interests or desires of his client. While a lawyer must act always with circumspection in order that his conduct will not adversely affect the rights of a client in a matter he is then handling, he may take positions on public issues and espouse legal reforms he favors without regard to the individual views of any client.

EC 7-18 The legal system in its broadest sense functions best when persons in need of legal advice or assistance are represented by their own counsel. For this reason a lawyer should not communicate on the subject matter of the representation of his client with a person he knows to be represented in the matter by a lawyer, unless pursuant to law or rule of court or unless he has the consent of the lawyer for that

person. If one is not represented by counsel, a lawyer representing another may have to deal directly with the unrepresented person; in such an instance, a lawyer should not undertake to give advice to the person who is attempting to represent himself, except that he may advise him to obtain a lawyer.

Duty of the Lawyer to the Adversary System of Justice

EC 7-19 Our legal system provides for the adjudication of disputes governed by the rules of substantive, evidentiary, and procedural law. An adversary presentation counters the natural human tendency to judge too swiftly in terms of the familiar that which is not yet fully known; the advocate, by his zealous preparation and presentation of facts and law, enables the tribunal to come to the hearing with an open and neutral mind and to render impartial judgments. The duty of a lawyer to his client and his duty to the legal system are the same: to represent his client zealously within the bounds of the law.

EC 7-20 In order to function properly, our adjudicative process requires an informed, impartial tribunal capable of administering justice promptly and efficiently according to procedures that command public confidence and respect. Not only must there be competent, adverse presentation of evidence and issues, but a tribunal must be aided by rules appropriate to an effective and dignified process. The procedures under which tribunals operate in our adversary system have been prescribed largely by legislative enactments, court rules and decisions, and administrative rules. Through the years certain concepts of proper professional conduct have become rules of law applicable to the adversary adjudicative process. Many of these concepts are the bases for standards of professional conduct set forth in the disciplinary rules.

EC 7-21 The civil adjudicative process is primarily designed for the settlement of disputes between parties, while the criminal process is designed for the protection of society as a whole. Threatening to use, or using, the criminal process to coerce adjustment of private civil claims or controversies is a subversion of that process; further, the person against whom the criminal process is so misused may be deterred from asserting his legal rights and thus the usefulness of the civil process in settling private disputes is impaired. As in all cases of abuse of judicial process, the improper use of criminal process tends to diminish public confidence in our legal system.

EC 7-22 Respect for judicial rulings is essential to the proper administration of justice; however, a litigant or his lawyer may, in good faith and within the framework of the law, take steps to test the correctness of a ruling of a tribunal.

EC 7-23 The complexity of law often makes it difficult for a tribunal to be fully informed unless the pertinent law is presented by the lawyers in the cause. A tribunal that is fully informed on the applicable law is better able to make a fair and accurate determination of the matter before it. The adversary system contemplates that each lawyer will present and argue the existing law in the light most favorable to his client. Where a lawyer knows of legal authority in the controlling jurisdiction directly adverse to the position of his client, he should inform the tribunal of its existence unless his adversary has done so; but, having made such disclosure, he may challenge its soundness in whole or in part.

EC 7-24 In order to bring about just and informed decisions, evidentiary and procedural rules have been established by tribunals to permit the inclusion of relevant evidence and argument and the exclusion of all other considerations. The expression by a lawyer of his personal opinion as to the justness of a cause, as to the credibility of a witness, as to the culpability of a civil litigant, or as to the guilt or innocence of an accused is not a proper subject for argument to the trier of fact. It is improper as to factual matters because admissible evidence possessed by a lawyer should be presented only as sworn testimony. It is improper as to all other matters because, were the rule otherwise, the silence of a lawyer on a given occasion could be construed unfavorably to his client. However, a lawyer may argue, on his analysis of the evidence, for any position or conclusion with respect to any of the foregoing matters.

EC 7-25 Rules of evidence and procedure are designed to lead to just decisions and are part of the framework of the law. Thus while a lawyer may take steps in good faith and within the framework of the law to test the validity of rules, he is not justified in consciously violating such rules and he should be diligent in his efforts to guard against his unintentional violation of them. As examples, a lawyer should subscribe to or verify only those pleadings that he believes are in compliance with applicable law and rules; a lawyer should not make any perfunctory statement before a tribunal in regard to the purported facts of the case on trial unless he believes that his statement will be supported by admissible evidence; a lawyer should not ask a witness a question solely for the purpose of harassing or embarrassing him; and a lawyer should not by subterfuge put before a jury matters which it cannot properly consider.

EC 7-26 The law and disciplinary rules prohibit the use of fraudulent, false, or perjured testimony or evidence. A lawyer who knowingly participates in introduction of such testimony or evidence is subject to discipline. A lawyer should, however, present any admissible evidence his client desires to have presented unless he knows, or from facts within his knowledge should know, that such testimony or evidence is false, fraudulent, or perjured.

EC 7-27 Because it interferes with the proper administration of justice, a lawyer should not suppress evidence that he or his client has a legal obligation to reveal or produce. In like manner, a lawyer should not advise or cause a person to secrete himself or to leave the jurisdiction of a tribunal for the purpose of making him unavailable as a witness therein.

EC 7-28 Witnesses should always testify truthfully and should be free from any financial inducements that might tempt them to do otherwise. A lawyer should not pay or agree to pay a nonexpert witness an amount in excess of reimbursement for expenses and financial loss incident to his being a witness; however, a lawyer may pay or agree to pay an expert witness a reasonable fee for his services as an expert. But in no event should a lawyer pay or agree to pay a contingent fee to any witness. A lawyer should exercise reasonable diligence to see that his client and lay associates conform to these standards.

EC 7-29 To safeguard the impartiality that is essential to the judicial process, veniremen and jurors should be protected against extraneous influences. When impartiality is present, public confidence in the judicial system is enhanced. There should be no extrajudicial communication with veniremen prior to trial or with jurors during trial by or on behalf of a lawyer connected with the case. Furthermore, a lawyer who is not connected with the case should not communicate with or cause another to communicate with a venireman or a juror about the case.

All attempts to curry favor with juries by fawning, flattery or pretended solicitude for their personal comfort are unprofessional. Suggestions of counsel, looking to the comfort or convenience of jurors, and propositions to dispense with argument, should be made to the court out of the jury's hearing.

Both before and during the trial, a lawyer should avoid conversing or otherwise communicating with a juror on any subject, whether pertaining to the case or not. Subject to any limitations imposed by law it is a lawyer's right, after the jury has been discharged, to interview the jurors solely to determine whether their verdict is subject to any legal challenge provided he has reason to believe that ground for such challenge may exist, and further provided that prior to any such interview made by him or under his direction, he shall file in the cause, and deliver a copy to the trial judge and opposing counsel, a notice of intention to interview such juror or jurors setting forth in such notice the name of each such juror. The scope of the interview should be restricted and caution should be used to avoid embarrassment to any juror and to avoid influencing his action in any subsequent jury service.

EC 7-30 Vexatious or harassing investigations of veniremen or jurors seriously impair the effectiveness of our jury system. For this reason, a lawyer or anyone on his behalf who conducts an investigation of veniremen or jurors should act with circumspection and restraint.

EC 7-31 Communications with or investigations of members of families of veniremen or jurors by a lawyer or by anyone on his behalf are subject to the restrictions imposed upon the lawyer with respect to his communciations with or investigations of veniremen and jurors.

7-32 Because of his duty to aid in preserving the integrity of the jury system, a lawyer who learns of improper conduct by or towards a venireman, a juror, or a member of the family of either should make a prompt report to the court regarding such conduct.

EC 7-33 A goal of our legal system is that each party shall have his case, criminal or civil, adjudicated by an impartial tribunal. The attainment of this goal may be defeated by dissemination of news orcomments which tend to influence judge or jury. Such news or comments may prevent prospective jurors from being impartial at the outset of the trial and may also interfere with the obligation of jurors to base their verdict solely upon the evidence admitted in the trial. The release by a lawyer of out-of-court statements regarding an anticipated or pending trial may improperly affect the impartiality of the tribunal. For these reasons, standards for permissible and prohibited conduct of a lawyer with respect to trial publicity have been established.

EC 7-34 The impartiality of a public servant in our legal system may be impaired by the receipt of gifts or loans. A lawyer, therefore, is never justified in making a gift or a loan to a judge, a hearing officer, or an official or employee of a tribunal.

EC 7-35 All litigants and lawyers should have access to tribunals on an equal basis. Generally, in adversary proceedings a lawyer should not

communicate with a judge relative to a matter pending before, or which is to be brought before, a tribunal over which he presides in circumstances which might have the effect or give the appearance of granting undue advantage to one party. For example, a lawyer should not communicate with a tribunal by a writing unless a copy thereof is promptly delivered to opposing counsel or to the adverse party if he is not represented by a lawyer. Ordinarily an oral communication by a lawyer with a judge or hearing officer should be made only upon adequate notice to opposing counsel, or, if there is none, to the opposing party. A lawyer should not condone or lend himself to private importunities by another with a judge or hearing officer on behalf of himself or his client.

EC 7-36 Judicial hearings ought to be conducted through dignified and orderly procedures designed to protect the rights of all parties. Although a lawyer has the duty to represent his client zealously, he should not engage in any conduct that offends the dignity and decorum of proceedings. While maintaining his independence, a lawyer should be respectful, courteous, and aboveboard in his relations with a judge or hearing officer before whom he appears. He should avoid undue solicitude for the comfort or convenience of judge or jury and should avoid any other conduct calculated to gain special consideration.

EC 7-37 In adversary proceedings, clients are litigants and though ill feeling may exist between clients, such ill feeling should not influence a lawyer in his conduct, attitude, and demeanor towards opposing lawyers. A lawyer should not make unfair or derogatory personal reference to opposing counsel. Haranguing and offensive tactics by lawyers interfere with the orderly administration of justice and have no proper place in our legal system.

EC 7-38 A lawyer should be courteous to opposing counsel and should accede to reasonable requests regarding court proceedings, settings, continuances, waiver of procedural formalities, and similar matters which do not prejudice the rights of his client. He should follow local customs of courtesy or practice, unless he gives timely notice to opposing counsel of his intention not to do so. A lawyer should be punctual in fulfilling all professional commitments.

EC 7-39 In the first analysis, proper functioning of the adversary system depends upon cooperation between lawyers and tribunals in utilizing procedures which will preserve the impartiality of tribunals and make their decisional process prompt and just, without impinging upon the obligation of the lawyers to represent their clients zealously within the framework of the law.

DISCIPLINARY RULES

DR 7-101 Representing a Client Zealously

(A) A lawyer shall not intentionally:

(1) Fail to seek the lawful objectives of his client through reasonably available means permitted by law and the disciplinary rules, except as provided by DR 7-101(B). (A) During the course of his representation of a client a lawyer shall not:

CANON 8

A Lawyer Should Assist in Improving the Legal System

ETHICAL CONSIDERATIONS

EC 8-1 Changes in human affairs and imperfections in human institutions make necessary constant efforts to maintain and improve our legal system. This system should function in a manner that commands public respect and fosters the use of legal remedies to achieve redress of grievances. By reason of education and experience, lawyers are especially qualified to recognize deficiencies in the legal system and to initiate corrective measures therein. Thus they should participate in proposing and supporting legislation and programs to improve the system, without regard to the general interests or desires of clients or former clients.

EC 8-2 Rules of law are deficient if they are not just, understandable, and responsive to the needs of society. If a lawyer believes that the existence or absence of a rule of law, substantive or procedural, causes or contributes to an unjust result, he should endeavor by lawful means to obtain appropriate changes in the law. He should encourage the simplification of laws and the repeal or amendment of laws that are outmoded. Likewise, legal procedures should be improved whenever experience indicates a change is needed.

EC 8-3 The fair administration of justice requires the availability of competent lawyers. Members of the public should be educated to recognize the existence of legal problems and the resultant need for legal services, and should be provided methods for intelligent selection of counsel. Those persons unable to pay for legal services should be provided needed services. Clients and lawyers should not be penalized by undue geographical restraints upon representation in legal matters, and the bar should address itself to improvements in licensing, reciprocity, and admission procedures consistent with the needs of modern commerce.

EC 8-4 Whenever a lawyer seeks legislative or administrative changes, he should identify the capacity in which he appears, whether on behalf of himself, a client, or the public. A lawyer may advocate such changes on behalf of a client even though he does not agree with them. But when a lawyer purports to act on behalf of the public, he should espouse only those changes which he conscientously believes to be in the public interest.

EC 8-5 Fraudulent, deceptive, or otherwise illegal conduct by a participant in a proceeding before a tribunal or legislative body is inconsistent with fair administration of justice, and it should never be participated in or condoned by lawyers. Unless constrained by his obligation to preserve the confidences and secrets of his client, a lawyer should reveal to appropriate authorities any knowledge he may have of such improper conduct.

EC 8-6 Judges and administrative officials having adjudicatory powers ought to be persons of integrity, competence, and suitable temperament. Generally, lawyers are qualified, by personal observation or investigation, to evaluate the qualifications of persons seeking or being considered for such public offices, and for this reason they have a special responsibility to aid in the selection of only those who are qualified. It is the duty of lawyers to endeavor to prevent political considerations from outweighing judicial fitness in the selection of judges. Lawyers should protest earnestly against the appointment or election of those who are unsuited for the bench and should strive to have elected or appointed thereto only those who are willing to forego pursuits, whether of a business, political, or other nature, that may interfere with the free and fair consideration of questions presented for adjudication. Adjudicatory officials, not being wholly free to defend themselves, are entitled to receive the support of the bar against unjust criticism. While a lawyer as a citizen has a right to criticize such officials publicly, he should be certain of the merit of his complaint, use appropriate language, and avoid petty criticisms, for unrestrained and intemperate statements tend to lessen public confidence in our legal system. Criticisms motivated by reasons other than a desire to improve the legal system are not justified.

EC 8-7 Since lawyers are a vital part of the legal system, they should be persons of integrity, of professional skill, and of dedication to the improvement of the system. Thus a lawyer should aid in establishing, as well as enforcing,

standards of conduct adequate to protect the public by insuring that those who practice law are qualified to do so.

EC 8-8 Lawyers often serve as legislators or as holders of other public offices. This is highly desirable, as lawyers are uniquely qualified to make significant contributions to the improvement of the legal system. A lawyer who is a public officer, whether full or part-time, should not engage in activities in which his personal or professional interests are or foreseeably may be in conflict with his official duties.

EC 8-9 The advancement of our legal system is of vital importance in maintaining the rule of law and in facilitating orderly changes; therefore, lawyers should encourage, and should aid in making, needed changes and improvements.

DISCIPLINARY RULES

DR 8-101 Action as a Public Official.

(A) A lawyer who holds public office shall not:

(1) Use his public position to obtain, or attempt to obtain, a special advantage in legislative matters for himself or for a client under circumstances where he knows or it is obvious that such action is not in the public interest.

(2) Use his public position to influence, or attempt to influence, a tribunal to act in favor of himself or of a client.

(3) Accept any thing of value from any person when the lawyer knows or it is obvious that the offer is for the purpose of influencing his action as a public official.

DR 8-102 Statements Concerning Judges and Other Adjudicatory Officers.

(A) A lawyer shall not knowingly make false statements of fact concerning the qualifications of a candidate for election or appointment to a judicial office.

(B) A lawyer shall not knowingly make false accusations against a judge or other adjudicatory officer.

CANON 9

A Lawyer Should Avoid Even the Appearance of Professional Impropriety

ETHICAL CONSIDERATIONS

EC 9-1 Continuation of the American concept that we are to be governed by rules of law requires that the people have faith that justice can be obtained through our legal system. A lawyer should promote public confidence in our system and in the legal profession.

EC 9-2 Public confidence in law and lawyers may be eroded by irresponsible or improper conduct of a lawyer. On occasion, ethical conduct of a lawyer may appear to laymen to be unethical. In order to avoid misunderstandings and hence to maintain confidence, a lawyer should fully and promptly inform his client of material developments in the matters being handled for the client. While a lawyer should guard against otherwise proper conduct that has a tendency to diminish public confidence in the legal system or in the legal profession, his duty to clients or to the public should never be subordinate merely because the full discharge of his obligation may be misunderstood or may tend to subject him or the legal profession to criticism. When explicit ethical guidance does not exist, a lawyer should determine his conduct by acting in a manner that promotes public confidence in the integrity and efficiency of the legal system and the legal profession.

EC 9-3 After a lawyer leaves judicial office or other public employment, he should not accept employment in connection with any matter in which he had substantial responsibility prior to his leaving, since to accept employment would give the appearance of impropriety even if none exists.

EC 9-4 Because the very essence of the legal system is to provide procedures by which matters can be presented in an impartial manner so that they may be decided solely upon the merits, any statement or suggestion by a lawyer that he can or would attempt to circumvent those procedures is detrimental to the legal system and tends to undermine public confidence in it.

EC 9-5 Separation of the funds of a client from those of his lawyer not only serves to protect the client but also avoids even the appearance of impropriety, and therefore commingling of such funds should be avoided.

EC 9-6 Every lawyer owes a solemn duty to uphold the integrity and honor of his profession; to encourage respect for the law and for the courts and the judges thereof; to observe the Code of Professional Responsibility; to act as a member of a learned profession, one dedicated to public service; to cooperate with his brother lawyers in supporting the organized bar through the devoting of his time, efforts, and financial support as his professional standing and ability reasonably permit; to conduct himself so as to reflect credit on the legal profession and to inspire the confidence, respect, and trust of his clients and of the public; and to strive to avoid not only professional impropriety but also the appearance of impropriety.

DISCIPLINARY RULES

DR 9-101 Avoiding Even the Appearance of Impropriety.

(A) A lawyer shall not accept private employment in a matter upon the merits of which he has acted in a judicial capacity.

(B) A lawyer shall not accept private employment in a matter in which he had substantial responsibility while he was a public employee.

(C) A lawyer shall not state or imply that he is able to influence improperly or upon irrelevant grounds any tribunal, legislative body, or public official.

DR 9-102 Preserving Identity of Funds and Property of a Client.

(A) All funds of clients paid to a lawyer or law firm, other than advances for costs and expenses, shall be deposited in one or more identifiable bank accounts maintained in the state in which the law office is situated and no funds belonging to the lawyer or law firm shall be deposited therein except as follows:

(1) Funds reasonably sufficient to pay bank charges may be deposited therein.

(2) Funds belonging in part to a client and in part presently or potentially to the lawyer or law firm must be deposited therein, but the portion belonging to the lawyer or law firm may be withdrawn when due unless the right of the lawyer or law firm to receive it is disputed by the client, in which event the disputed portion shall not be withdrawn until the dispute is finally resolved.

(B) A lawyer shall:

(1) Promptly notify a client of the receipt of his funds, securities, or other properties.

(2) Identify and label securities and properties of a client promptly upon receipt and place them in a safe deposit box or other place of safekeeping as soon as practicable.

(3) Maintain complete records of all funds, securities, and other properties of a client coming into the possession of the lawyer and render appropriate accounts to his client regarding them.

(4) Promptly pay or deliver to the client as requested by a client the funds, securities, or other properties in the possession of the lawyer which the client is entitled to receive.

(C) Funds received directly or indirectly under an approved credit plan shall be subject to all of the requirements of this disciplinary rule.

CODE OF JUDICIAL CONDUCT*

PREFACE

Some 50 years ago the American Bar Association formulated the original Canons of Judicial Ethics. Those canons, occasionally amended, have been adopted in most states, including Florida.

Recognizing that current needs and problems required revisions, the American Bar Association has now adopted and proposed to the states and other jurisdictions, including the federal courts, a Code of Judicial Conduct. In the revision process, the association sought and considered the views of the bench and bar and other interested persons.

This code, with minor modifications to adapt it to our Florida judicial system, is adopted by the Supreme Court of Florida to supersede the Canons of Judicial Ethics. The Code, consisting of statements of norms denominated canons, and the accompanying text setting forth specific rules, states the standards that judges should observe, and these are mandatory unless otherwise indicated. The commentary is included for purposes of construction and understanding. Under Section 17A, Article V of the Florida Constitution, the Judicial Qualifications Commission is charged with the responsibility of enforcing these standards.

CANON 1

A Judge Should Uphold the Integrity and Independence of the Judiciary

An independent and honorable judiciary is indispensable to justice in our society. A judge should participate in establishing, maintaining, and enforcing, and should himself observe, high standards of conduct so that the integrity and independence of the judiciary may be preserved. The provisions of this Code should be construed and applied to further that objective.

CANON 2

A Judge Should Avoid Impropriety and the Appearance of Impropriety in All his Activities

A. A judge should respect and comply with the law and should conduct himself at all times in a manner that promotes public confidence in the integrity and impartiality of the judiciary.

B. A judge should not allow his family, social, or other relationships to influence his judicial conduct or judgment. He should not lend the prestige of his office to advance the private interests of others; nor should he convey or permit others to convey the impression that they are in a special position to influence him. He should not testify voluntarily as a character witness.

**Adopted by the Supreme Court of Florida on July 25, 1973, to be effective September 30, 1973.*

COMMENTARY

Public confidence in the judiciary is eroded by irresponsible or improper conduct by judges. A judge must avoid all impropriety and appearance of impropriety. He must expect to be the subject of constant public scrutiny. He must therefore accept restrictions on his conduct that might be viewed as burdensome by the ordinary citizen and should do so freely and willingly.

The testimony of a judge as a character witness injects the prestige of his office into the proceeding in which he testifies and may be misunderstood to be an official testimonial. This canon, however, does not afford him a privilege against testifying in response to an official summons.

CANON 3

A Judge Should Perform the Duties of his Office Impartially and Diligently

The judicial duties of a judge take precedence over all his other activities. His judicial duties include all the duties of his office prescribed by law. In the performance of these duties, the following standards apply:

A. Adjudicative Responsibilities.

(1) A judge should be faithful to the law and maintain professional competence in it. He should be unswayed by partisan interests, public clamor, or fear of criticism.

(2) A judge should maintain order and decorum in proceedings before him.

(3) A judge should be patient, dignified, and courteous to litigants, jurors, witnesses, lawyers, and others with whom he deals in his official capacity, and should require similar conduct of lawyers, and of his staff, court officials, and others subject to his direction and control.

COMMENTARY

The duty to hear all proceedings fairly and with patience is not inconsistent with the duty to dispose promptly of the business of the court. Courts can be efficient and business-like while being patient and deliberate.

(4) A judge should accord to every person who is legally interested in a proceeding, or his lawyer, full right to be heard according to law, and, except as authorized by law, neither initiate nor consider *ex parte* or other communications concerning a pending or impending proceeding. A judge, however, may obtain the advice of a disinterested expert on the law applicable to a proceeding before him if he gives notice to the parties of the person consulted and the substance of the advice, and affords the parties reasonable opportunity to respond.

COMMENTARY

The proscription against communications concerning a proceeding includes communications from lawyers, law teachers, and other persons who are not participants in the proceeding, except to the limited extent permitted. It does not preclude a judge from consulting with other judges, or with court personnel whose function is to aid the judge in carrying out his adjudicative responsibilities.

An appropriate and often desirable procedure for a court to obtain the advice of a disinterested expert on legal issues is to invite him to file a brief amicus curiae.

(5) A judge should dispose promptly of the business of the court.

COMMENTARY

Prompt disposition of the court's business requires a judge to devote adequate time to his duties, to be punctual in attending court and expeditious in determining matters under submission, and to insist that court officials, litigants and their lawyers cooperate with him to that end.

(6) A judge should abstain from public comment about a pending or impending proceeding in any court, and should require similar abstention on the part of court personnel subject to his direction and control. This subsection does not prohibit judges from making public statements in the course of their official duties or from explaining for public information the procedures of the court.

COMMENTARY

"Court personnel" does not include the lawyers in a proceeding before a judge. The conduct of lawyers is governed by DR 7-107 of the Code of Professional Responsibility.

(7) A judge should prohibit broadcasting, televising, recording, or taking photographs in the courtroom and areas immediately adjacent thereto during sessions of court or recesses between sessions, except that a judge may authorize:

(a) the use of electronic or photographic means for the presentation of evidence, for the perpetuation of a record, or for other purposes of judicial administration;

(b) the broadcasting, televising, recording, or photographing of investitive, ceremonial, or naturalization proceedings;

(c) the photographic or electronic recording and reproduction of appropriate court proceedings under the following conditions:

(i) the means of recording will not distract participants or impair the dignity of the proceedings;

(ii) the parties have consented, and the consent to being depicted or recorded has

been obtained from each witness appearing in the recording and reproduction.

(iii) the reproduction will not be exhibited until after the proceeding has been concluded and all direct appeals have been exhausted; and

(iv) the reproduction will be exhibited only for instructional purposes in educational institutions.

COMMENTARY

Temperate conduct of judicial proceedings is essential to the fair administration of justice. The recording and reproduction of a proceeding should not distort or dramatize the proceeding.

B. Administrative Responsibilities.

(1) A judge should diligently discharge his administrative responsibilities, maintain professional competence in judicial administration, and facilitate the performance of the administrative responsibilities of other judges and court officials.

(2) A judge should require his staff and court officials subject to his direction and control to observe the standards of fidelity and diligence that apply to him.

(3) A judge should take or initiate appropriate disciplinary measures against a judge or lawyer for unprofessional conduct of which the judge may become aware.

COMMENTARY

Disciplinary measures may include reporting a lawyer's misconduct to an appropriate disciplinary body.

(4) A judge should not make unnecessary appointments. He should exercise his power of appointment only on the basis of merit, avoiding nepotism and favoritism. He should not approve compensation of appointees beyond the fair value of services rendered.

COMMENTARY

Appointees of the judge include officials such as referees, commissioners, special masters, receivers, guardians and personnel such as clerks, secretaries, and bailiffs. Consent by the parties to an appointment or an award of compensation does not relieve the judge of the obligation prescribed by this subsection.

C. Disqualification.

(1) A judge should disqualify himself in a proceeding in which his impartiality might reasonably be questioned, including but not limited to instances where:

(a) he has a personal bias or prejudice concerning a party, or personal knowledge of disputed evidentiary facts concerning the proceeding;

(b) he served as lawyer in the matter in controversy, or a lawyer with whom he previously practiced law served during such association as a lawyer concerning the matter, or the judge or such lawyer has been a material witness concerning it;

COMMENTARY

A lawyer in a governmental agency does not necessarily have an association with other lawyers employed by that agency within the meaning of this subsection; a judge formerly employed by a governmental agency, however, should disqualify himself in a proceeding if his impartiality might reasonably be questioned because of such association.

(c) he knows that he individually or as a fiduciary, or his spouse or minor child residing in his household, has a financial interest in the subject matter in controversy or in a party to the proceeding, or any other interest that could be substantially affected by the outcome of the proceeding;

(d) he or his spouse, or a person within the third degree of relationship to either of them, or the spouse of such a person:

(i) is a party to the proceeding, or an officer, director, or trustee of a party;

(ii) is acting as a lawyer in the proceeding;

COMMENTARY

The fact that a lawyer in a proceeding is affiliated with a law firm with which a lawyer-relative of the judge is affiliated does not of itself disqualify the judge. Under appropriate circumstances, the fact that "his impartiality might reasonably be questioned" under Canon 3C(1), or that the lawyer-relative is known by the judge to have an interest in the law firm that could be "substantially affected by the outcome of the proceeding" under Canon 3C(1)(d)(iii) may require his disqualification.

(iii) is known by the judge to have an interest that could be substantially affected by the outcome of the proceeding;

(iv) is to the judge's knowledge likely

to be a material witness in the proceeding;

(2) A judge should inform himself about his personal and fiduciary financial interests, and make a reasonable effort to inform himself about the personal financial interests of his spouse and minor children residing in his household.

(3) For the purposes of this section:

(a) the degree of relationship is calculated according to the civil law system;

COMMENTARY

According to the civil law system, the third degree of relationship test would, for example, disqualify the judge if his or his spouse's father, grandfather, uncle, brother, or niece's husband were a party or lawyer in the proceeding, but would not disqualify him if a cousin were a party or lawyer in the proceeding.

(b) "fiduciary" includes such relationships as executor, administrator, trustee, and guardian;

(c) "financial interest" means ownership of a legal or equitable interest, however small, or a relationship as director, advisor, or other active participant in the affairs of a party, except that:

(i) ownership in a mutual or common investment fund that holds securities is not a "financial interest" in such securities unless the judge participates in the management of the fund;

(ii) an office in an educational, religious, charitable, fraternal or civic organization is not a "financial interest" in securities held by the organization;

(iii) the proprietary interest of a policy holder in a mutual insurance company, of a depositor in a mutual savings association, or a similar proprietary interest, is a "financial interest" in the organization only if the outcome of the proceeding could substantially affect the value of the interest;

(iv) ownership of government securities is a "financial interest" in the issuer only if the outcome of the proceeding could substantially affect the value of the securities.

D. Remittal of Disqualification.

A judge disqualified by the terms of Canon 3C(1)(c) or Canon 3C(1)(d) may, instead of withdrawing from the proceeding, disclose on the record the basis of his disqualification. If, based on such disclosure, the parties and lawyers, independently of the judge's participation, all agree in writing that the judge's relationship is immaterial or that his financial interest is insubstantial, the judge is no longer disqualified, and may participate in the proceeding. The agreement, signed by all parties and lawyers, shall be incorporated in the record of the proceeding.

COMMENTARY

This procedure is designed to minimize the chance that a party or lawyer will feel coerced into an agreement. When a party is not immediately available, the judge without violating this section may proceed on the written assurance of the lawyer that his party's consent will be subsequently filed.

CANON 4

A Judge May Engage in Activities to Improve the Law, the Legal System, and the Administration of Justice

A judge, subject to the proper performance of his judicial duties, may engage in the following quasi-judicial activities, if in doing so he does not cast doubt on his capacity to decide impartially any issue that may come before him:

A. He may speak, write, lecture, teach, and participate in other activities concerning the law, the legal system, and the administration of justice.

B. He may appear at a public hearing before an executive or legislative body or official on matters concerning the law, the legal system, and the administration of justice, and he may otherwise consult with an executive or legislative body or official, but only on matters concerning the administration of justice.

C. He may serve as a member, officer, or director of an organization or governmental agency devoted to the improvement of the law, the legal system, or the administration of justice. He may assist such an organization in raising funds and may participate in their management and investment, but should not personally participate in public fund raising activities. He may make recommendations to public and private fund-granting agencies on projects and programs concerning the law, the legal system, and the administration of justice.

COMMENTARY

As a judicial officer and person specially learned in the law, a judge is in a unique position to contribute to the improvement of the law, the legal system, and the administration of justice, including revision of substantive and procedural law and improvement of criminal and juvenile justice. To the extent that his time permits, he is encouraged to do so, either independently or through a bar association, judicial conference, or other organization dedicated to the improvement of the law.

Extra-judicial activities are governed by Canon 5.

CANON 5

A Judge Should Regulate his Extra-Judicial Actitivies to Minimize the Risk of Conflict with his Judicial Duties

A. Avocational Activities.

A judge may write, lecture, teach, and speak on nonlegal subjects, and engage in the arts, sports, and other social and recreational activities, if such avocational activities do not detract from the dignity of his office or interfere with the performance of his judicial duties.

COMMENTARY

Complete separation of a judge from extra-judicial activities is neither possible nor wise; he should not become isolated from the society in which he lives.

B. Civic and Charitable Activities.

A judge may participate in civic and charitable activities that do not reflect adversely upon his impartiality or interfere with the performance of his judicial duties. A judge may serve as an officer, director, trustee, or nonlegal advisor of an educational, religious, charitable, fraternal, or civic organization not conducted for the economic or political advantage of its members, subject to the following limitations:

(1) A judge should not serve if it is likely that the organization will be engaged in proceedings that would ordinarily come before him or will be regularly engaged in adversary proceedings in any court.

COMMENTARY

The changing nature of some organizations and of their relationship to the law makes it necessary for a judge regularly to reexamine the activities of each organization with which he is affiliated to determine if it is proper for him to continue his relationship with it. For example, in many jurisdictions charitable hospitals are now more frequently in court than in the past. Similarly, the boards of some legal aid organizations now make policy decisions that may have political significance or imply commitment to causes that may come before the courts for adjudication.

(2) A judge should not solicit funds for any educational, religious, charitable, fraternal, or civic organization, or use or permit the use of the prestige of his office for that purpose, but he may be listed as an officer, director, or trustee of such an organization. He should not be a speaker or the guest of honor at an organization's fund raising events, but he may attend such events.

(3) A judge should not give investment advice to such an organization, but he may serve on its board of directors or trustees even though it has the responsibility for approving investment decisions.

COMMENTARY

A judge's participation in an organization devoted to quasi-judicial activities is governed by Canon 4.

C. Financial Activities.

(1) A judge should refrain from financial and business dealings that tend to reflect adversely on his impartiality, interfere with the proper performance of his judicial duties, exploit his judicial position, or involve him in frequent transactions with lawyers or persons likely to come before the court on which he serves.

(2) Subject to the requirements of subsection (1), a judge may hold and manage investments, including real estate, and engage in other remunerative activity, but should not serve as an officer, director, manager, advisor, or employee of any business.

COMMENTARY

The effective date of compliance provision of this Code qualifies this subsection with regard

to a judge engaged in a family business at the time this Code becomes effective.

(3) A judge should manage his investments and other financial interests to minimize the number of cases in which he is disqualified. As soon as he can do so without serious financial detriment, he should divest himself of investments and other financial interests that might require frequent disqualification.

(4) Neither a judge nor a member of his family residing in his household should accept a gift, bequest, favor, or loan from anyone except as follows:

(a) a judge may accept a gift incident to a public testimonial to him; books supplied by publishers on a complimentary basis for official use; or an invitation to the judge and his spouse to attend a bar-related function or activity devoted to the improvement of the law, the legal system, or the administration of justice;

(b) a judge or a member of his family residing in his household may accept ordinary social hospitality; a gift, bequest, favor, or loan from a relative; a wedding or engagement gift; a loan from a lending institution in its regular course of business on the same terms generally available to persons who are not judges; or a scholarship or fellowship awarded on the same terms applied to other applicants;

(c) a judge or a member of his family residing in his household may accept any other gift, bequest, favor, or loan only if the donor is a relative or is not a party or other person whose interests have recently come or may likely come before him, in the immediate future, and, if its value exceeds $100, the judge reports it in the same manner as he reports compensation in Canon 6C.

COMMENTARY

This subsection does not apply to contributions to a judge's campaign for judicial office, a matter governed by Canon 7.

(5) For the purposes of this section "member of his family residing in his household" means any relative of a judge by blood or marriage, or a person treated by a judge as a member of his family, who resides in his household.

(6) A judge is not required by this Code to disclose his income, debts, or investments, except as provided in this Canon and Canons 3 and 6.

COMMENTARY

Canon 3 requires a judge to disqualify himself in any proceeding in which he has a financial interest, however small; Canon 5 requires a judge to refrain from engaging in business and from financial activities that might interfere with the impartial performance of his judicial duties; Canon 6 requires him to report all compensation he receives for activities outside his judicial office. A judge has the rights of an ordinary citizen, including the right to privacy of his financial affairs, except to the extent that limitations thereon are required to safeguard the proper performance of his duties. Owning and receiving income from investments do not as such affect the performance of a judge's duties.

(7) Information acquired by a judge in his judicial capacity should not be used or disclosed by him in financial dealings or for any other purpose not related to his judicial duties.

D. Fiduciary Activities.

A judge should not serve as the executor, administrator, trustee, guardian, or other fiduciary, except for the estate, trust, or person of a member of his family, and then only if such service will not interfere with the proper performance of his judicial duties. "Member of his family" includes a spouse, child, grandchild, parent, grandparent, or other relative or person with whom the judge maintains a close familial relationship. As a family fiduciary a judge is subject to the following restrictions:

(1) He should not serve if it is likely that as a fiduciary he will be engaged in proceedings that would ordinarily come before him, or if the estate, trust, or ward becomes involved in adversary proceedings in the court on which he serves or one under its appellate jurisdiction.

COMMENTARY

The effective date of compliance provision of this Code qualifies this subsection with regard to a judge who is an executor, administrator, trustee, or other fiduciary at the time this Code becomes effective.

(2) While acting as a fiduciary a judge is subject to the same restrictions on financial activities that apply to him in his personal capacity.

COMMENTARY

A judge's obligation under this Canon and his obligation as a fiduciary may come into conflict. For example, a judge should resign as trustee if it would result in detriment to the trust to divest it of holdings whose retention would place the judge in violation of Canon 5C(3).

E. Arbitration.

A judge should not act as an arbitrator or mediator.

F. Practice of Law.

A judge should not practice law.

G. Extra-Judicial Appointments.

A judge should not accept appointment to a governmental committee, commission, or other position that is concerned with issues of fact or policy on matters other than the improvement of the law, the legal system, or the administration of justice. A judge, however, may represent his country, state, or locality on ceremonial occasions or in connection with historical, educational, or cultural activities.

COMMENTARY

Valuable services have been rendered in the past to the states and the nation by judges appointed by the executive to undertake important extra-judicial assignments. The appropriateness of conferring these assignments on judges must be reassessed, however, in light of the demands on judicial manpower created by today's crowded dockets and the need to protect the courts from involvement in extra-judicial matters that may prove to be controversial. Judges should not be expected or permitted to accept governmental appointments that could interfere with the effectiveness and independence of the judiciary.

CANON 6

A Judge Should Regularly File Public Reports of Compensation for Personal Services Received for Quasi-Judicial and Extra-Judicial Activities. In Addition, a Judge Shall File an Annual Financial Report With The Judicial Qualifications Commission

A. A judge may receive compensation and reimbursement of expenses for the quasi-judicial and extra-judicial activities permitted by this Code, if the source of such payments does not give the appearance of influencing the judge in his judicial duties or otherwise give the appearance of impropriety, subject to the following restrictions:

1. Compensation. Compensation should not exceed a reasonable amount nor should it exceed what a person who is not a judge would receive for the same activity.

2. Expense Reimbursement. Expense reimbursement should be limited to the actual cost of travel, food, and lodging reasonably incurred by the judge and, where appropriate to the occasion, by his spouse. Any payment in excess of such an amount is compensation.

3. Public Report. A judge should report the date, place, and nature of any activity for which he received compensation, and the name of the payor and the amount of compensation so received. Compensation or income of a spouse attributed to the judge by operation of a community property law is not extra-judicial compensation to the judge. His report should be made at least annually. Reports of justices of the Supreme Court and judges of the district courts of appeal should be filed as a public document in the office of the clerk of their respective courts. Reports of all other judges should be filed as a public document in the office of the clerk of the circuit court of the counties in which they reside.

B. A judge shall file with the Judicial Qualifications Commission of this state on or before 10 days after filing his federal income tax return for the year 1971 and during the same time in each year thereafter, a financial report consisting of the following documents:

1. a true copy of the most recent federal income tax return filed by him;

2. a verified statement on forms to be approved by the commission of the assets and liabilities[1] owned, held, or incurred by him at any time during the preceding year as well as a statement of the source and amount of all income including gifts[2] and bequests, received by him during the preceding year;

3. a verified list of the names of the corporations and other businesses in which he has a financial interest.

The copy of income tax return and verified financial statement called for in subparagraphs 1 and 2 above shall be transmitted in a sealed envelope, placed by the commission in safekeeping, and shall be opened only pursuant to a majority vote of the commission duly assembled.

[1]Excluding any individual trade account which does not exceed $200 in any month, such as sums owed monthly on oil company credit cards, department store charges, utility bills, etc.

[2]Excluding gifts received from a judge's immediate family and all campaign gifts which are reportable under Chapter 99, Florida Statutes.

The list of corporations and businesses in which the judge has a financial interest called for in subparagraph 3 above shall be transmitted in a separate sealed envelope, placed by the commission in safekeeping, and shall not be opened or the contents thereof disclosed except in the manner hereinafter provided for the opening and examination of the documents called for in subparagraphs 1 and 2 above, or as hereinafter provided.

At any time during or after the pendency of a cause, any party may request information as to whether the most recent list filed by the judge or judges before whom the cause is or was pending contains the name of any specific person or corporation or other business which is a party to the cause or which has a substantial, direct, or indirect financial interest in its outcome. Neither the making of the request nor the contents thereof shall be revealed by the chairman to any judge or other person except at the instance of the individual making the request. If the request meets the requirements hereinabove set forth, the chairman shall render a prompt answer thereto and thereupon return the report to safekeeping for retention in accordance with the provisions hereinabove stated. All such requests shall be verified and transmitted to the chairman of the commission on forms to be approved by it.

CANON 7

A Judge Should Refrain from Political Activity Inappropriate to his Judicial Office

A. Political Conduct in General.

(1) A judge or a candidate for election to judicial office should not:

(a) act as a leader or hold any office in a political organization;

(b) make speeches for a political organization or candidate or publicly endorse a candidate for public office;

COMMENTARY

A candidate does not publicly endorse another candidate for public office by having his name on the same ticket. A judge or a candidate for judicial office does not publicly endorse another candidate by attending any political function given on behalf of a candidate for judicial office.

(c) solicit funds for or pay an assessment or make a contribution to a political organization or candidate, or purchase tickets for political party dinners, or other functions, except as authorized in subsection A(2).

(2) A judge holding an office filled by public election between competing candidates, or a candidate for such office, may, only insofar as permitted by law, attend political gatherings, speak to such gatherings on his own behalf when he is a candidate for election or re-election.

(3) A judge should resign his office when he becomes a candidate either in a party primary or in a general election for a nonjudicial office, except that he may continue to hold his judicial office while being a candidate for election to or serving as a delegate in a state constitutional convention, if he is otherwise permitted by law to do so.

(4) A judge should not engage in any other political activity except on behalf of measures to improve the law, the legal system, or the administration of justice.

B. Campaign Conduct.

(1) A candidate, including an incumbent judge, for a judicial office that is filled either by public election between competing candidates or on the basis of a merit system election:

(a) should maintain the dignity appropriate to judicial office, and should encourage members of his family to adhere to the same standards of political conduct that apply to him;

(b) should prohibit public officials or employees subject to his direction or control from doing for him what he is prohibited from doing under this canon; and except to the extent authorized under subsection B(2) or B(3), he should not allow any other person to do for him what he is prohibited from doing under this canon;

(c) should not make pledges or promises of conduct in office other than the faithful and impartial performance of the duties of the office; announce his views on disputed legal or political issues; or misrepresent his identity, qualifications, present position, or other fact.

(2) A candidate, including an incumbent judge, for a judicial office that is filled by public election between competing candidates should not himself solicit campaign funds, or solicit attorneys for publicly stated support, but he may establish committees of responsible persons to secure and manage the expenditure of funds for his campaign and to obtain public statements of

support for his candidacy. Such committees are not prohibited from soliciting campaign contributions and public support from any person or corporation authorized by law. A candidate's committees may solicit funds for his campaign only within the time limitation provided by law. A candidate should not use or permit the use of campaign contributions for the private benefit of himself or members of his family.

(3) An incumbent judge who is a candidate for retention in or re-election to office without a competing candidate, and whose candidacy has drawn active opposition, may campaign in response thereto and may obtain publicly stated support and campaign funds in the manner provided in subsection B(2)

COMPLIANCE WITH THE CODE OF JUDICIAL CONDUCT

Anyone, whether or not a lawyer, who is an officer of a judicial system performing judicial functions, including an officer such as a referee in bankruptcy, special master, court commissioner, or magistrate, is a judge for the purpose of this Code. All judges should comply with this Code except as provided below.

A. Part-time Judge. A part-time judge is a judge who serves on a continuing or periodic basis, but is permitted by law to devote time to some other profession or occupation and whose compensation for that reason is less than that of a full-time judge. A part-time judge:

(1) is not required to comply with Canon 5C(2), D, E, F, and G, and Canon 6A(3);

(2) should not practice law in the court on which he serves or in any court subject to the appellate jurisdiction of the court on which he serves, or act as a lawyer in a proceeding in which he has served as a judge or in any other proceeding related thereto.

B. Judge Pro Tempore. A judge *pro tempore* is a person who is appointed to act temporarily as a judge.

(1) While acting as such, a judge *pro tempore* is not required to comply with Canon 5C(2), (3), D, E, F, and G, and Canon 6A(3).

(2) A person who has been a judge *pro tempore* should not act as a lawyer in a proceeding in which he has served as a judge or in any other proceeding related thereto.

C. Retired Judge. A retired judge who receives the same compensation as a full-time judge on the court from which he retired and is eligible for recall to judicial service should comply with all the provisions of this Code except Canons 5D, G, and 6, but he should refrain from judicial service during the period of an extra-judicial appointment not sanctioned by Canon 5G. All other retired judges eligible for recall to judicial service should comply with the provisions of this Code governing part-time judges.

If a retired justice or judge shall file with the Clerk of the Supreme Court a statement that he does not desire to be assigned to judicial service, such justice or judge who is a member of The Florida Bar may engage in the practice of law and still be entitled to receive his retirement compensation. He shall then be entitled to all the rights of an attorney-at-law and no longer be subject to this Code.

EFFECTIVE DATE OF COMPLIANCE

A person to whom this Code becomes applicable should arrange his affairs as soon as reasonably possible to comply with it. If, however, the demands on his time and the possibility of conflicts of interest are not substantial, a person who holds judicial office on the date this Code becomes effective may:

(a) continue to act as an officer, director, or nonlegal advisor of a family business;

(b) continue to act as an executor, administrator, trustee, or other fiduciary for the estate or person of one who is not a member of his family.

Because of financial hardships and the difficulties and confusion that would ensue from the precipitate termination or surrender by certain incumbent judges of existing business investments or corporate or partnership or executor of estate relationships involving both current income and prospective retirement income, incumbent judges on the effective date of the Code shall have a period of two years from and after such effective date to bring themselves in strict compliance with Canon 5.

DOESN'T HURT A BIT! Smiling young citizen gets his blood pressure checked by Heart Association volunteer in Marin County, California. More than 23 million Americans have high blood pressure, which greatly increases the risk of stroke, heart attack and kidney failure. A "silent" disease that has no special symptoms, high blood pressure is easily detected and usually controllable, according to the American Heart Association. Untreated, high blood pressure will contribute to more than 500,000 deaths in 1975.

Ethics. Where have they gone?

Ethics, says the dictionary, is "the science of human duty; moral science."

In today's world, so complicated with gadgetry and machines that we often lose sight of others and of our own best selves, it isn't always easy to keep "human duty" in mind.

As life gets more complicated, men lose their sense of identity, value and purpose. Life, in a sense, becomes "cheap" and "unimportant." And with that, it becomes ever easier to take the easy way, to ignore the principles of right—and our human duty to others.

The one place where human values are kept in proper focus is where you worship. Nowhere is the individual more valued. *And if you care*, the place where you worship can become, with your help, a rallying point for lifting all the deteriorating values you see around you. Worship this week —and put your faith to work *all* week.

Worship this week

LEGISLATIVE POLICY OF THE FLORIDA BAR

I. *General Policy*

A. The legislative policy of The Florida Bar will control the relationship of The Florida Bar to the Florida Legislature in all matters relating to both initiating legislation and to consulting and advising the Legislature on matters pending before it.

B. The Florida Bar shall sponsor only such legislation as in the judgment of the Board of Governors, or of the Executive Committee, as hereinafter set forth, is important to the legal profession or the administration of justice or is of great public interest.

C. The Board of Governors may approve other legislation, but introduction and passage of all such legislation shall be the responsibility of the recommending section or committee with such technical advice and assistance as the Board of Governors shall determine that the Bar is able to provide in that budget year. Such legislation shall be referred to as section or committee legislation.

D. *The Legislative Committee*

(1) Appointments—The president of the Bar shall appoint a Legislative Committee composed of not more than seven members, at least three of whom shall be active members of the Board of Governors. Persons with bill drafting background shall be sought. This committee shall meet as necessary to consider the recommendations of the sections and committees and such other matters as shall be referred to it.

(2) *Authority of the Chairman of the Legislative Committee*

The chairman of the Legislative Committee of The Florida Bar shall have authority, during sessions of the Florida Legislature, to consent and agree to such changes and amendments to the legislative proposals approved by The Florida Bar as he may deem necessary in order to assure the passage of those proposals by the Legislature, provided that such changes shall preserve the substance and purpose of the proposals as revealed in the bill and accompanying explanatory statements; and provided further that in all cases to the extent feasible under the circumstances he shall have first secured with respect to such changes and amendments the concurrence of the Executive Committee. The executive director, on the recommendation of the chairman of the Legislative Committee, and approved by the Executive Committee, has authority to approve expenditures of budgeted Bar funds for the hiring of legislative counsel when required for the legislative program of the Bar.

E. *Authority of the Executive Committee*

(1) The Executive Committee of the Board of Governors is authorized to determine emergency policy matters affecting the legislative program of the Bar including the priority of proposals to be sponsored by The Florida Bar at sessions of the Florida Legislature consistent with any policies with regard thereto that may be adopted by the Board of Governors or the general membership at the annual convention.

(2) The Executive Committee may on behalf of The Florida Bar authorize opposition, modification or amendment of proposed legislation or constitutional amendment during sessions of the Florida Legislature as the Executive Committee may deem in conflict with the policies of The Florida Bar and with the public interest, the welfare of the judicial and legal profession of Florida, or the administration of justice in the State of Florida.

II. *Initiating Legislation*

A. The president of The Florida Bar at or prior to the beginning of his term will advise all committee and section chairmen of the legislative policy and the legislative procedure of The Florida Bar and furnish each with a copy of this procedure.

B. The chairman will be advised of the responsibilities of each committee and section for its proposed legislation. These responsibilities do not cease when the Board of Governors agrees to sponsor or approve a proposed measure but it is the continuing duty of the members of the proposing committee to seek the affirmative vote of the members of the legislature in their respective judicial circuits and to appear when called on as witnesses to explain to the Board of Governors or to the appropriate legislative committee the nature of the measure or measures involved.

C. A committee or section shall be responsible for drafting each proposed measure to meet the requirements of the Constitution and statutes of this state and applicable rules of the legislature.

D. That each proposed measure shall be accompanied by a separate, concise, clear statement (the covering letter will not do) setting forth the need for and purpose of the proposed measure and the evil sought to be remedied and copies of existing statutes where necessary.

E. The committee or section proposing legislation shall clear it with other interested parties. This clearance should be reflected in the report of the bill to the Board of Governors.

F. All bills shall be typed in final form on bill form paper.

G. *Procedure for Handling Legislation*

(1) As soon as possible after proposed legislation is received, the executive director shall submit to each member of the Legislative Committee a copy of each measure proposed.

(2) The Legislative Committee shall first determine whether or not each such measure is within the legislative policy of The Florida Bar. In discharging its duties the Legislative Committee has the authority to hold hearings on proposed legislation to be attended by the chairman, or his designate, of the originating committee or section to explain and discuss any proposed measure with the Legislative Committee.

(3) Legislative Committee minutes and all bills will be forwarded to the Board of Governors and the committees and sections will be notified of the committee's recommendations.

(4) The Legislative Committee has authority in the event it finds the measure defective for any reason to either correct the measure itself or return it to the originating committee or section for correction with the understanding that if it is so returned the measure will not be submitted to the Board of Governors with the recommendations of the Legislative Committee until the matter has been corrected and put in acceptable form to the Legislative Committee.

(5) After consideration of the proposed legislation the Legislative Committee shall advise the Board of Governors whether or not such measure is within the legislative policy of The Florida Bar and shall recommend to the Board as to each such measure whether or not The Florida Bar should sponsor, approve or disapprove such measure.

(6) The Board of Governors will consider the report of the Legislative Committee at the first meeting at which that report can be scheduled for consideration. The Board will determine as to each separate proposed measure whether or not it will sponsor, approve or disapprove the same. The Board can, if it so determines, send a measure back to its originating committee or section, to a different standing committee or to a special committee for further study or correction and report to the Legislative Committee, the Board or the Executive Committee.

(7) The chairman of the Legislative Committee or his designee shall attend the legislative sessions of the Board of Governors and thereafter shall report the action of the Board to the Legislative Committee.

III. *Advice and Consultation with Legislature*

No section or committee shall advise or counsel without approval of the Board of Governors. The procedure for obtaining such approval is the same as applies to other legislative matters.

This is not intended to preclude lawyers as individuals from representing personal views.

STATEWIDE LRS

Have you considered membership in The Florida Bar Statewide Lawyer Referral Service? Panel membership is still open to those lawyers in an area not currently being served by a local bar lawyer referral service.

The LRS will maintain an In-WATS line in Tallahassee to take calls from Floridians who wish legal assistance. The service will refer those callers to panel members on a rotation basis.

Cost to the caller is $10, which is paid to the attorney who accepts the referral. For this $10 the potential client will receive up to one-half hour consultation.

The referral panel annual membership fee for the first year will be just $25; second year, only $15; and from the third year on, only $10 per year. In addition, the attorney-panel member will contribute 10% of any referral fee over $25 to help maintain the nonprofit LRS.

FLORIDA REALTOR-ATTORNEY ACCORD

PREAMBLE

Whereas, the Florida Association of Realtors and The Florida Bar believe it to be in the public interest to promulgate and publish a Statement of Principles touching upon the respective roles of Realtors and other registered real estate brokers and attorneys in real estate transactions:

ARTICLE I
THE REALTOR

1. It is the function of the Realtor or other registered real estate broker to find, if employed to do so on behalf of one of the parties to the transaction, another party prepared to enter into a real estate transaction involving the sale of a given parcel of real estate, and to bring the parties together for the purpose of entering into an agreement in connection therewith. In accomplishing this, the Realtor or other registered real estate broker may complete a simple printed form document which is a preliminary or earnest-money contract, hereinafter called the "Contract," involving the sale of real property, where such a printed form is customarily in use in the community where he does business, by filling in only factual and business details in blanks provided therefor. Such contract shall contain language, prominently displayed, as follows: "this document is intended to be a legally binding contract," or words to like effect. Where a particular form contract has been approved jointly by a local bar association and Realtors association, the Realtor or other registered real estate broker should encourage its use as distinguished from other available forms. Realtors or other registered real estate brokers should discourage the use of a printed form contract which may have been disapproved by such associations. The Realtor or other registered real estate broker may not prepare or complete any document necessary to carry out or implement the contract.

2. Where it appears prior to the execution of the contract that there are unusual matters involved in the transaction which should be resolved before a contract is executed, the Realtor or other registered real estate broker should advise the parties that each should consult an attorney of his choice before such contract is executed.

3. The Realtor or other registered real estate broker may not give advice on any matter of law, directly or indirectly, including but not limited to the manner in which a purchaser should take title, but he should recommend that both the seller and the buyer consult their respective attorneys as to all legal questions as well as for the preparation of those documents which may be necessary to implement and carry out the contract.

4. Where either the seller or the buyer desires to see an attorney prior to the execution of the contract, the Realtor or other registered real estate broker shall not attempt to dissuade such party from legal consultation.

5. The Realtor or other registered real estate broker should not minimize the value of the attorney's services.

6. The Realtor or other registered real estate broker may not directly or indirectly employ an attorney or pay for the services of an attorney, to represent either the buyer or the seller.

7. The Realtor or other registered real estate broker may refer a buyer or seller to an attorney if he is asked to do so by such buyer or seller, but in such case the Realtor or other registered real estate broker should, wherever feasible, supply the party the names of not less than three attorneys who are qualified to perform the legal services involved, without volunteering any preference as to any one of the three.

8. The Realtor or other registered real estate broker should advise the parties that the contract is intended to be binding on them.

ARTICLE II
THE ATTORNEY

1. It is the function of attorneys to prepare a complex contract of purchase and sale, or complete the contract herein described if employed to do so, and to give all legal advice required by their respective clients in a real estate transaction and to prepare all the documents necessary to carry out and implement the contract. A complex contract is defined as a contract requiring information additional to that which may be inserted in the simple printed form contract.

2. The attorney who is consulted by either the buyer or the seller shall use his best efforts to proceed diligently to the conclusion of the transaction, and if his workload does not permit a prompt conclusion of the same, he should so advise at the time of employment.

3. The attorney should not minimize the value of the Realtor or other registered real estate broker's services.

4. The attorney in rendering professional services should not express an opinion discouraging the consummation of a real estate transaction other than in the interest of, or for the protection of, his client.

5. It is the responsibility of the attorney to prepare documents for a buyer or seller, which documents the Realtor or other registered real estate broker is not himself authorized to prepare. Nothing herein contained shall be construed to prohibit or prevent the attorney from completing the simple printed form contract which the Realtor or other registered real estate broker is permitted to complete.

ARTICLE III
PERMANENT ORGANIZATION

1. There is hereby created a continuing organization which shall be designated the "Florida Realtor-Attorney Joint Committee," which shall be constituted and have the functions as hereinafter in this article set forth.

2. There shall be eighteen (18) members of this committee, nine (9) from the Florida Association of Realtors and nine (9) from The Florida Bar, who shall be designated by each of the said associations in such manner as to it seems desirable, provided, however, that one of the members designated by the Florida Association of Realtors shall be the chairman of the Realtor-Lawyer Committee, and one of the members designated by The Florida Bar shall be chairman of its Committee on Attorney-Realtor Liaison, and each association shall select the remaining eight (8) members by designating two (2) from each of the four appellate districts of Florida, and with no county to have more than one designee by each of the associations to the Joint Committee. Designations shall be made and communicated to the joint committee no later than December 15 of each year. Four of the initial appointments by each association, one from each of the appellate districts, shall be for a term extending to December 15 of 1973, and the remaining initial appointments derived from the appellate districts shall be for a term extending to December 15 of 1974. Following the initial appointments, all appointments derived from the appellate districts shall be for a term of two years. The member designated by the Florida Association of Realtors by virtue of his chairmanship of the Realtor-Lawyer Committee, and the member designated by The Florida Bar by virtue of his chairmanship of the Attorney-Realtor Liaison Committee, shall serve during the term of their respective chairmanships. Any appointee shall be subject to removal by the joint committee for failure to attend and participate in the meetings and activities thereof, in accord with the rules and regulations which may from time to time be adopted by the joint committee for its proper functioning. Vacancies on the committee may be filled for the unexpired term by the association which originally appointed the member for whom such vacancy exists.

3. The committee shall:

(a) At all times act in the interest of the public.

(b) Promote and encourage cordial relations between Realtors or other registered real estate brokers and attorneys.

(c) Cooperate with local Joint Attorney-Realtor Committees as may be requested by them, in the dissemination to Realtors or other registered real estate brokers and attorneys of information on the conduct of real estate transactions, and the function of Realtors or other registered real estate brokers and attorneys in connection therewith.

(d) Adopt such rules and regulations as the committee shall see fit to insure the proper and regular conduct of its business, the designation of its business, the designation of its chairman, vice chairman, secretary, treasurer, and such other officers as may from time to time be designated, and to designate such subcommittees as may be necessary or appropriate to fulfill its duties and functions hereunder.

(e) Plan, organize and present broker-attorney educational seminars, programs and meetings upon request of the parent bodies or local committees, and cooperate with local Realtor-Attorney Committees in the planning, organization and presentation of such educational seminars, programs and meetings, where feasible, upon reasonable request.

(f) Encourage and assist in the creation of Joint Realtor-Attorney Committees and the adoption of realtor-attorney accords by local Realtor and bar associations.

(g) Consider and recommend to the Florida Association of Realtors and The Florida Bar from time to time, amendments, modifications or revisions to this joint accord, provided, however, no such amendment, modification or revision shall be effective until approved by both associations.

ARTICLE
APPROVAL AND DISSEMINATION

This accord shall be in full force and effect on the date it is approved by the two (2) participating associations in accordance with their respective procedures.

Each of the associations will use its best efforts to advise its members of this accord and jointly to advise other registered real estate brokers and the general public.

Articles I and II of this joint accord may be adopted by reference by any local bar association and Realtor organization desirous of entering into a joint accord.

The foregoing joint accord has been approved by, and is executed on behalf of, the Florida Association of Realtors and The Florida Bar on this 2nd day of November, 1973.

The book that turns businessmen into best sellers.

Many who've read it are now reaping the rewards. Because they've found that U.S. exports are a $95 billion a year business, that exporting creates both company profits and company growth, that U.S. goods have never been more competitive in international markets. Above all, they've found that, with the help available from the U.S. Commerce Department, selling overseas is no more difficult than selling at home. And this fact-filled book can prove the same to you. Write Frederick B. Dent, Secretary of Commerce, U.S. Department of Commerce, BIC 1B, Washington, D.C. 20230

Who bailed out the Navy in 1798?

We were still paying off the Revolutionary War. Then we were faced with yet another war, this time on the seas.

How could we afford to build up our Navy?

Well, Congress called for help through the issuance of government securities. And the citizens came through to the tune of $711,700. Enough to make the down payment on 10 new ships.

Their investment paid off. And you can follow their example today.

When you buy U. S. Savings Bonds at your bank or through the Payroll Savings Plan at work, you're investing in your country.

And as if that weren't enough, you're helping yourself to a safe and generous return.

What better way to stay afloat?

Series E Bonds pay 6% interest when held to maturity of 5 years (4½% the first year). Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

HOW TO MAKE MONEY PRACTICING LAW
by Volney F. Morin

A book first published in 1966, but the new Fifth Edition is as up-to-date as a new hairstyle. The price of $12.95 seems high, but every other page contains a nugget as to how to increase earnings from a law practice. The book is high readable, practical, and is a great refresher course, from Ivar Publications, P.O. Box 1855, Los Angeles, California 90028.

The author's main thrust—to have a zero accounts receivable balance by the use of deposit fees—is intriguing.

This method may not work in all situations, but any progress would result in a higher collection ratio for fees charged. The author points out that equipment for a modern secretary station will probably cost from $10,000 to $20,000, and payments must be met. He clearly explains practical methods of securing legal business and, more important, how to keep clients after original engagement.

The sections on public relations cover involvement with client, staff and other attorneys. These sections should be read and re-read by every lawyer in public or private practice. Morin's statements are a unique blend of psychological principles and personal experience.

The author has some tried and proven methods. The book will make you stop and re-examine your own methods of operation and unless you are a successful genius, you will find some ideas to adapt into your own system. The cost of the book can be earned from better relations with your next client.

How To Live—And Die—With Florida Probate

Written exclusively for Florida and its extremely complicated and little understood probate laws, this book shows many ways Floridians can avoid the maze of trouble, taxes, wasted time, and money often associated with probate laws. Prepared for the layman by the Hillsborough County (Florida) Bar Association, it gives practical, easy-to-read advice. 166 pages. **$6.95**
